PLURINATIONAL DEMOCRACY

Stateless Nations in a Post-Sovereignty Era

MICHAEL KEATING

Plurinational Democracy Stateless Nations In A Post Sovereignty Era

Michael Keating

Plurinational Democracy Stateless Nations In A Post Sovereignty Era:

Plurinational Democracy Michael Keating, 2008 **European Integration and the Nationalities Question** John McGarry, Michael Keating, 2006-09-27 A highly topical examination of the effect of European integration on relations between states and minority nations This new collection brings together the leading specialists in the field and covers a wide range of cases from Northern Ireland in the West to Estonia and Latvia in the East and Cyprus in the South East The contributors assess how European integration has affected the preparedness of states to accommodate minorities across a range of fundamental criteria including enhanced rights protection autonomy the provision of a voice for minorities in the European and international arena and the promotion of cross border cooperation among communities dissected by state frontiers The comprehensive chapters stress the importance of the nationality question and the fact that contrary to the hopes and beliefs of many on the left and right it is not going to go away Beginning with an introductory essay that summarizes the impact of European integration on the nationalities question this accessible book will be of strong interest to scholars and researchers of politics nationalism ethnic conflict and European studies **Nationalism and Globalisation** Stephen Tierney, 2015-10-08 This book addresses a seemingly paradoxical situation On the one hand nationalism from Scotland to the Ukraine remains a resilient political dynamic fostering secessionist movements below the level of the state On the other the competence and capacity of states and indeed the coherence of nationalism as an ideology are increasingly challenged by patterns of globalisation in commerce cultural communication and constitutional authority beyond the state It is the aim of this book to shed light on the relationship between these two processes addressing why the political currency of nationalism remains strong even when the salience of its objective independent and autonomous statehood becomes ever more attenuated The book takes an interdisciplinary approach both within law and beyond with contributions from international law constitutional law constitutional theory history political science and sociology The challenge for our time is considerable Global networks grow ever more sophisticated while territorial borders such as those in Eastern and Central Europe become seemingly more unstable It is hoped that this book by bringing together areas of scholarship which have not communicated with one another as much as they might will help develop an ongoing dialogue across disciplines with which better to understand these challenging and potentially destabilising developments *Institutional Legacies of Communism* Karl Cordell, Timofey Agarin, Alexander Osipov, 2013-07-03 Twenty years after the demise of communist policy this book evaluates the continuing communist legacies in the current minority protection systems and legislations across a number of states in post communist Europe The fall of communism and the process of democratisation across post communist Europe led to considerable change in minority protection with new systems and national political institutions either developed or copied In general the new institutions reflected the practices and experiences of western European states and were installed upon advice from European security organisations Yet many ideas legislative frameworks policies and practices remained open to

interpretation on the ground With case studies on a diverse set of post communist polities including Slovakia Bosnia Macedonia Ukraine Estonia Croatia the Baltic States and Russia expert contributors consider how the institutional legacies of the communist past impact on policies designed to support minority communities in the new European democracies Providing unique empirical material and comparative analyses of ethnocultural diversity management during and after communism this book will be of interest to students and scholars of international relations European politics political geography post communism ethnic politics nationalism and national identity

Iraqi Federalism and the Kurds Alex Danilovich, 2016-05-06 Iraq today faces a whole gamut of problems associated with post war recovery and state rebuilding compounded by age old mistrust and suspicion The situation in Iraq resembles a huge experiment in which social scientists can observe the consequences of actions taken across an entire country Can Western ideas take root and flourish in non western societies Can constitutionalism take hold and work in a traditional religious and deeply divided society Is Iraqi federalism a solution to the country's severe disunity or a temporary fix *Iraqi Federalism and the Kurds Learning to Live Together* addresses these important questions and focuses on the role of federalism as a viable solution to Iraq's many problems and the efforts the Kurdish government has deployed to adjust to new federal relations that entail not only gains but also concessions and compromises The author's direct experience of living and working within this embattled country allows a unique reflection on the successes and failures of federalism and the positive developments the introduction of federal relationships have brought

Foreign Affairs and the EU Constitution Robert Schütze, 2014-10-16 Foreign affairs are border affairs in a geographical and a constitutional sense They are traditionally subject to distinct constitutional principles for the political questions posed might not be susceptible to legal answers And yet in our globalized world the orthodox distinction between internal and external affairs has lost much of its clarity The contemporary world is an international world a world of collective trade agreements and collective security systems The European Union as a union of States embodies this collective spirit on a regional international scale But what is the relationship between this new European legal order and the old legal order of international law When can the Union act on the international scene and if so how *Foreign Affairs and the EU Constitution* brings together a collection of outstanding essays on external relations written by one of the leading constitutional scholars of the European Union

Political Autonomy and Divided Societies Alain-G Gagnon, Michael Keating, 2012-03-27 An all star cast of academic experts offer an important and timely analysis of the pursuit of autonomy They argue that it is key to move beyond the primarily normative debate about the rights or wrongs of autonomous regions on the basis of cultural concerns instead focusing on understanding what makes autonomy function successfully

Globalisation of Nationalism Liah Greenfeld, 2020-08-01 Organised as an experiment testing the hypothesis that behind the hottest political issues of the quarter century after the Cold War lies globalisation of national consciousness this collection of essays unites authors from the four corners of the world They focus on democratisation and

its failure in Russia transformations of identity in Eastern and Western Europe Africa North and South America and South East Asia the rise of militant and political Islam and the eruption of China onto the world stage The volume makes the argument that globalisation we are witnessing is for the most part the globalisation of competitive and antagonistic nationalism which spreads to areas where it was not known earlier and into the sphere of religion ostensibly indifferent to it Collectively these essays prove that nationalism remains the organising principle of politics inside nations as well as at transnational and international levels

Parliaments and Government Formation Bjørn Erik Rasch, Shane Martin, José Antonio Cheibub, 2015-11-12 Parliaments and Government Formation explores the role of national legislatures in shaping government formation in parliamentary regimes Under parliamentarism the government comes from and remains responsible to the national parliament Yet although legislatures and the politics of government formation are two of the most studied phenomenon in comparative politics relatively little attention has focused on the degree to which parliamentary rules and procedures impact government formation For instance exactly what does come from parliament mean in the context of government formation To answer this question the volume seeks to unpack the parliamentary investiture vote Investiture consists of a vote in parliament to demonstrate that an already formed or about to be formed government has legislative support The volume analyses investiture along six dimensions 1 the number of chambers involved in government formation 2 the exact topic of any investiture vote for example whether the votes focuses on one or more of the prime ministership the cabinet and or the government s policy program 3 the sequencing and timing of the vote in the overall game of government formation 4 the decision rule for example absolute majority simple or some form of negative parliamentarism 5 the number of rounds provided for and 6 what happens in the event of a failure to invest a government Each of the 16 case studies written by leading scholars of legislative politics in their respective polities seeks to describe the institutional rules and practices and analyse their origins and consequences These case studies are supplemented with two comparative chapters

Debating Scotland Michael Keating, 2017 This book provides in depth analysis of the main issues of the Scottish independence referendum campaign of 2014 and features extensive original survey research

Central and Eastern Europe After Transition Wojciech Sadurski, 2016-04-08 How have national identities changed developed and reacted in the wake of transition from communism to democracy in Central and Eastern Europe Central and Eastern Europe After Transition defines and examines new autonomous differences adopted at the state and the supranational level in the post transitional phase of the post Communist area and considers their impact on constitutions democracy and legal culture With representative contributions from older and newer EU members the book provides a broad set of cultural points for reference Its comparative and interdisciplinary approach includes a useful selection of bibliographical resources specifically devoted to the Central Eastern European countries transitions

The Scottish Independence Referendum Aileen McHarg, Tom Mullen, Alan Page, Neil Walker, 2016-06-30 The September 2014 Scottish independence referendum was an event of profound

constitutional and political significance not only for Scotland but for the UK as a whole Although Scottish voters chose to remain in the UK the experience of the referendum and the subsequent political reaction to the No vote that triggered significant reforms to the devolution settlement have fundamentally altered Scotland's position within the Union The extraordinary success of the Scottish National Party at the 2015 General Election also indicates that the territorial dimension to UK constitutional politics is more prominent than ever destabilising key assumptions about the location and exercise of constitutional authority within the UK The political and constitutional implications of the referendum are still unfolding and it is by no means certain that the Union will survive Providing a systematic and academic analysis of the referendum and its aftermath this interdisciplinary edited collection brings together public lawyers political scientists economists and historians in an effort to look both backwards to and forwards from the referendum The chapters evaluate the historical events leading up to the referendum the referendum process and the key issues arising from the referendum debate They also explore the implications of the referendum both for the future governance of Scotland and for the UK's territorial constitution drawing on comparative experience in order to understand how the constitution may evolve and how the independence debate may play out in future

Political Sociology - The State of the Art Subrata K. Mitra, Malte Pehl, Clemes Spiess, 2009-12-09 The World of Political Science New volumes The book traces the disciplinary development of political sociology and the transdisciplinary research into the overlapping issues involving politics and society The contributions cover overviews of the history methodological and theoretical development of this academic discipline Successes as well as failures in past unexplored areas and salient issues in ongoing research are also highlighted From the Contents Subrata K Mitra and Malte Pehl Taking Stock of Political Sociology Dirk Berg Schlosser Political Culture at a Crossroads Kay Lawson and Mildred Schwartz Parties Interest Groups and Social Movements Shall Change be Mid wife to Truth Eva Etzioni Halevy Socio Political Inequalities Elites Classes and Democracy Prakash Sarangi Contemporary Approaches to the Study of the State Jan van Deth Political Sociology Old Concerns and New Directions

Multi-Level Party Politics in Western Europe K. Detterbeck, 2012-05-29 A study of territorial dynamics within party organizations in multi layered systems This book contributes to a new approach in party research which acknowledges the importance of multi layered institutional framing It includes an analysis of vertical linkages and sub state autonomy in Austrian Belgian British German and Spanish parties

Canada in the World Richard Albert, David R. Cameron, 2018 Marking the Sesquicentennial of Confederation in Canada this book examines the growing global influence of Canada's Constitution and Supreme Court on courts confronting issues involving human rights

Linguistic Minorities in Democratic Context C. Williams, 2007-11-28 This blends discussion of the role of language minorities in politics with examples of language policy in a range of national contexts It discusses minority rights and language protection the policies of the state in privileging powerful majorities the opportunities and challenges of both devolution and globalization

The Oxford Handbook of Citizenship Ayelet Shachar, Rainer

Bauboek, Irene Bloemraad, Maarten Vink, 2017-07-27 Contrary to predictions that it would become increasingly redundant in a globalizing world citizenship is back with a vengeance The Oxford Handbook of Citizenship brings together leading experts in law philosophy political science economics sociology and geography to provide a multidisciplinary comparative discussion of different dimensions of citizenship as legal status and political membership as rights and obligations as identity and belonging as civic virtues and practices of engagement and as a discourse of political and social equality or responsibility for a common good The contributors engage with some of the oldest normative and substantive quandaries in the literature dilemmas that have renewed salience in today's political climate As well as setting an agenda for future theoretical and empirical explorations this Handbook explores the state of citizenship today in an accessible and engaging manner that will appeal to a wide academic and non academic audience Chapters highlight variations in citizenship regimes practiced in different countries from immigrant states to non western contexts from settler societies to newly independent states attentive to both migrants and those who never cross an international border Topics include the selling of citizenship multilevel citizenship in between statuses citizenship laws post colonial citizenship the impact of technological change on citizenship and other cutting edge issues This Handbook is the major reference work for those engaged with citizenship from a legal political and cultural perspective Written by the most knowledgeable senior and emerging scholars in their fields this comprehensive volume offers state of the art analyses of the main challenges and prospects of citizenship in today's world of increased migration and globalization Special emphasis is put on the question of whether inclusive and egalitarian citizenship can provide political legitimacy in a turbulent world of exploding social inequality and resurgent populism Minority Accommodation Through Territorial and Non-territorial Autonomy Tove H. Malloy, Francesco Palermo, 2015 For centuries autonomy has been a public policy tool used to provide stability and cohesion to multicultural societies Examining case studies on non territorial autonomy arrangements in comparison with territorial autonomy examples this volume seeks to inform both design and decision making on managing diversity **The Ashgate Research Companion to Federalism** Ann Ward, 2016-04-01 This comprehensive research companion examines the theory practice and historical development of the principle of federalism from the ancient period to the contemporary world It provides a range of interpretations and integrates theoretical and practical aspects of federalism studies more fully than is usually the case The volume identifies and examines nascent conceptions of the federal idea in ancient and medieval history and political thought before considering the roots of modern federalism in the ideas of a number of important European political theorists of the sixteenth through eighteenth centuries The contributors focus on the development and institutionalization of the principle of federalism in the American Republic and examine the historical development and central policy debates surrounding European federalism The final sections investigate contemporary debates about theories of federalism and regional experiences of federalism in a global context including Africa India Australia the Middle East and North and South America The scope and range of this

volume is unparalleled it will provide the reader with a firm understanding of federalism as issues of federalism promise to play an ever more important role in shaping our world Human and Minority Rights Protection by Multiple Diversity Governance Joseph Marko, Sergiu Constantin, 2019-03-04 Human and Minority Rights Protection by Multiple Diversity Governance provides a comprehensive overview and critical analysis of minority protection through national constitutional law and international law in Europe Using a critical theoretical and methodological approach this textbook provides a historical analysis of state formation and nation building in Europe with context of religious wars and political revolutions including the re conceptualisation of basic concepts and terms such as territoriality sovereignty state nation and citizenship deconstructs all primordial theories of ethnicity and provides a sociologically informed political theory for how to reconcile the functional prerequisites for political unity legal equality and social cohesion with the preservation of cultural diversity examines the liberal and nationalist ideological framing of minority protection in liberal democratic regimes including the case law of the European Court of Human Rights and the European Court of Justice analyses the ongoing trend of re nationalisation in all parts of Europe and the number of legal instruments and mechanisms from voting rights to proportional representation in state bodies forms of cultural and territorial autonomy and federalism This textbook will be essential reading for students scholars and practitioners interested in European politics human and minority rights constitutional and international law governance and nationalism The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution CC BY 4.0 license

Plurinational Democracy Stateless Nations In A Post Sovereignty Era Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Plurinational Democracy Stateless Nations In A Post Sovereignty Era free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Plurinational Democracy Stateless Nations In A Post Sovereignty Era free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Plurinational Democracy Stateless Nations In A Post Sovereignty Era free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Plurinational Democracy Stateless Nations In A Post Sovereignty Era. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article,

such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Plurinational Democracy Stateless Nations In A Post Sovereignty Era any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Plurinational Democracy Stateless Nations In A Post Sovereignty Era Books

1. Where can I buy Plurinational Democracy Stateless Nations In A Post Sovereignty Era books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores.
