Navajo Textiles Of Postcards:

Navajo Textiles South West Museum Staff,1996-09 Navajo Textiles, Southwest Museum ,1996 *Navajo Textiles* Heard Museum,2008 **Navajo Textiles** Nancy J. Blomberg,1994-07-01 William Randolph Hearst's collection of Navajo textiles is one of the most complete gatherings of nineteenth century Navajo weaving in the world. Comprising dozens of Classic Period serapes, chief blankets, Germantown eyedazzlers and turn of the century rugs, the 185 piece collection was donated to the Los Angeles County Museum of Natural History in 1942 but for the next forty years was known only to a handful of scholars. Hearst began acquiring textiles from the Fred Harvey Company after viewing an exhibit of Indian artifacts. Over four decades he amassed a collection spanning more than a century of Navajo weaving and including nearly every major type produced from 1800 to 1920. Hearst's passion for American Indian artifacts was so strong that he had originally visualized his now famous castle in San Simeon as a showplace for his Navajo textile collection. At a time when the Harvey Company was itself influencing the development of Indian handcrafts by opening up the tourist market, Hearst contributed to this influence by expressing his own artistic preference for rare and unusual pieces. This catalogue raisonné featuring nearly 200 illustrations provides the general public with the first look at this important collection. Nancy Blomberg's narrative introduces the reader to the history of Navajo weaving and documents Hearst's role in its development. The heart of the book provides a detailed analysis of each textile: fibers, yarn types, dyes, and designs. *Navajo Textiles* thus constitutes an invaluable reference for scholars and collectors and will be enjoyed by anyone who appreciates these beautiful creations from the Navajo loom. *Navajo Textiles* Laurie D. Webster, Louise Stiver, D. Y. Begay, Lynda Teller Pete, 2017-08-15 *Navajo Textiles* provides a nuanced account of the Navajo weavings in the Crane Collection at the Denver Museum of Nature Science, one of the largest collections of Navajo textiles in the world. Bringing together the work of anthropologists and indigenous artists, the book explores the Navajo rug trade in the mid nineteenth century and changes in the Navajo textile market while highlighting the museum's important though still relatively unknown collection of Navajo textiles. In this unique collaboration among anthropologists, museums, and Navajo weavers, the authors provide a narrative of the acquisition of the Crane Collection and a history of Navajo weaving. Personal reflections and insights from foremost Navajo weavers D. Y. Begay and Lynda Teller Pete are also featured, and more than one hundred stunning full color photographs of the textiles in the collection are accompanied by technical information about the materials and techniques used in their creation. An introduction by Ann Lane Hedlund documents the growing collaboration between Navajo weavers and museums in Navajo textile research. The legacy of Navajo weaving is complex and intertwined with the history of the Diné themselves. *Navajo Textiles* makes the history and practice of Navajo weaving accessible to an audience of scholars and laypeople both within and outside the Diné community. **Navajo Weavers of the American Southwest** Peter Hiller, Ann Lane Hedlund, Ramona Sakiestewa, 2018-10-08 From the mid 17th century to the present day, herding sheep, carding wool, spinning yarn, dyeing with

native plants and weaving on iconic upright looms have all been steps in the intricate process of Navajo blanket and rug making in the American Southwest Beginning in the late 1800s amateur and professional photographers documented the Din Navajo weavers and their artwork and the images they captured tell the stories of the artists their homes and the materials techniques and designs they used Many postcards illustrate popular interest surrounding weaving as an indigenous art form even as economic social and political realities influenced the craft These historical pictures illuminate perceived traditional weaving practices The authors accompanying narratives deepen the perspective and relate imagery to modern life

The Diné Hogan Lillian Makeda, 2024-06-28 Over the course of their history the Navajo Din have constructed many types of architecture but during the 20th century one building emerged to become a powerful and inspiring symbol of tribal culture This book describes the rise of the octagonal stacked log hogan as the most important architectural form among the Din The Navajo Nation is the largest Indian reservation in the United States and encompasses territory from within Arizona New Mexico and Utah where thousands of Native American homes called hogans dot the landscape Almost all of these buildings are octagonal Whether built from plywood nailed onto a wood frame or with other kinds of timber construction octagonal hogans derive from the stacked log hogan a form which came to prominence around the middle of the last century The stacked log hogan has also influenced public architecture and virtually every Din community on the reservation has a school senior center office building or community center that intentionally evokes it Although the octagon recurs as a theme across the Navajo reservation the inventiveness of vernacular builders and professional architects alike has produced a wide range of octagonally inspired architecture Previous publications about Navajo material culture have emphasized weaving and metalwork overlooking the importance of the tribe s built environment But populated by an array of octagonal public buildings and by the hogan one of the few Indigenous dwellings still in use during the 21st century the Navajo Nation maintains a deep connection with tradition This book describes how the hogan has remained at the center of Din society and become the basis for the most distinctive Native American landscape in the United States The Din Hogan A Modern History will appeal to scholarly and educated readers interested in Native American history and American architecture It is also well suited to a broad selection of college courses in American studies cultural geography Native American art and Native American architecture

Disruptive Voices and the Singularity of Histories Regna Darnell, Frederic W. Gleach, 2019-11-01 Histories of Anthropology Annual presents diverse perspectives on the discipline s history within a global context with a goal of increasing awareness and use of historical approaches in teaching learning and conducting anthropology The series includes critical comparative analytical and narrative studies involving all aspects and subfields of anthropology Volume 13 Disruptive Voices and the Singularity of Histories explores the interplay of identities and scholarship through the history of anthropology with a special section examining fieldwork predecessors and indigenous communities in Native North America Individual contributions explore the complexity of women s history indigenous history national traditions and oral histories to juxtapose what we understand of the past with its present continuities These contributions include Sharon Lindenburger s examination of Franz Boas and his navigation with Jewish identity Kathy M Closkey s documentation of Navajo weavers and their struggles with cultural identities and economic

resources and demands and Mindy Morgan's use of the text of Ruth Underhill's Oodham study to capture the voices of three generations of women ethnographers. Because this work bridges anthropology and history, a richer and more varied view of the past emerges through the meticulous narratives of anthropologists and their unique fieldwork, ultimately providing competing points of access to social dynamics. This volume examines events at both macro and micro levels, documenting the impact large-scale historical events have had on particular individuals and challenging the uniqueness of a single interpretation of the same facts. *American Indian Art Magazine*, 2000 *Colorado Heritage*, 1998 Andean Entrepreneurs Lynn A. Meisch, 2013-12-18. Native to a high valley in the Andes of Ecuador, the Otavalos are an indigenous people whose handcrafted textiles and traditional music are now sold in countries around the globe. Known as weavers and merchants since pre-Inca times, Otavalos today live and work in over thirty countries on six continents while hosting more than 145,000 tourists annually at their Saturday market. In this ethnography of the globalization process, Lynn A. Meisch looks at how participation in the global economy has affected Otavalo identity and culture since the 1970s. Drawing on nearly thirty years of fieldwork, she covers many areas of Otavalo life, including the development of weaving and music as business enterprises, the increase in tourism to Otavalo, the diaspora of Otavalo merchants and musicians around the world, changing social relations at home, the growth of indigenous political power, and current debates within the Otavalo community over preserving cultural identity in the face of globalization and transnational migration. Refuting the belief that contact with the wider world inevitably destroys indigenous societies, Meisch demonstrates that Otavalos are preserving many features of their culture while adopting and adapting modern technologies and practices they find useful. *Hidden History of Spanish New Mexico* Ray John de Aragón, 2011-07-21. New Mexico's Spanish legacy has informed the cultural traditions of one of the last states to join the union for more than four hundred years, or before the alluring capital of Santa Fe was founded in 1610. The fame the region gained from artist Georgia O'Keeffe, writers Lew Wallace and D.H. Lawrence, and pistolero Billy the Kid has made New Mexico an international tourist destination. But the Spanish annals also have enriched the Land of Enchantment with the factual stories of a superhero knight, the greatest queen in history, a saintly gent whose coffin periodically rises from the depths of the earth, and a mysterious ancient map. Join author Ray John de Aragón as he reveals hidden treasure full of suspense and intrigue.
