The Philosophy of Religion and Advaita Vedanta Arvind Sharma, 2008-01-31 Philosophy of religion as we know it today emerged in the West and has been shaped by Western philosophical and theological trends while the philosophical tradition of India flowed along its own course until the late nineteenth century when active if tentative contact was established between the West and the East This book provides a definite focus to this interaction by investigating issues raised in Western philosophy of religion from the perspective of Advaita Ved _nta the influential school of Indian thought In promoting the emergence of a cross cultural philosophy of religion Arvind Sharma focuses on John H Hick and his well known work *The Philosophy of Religion* as representative of modern Western philosophy of religion and on _ankara along with his modern successors such as M Hiriyanna and S Radhakrishnan as representative of Advaita Ved _nta

The Realist Hope Dr Christopher J Insole, 2013-05-28 Taking into consideration analytical continental historical post modern and contemporary thinkers Insole provides a powerful defence of a realist construal of religious discourse Insole argues that anti realism tends towards absolutism and hubris Where truth is exhausted by our beliefs about truth there is no conceptual space for doubting those beliefs only a conception of truth as absolute given and accessible can guarantee the very humility sense of fallibility and sensitivity to difference that the anti realist rightly values Cutting through some of the tired and well rehearsed debates in this area Insole provides a fresh perspective on approaches influenced by Wittgenstein Kant and apophatic theology The defence of realism offered is unusual in being both analytically precise and theologically sensitive with a view to some of the wider and less well explored cultural ethical and political implications of the debate

Moreover it turns this indebtedness into an unexpected source of creativity and originality In his wide ranging discussion of contemporary writers and theorists Moraru notes that postmodernism characteristically re presents That is it actively remembers and to use a musical term reprises former representations These need not be infinite in number as in Borges but must be and usually are retrieved with sufficient obviousness Jacket **Theatre and War** J.
