The Immortalization Commission John Gray, 2025-06-25 A Globe and Mail Best Books of the Year 2011 Title At the heart of human experience lies an obsession with the nature of death Religion for most of history has provided an explanation for human life and a vision of what comes after it But in the late nineteenth and early twentieth centuries such beliefs came under relentless pressure as new ideas from psychiatry to evolution to communism seemed to suggest that our fate was now in our own hands humans could cease to be animals defeat death and become immortal In *The Immortalization Commission* the acclaimed political philosopher and critic John Gray takes a brilliant and frightening look at humankind's dangerous striving toward a scientific version of immortality Probing the parallel faiths of Bolshevik God builders who sought to reshape the planet and psychical researchers who believed they had evidence of a nonreligious form of life after death Gray raises fascinating questions about how such beliefs threaten the very nature of what it means to be human He looks to philosophers journalists politicians charlatans and mass murderers who all felt driven by a specifically scientific and modern worldview and whose revolt against death resulted in a series of experiments that ravaged whole countries An urgent examination of Darwin's post religious legacy *The Immortalization Commission* is an important work from one of Britain's leading public intellectuals *The Wall Street Journal*

Immortal Longings Trevor Hamilton, 2015-12-01 *Immortal Longings* FWH Myers and the Victorian search for life after death is the first full length biography of Frederic W H Myers leading figure in the Society for Psychical Research and friend and associate of Browning Gladstone Ruskin Tennyson Swinburne Henry James Prince Leopold and other influential Victorians The book offers a fascinating insight into a key period in the development of Victorian thought Among many things it covers 1 Extraordinary Phenomena Myers investigated extraordinary phenomena much of which is still reported today out of body experiences and astral projection near death experiences poltergeists gurus like Madame Blavatsky claiming strange powers mediums both private and public and haunted houses for example the giant warrior haunting a chateau near Heidelberg the Cheltenham Ghost that was seen by a considerable number of people and the odd doings at Ballechin House in Scotland which caused a scandal in the press 2 Life After Death Investigations Myers believed he had virtually proved life after death by a the link he thought established between hundreds of apparitions and living or dead human beings b the messages that the outstanding mediums Mrs Piper and Mrs Thompson gave him from his first great love Annie and his intimate friend and co worker Edmund Gurney which contained information the medium could not know and was delivered in a way highly characteristic of the personality concerned 3 Automatic Writing Some researchers have claimed that he has returned after death and proved his continued existence through the automatic writings of a number of mediums in England America India These writings continued for thirty years 4 Romance Suicide There is also love tragedy and jealousy in Myers life His first great love Annie a married woman committed suicide and Myers wife a rather possessive person tried to prevent any detail

about this being made public after his death even though the relationship was platonic This inhibited the work of researchers who were trying to verify the post mortem communications from Myers since for many years they could not check the facts 5 Credibility Myers researches led him to forming a view about human personality and psychology which Aldous Huxley has said is much richer than Freud s **Life, One Big Existential Crisis** Kerry Louise Stalker,2021-01-25 Life One Big Existential Crisis takes the reader on an epic journey It starts by asking What s the point then ventures down the psychological philosophical spiritual cosmological and conspiratorial rabbit hole to answer this great ontological question In short the spirit world is real A spiritual battle is taking place and our souls are the prize for either the kingdom of darkness or kingdom of light There is a dastardly cabal orchestrating our reality using the Bible as it s playbook We re living in the last pages of the Bible and this great book will close with a bang The Beast one world system is on our doorstep This book is for those who want to know the Truth and break free from the matrix The focus is on authenticity and choosing your choice

The Confusion of Worlds Heiner Schwenke,2019-01-31 The idea of the resurrection of the physical body and the eternal continuation of life with this body in a future paradisiacal kingdom of God on earth is one of the most enigmatic of religious ideas It fully contradicts our knowledge of the transitoriness of all things in this universe According to the author the origin for this idea lies in certain forms of otherworld experiences as for example reported by people who had near death experiences encounters with the dead in brilliantly beautiful bodies and the experience of paradisiacal seemingly earthly landscapes He observes that cultures with a pre modern cosmology sometimes projected such otherworld experiences onto this world to distant and unknown locations on earth These experiences were the blueprint for an expectation of paradisiacal conditions on earth The author establishes parallels between the reports of otherworld experiences and the eschatological ideas of Zoroastrianism Judaism and Christianity He shows that otherworld experiences can indeed foster the expectation of paradisiacal conditions on earth by referring to the Ghost Dance movement of the Lakota people in 1890 He presumes that the confusion of worlds proved fatal not only for the Lakota people but also for Jesus of Nazareth *WTF Just Happened?!* Elizabeth Entin,2024-08-17 What if everything you thought you knew about how the world worked was challenged Again In this sequel to WTF Just Happened A sciencey skeptic explores grief healing and evidence of an afterlife Elizabeth Liz Entin continues to look for scientific proof of an afterlife Something she had always considered about as realistic as the Tooth Fairy when she first began this shot in the dark search after the loss of her dad Picking up where the first book left off this second book in the series shows Liz once again using her analytical mind to research psychic mediums and the scientists who study them No longer new to this strange world she starts conducting her own WTF can happen experiments with mediums studying under a former secret psychic spy from the United States government s Defense Intelligence Agency and training with experts in paranormal activity She also tries to talk to dead people including her dad meet up with mediums in different dimensions move objects with her mind and apply CIA tactics to spy on faraway spots She is still stunned when during some

of these attempts the inexplicable continues to happen Along her journey she deepens previously unimaginable relationships with mentors who have studied this afterlife phenomena for almost 20 years and keeps getting more and more evidence that everything she once thought about how the world and the world beyond it worked was way more extraordinary than she a hard core sciencey skeptic had ever imagined And in a subplot that seems to fall right in line with the weird trajectory of her life and tackled with the same humorous approach she takes to addressing life s darker moments Liz unexpectedly gets called as a secondary witness in the Harvey Weinstein case which despite its serious tones is filled with the most hilarious twists including visits from Liz s late chihuahua Peanut Through it all Liz continues to honestly address the reality of living with grief call out frauds among the medium community embrace her full awkwardness as she meets researchers she always admired and share her continued shock that overall very normal people seem to be doing the impossible Liz will not only have you laughing but will also leave even the biggest skeptic wondering and hoping could this really be true Could we actually survive death

Who Are We? William Sowder, Dr. Juanita Christopher, 2017-12-27 In this book among other sources we have compiled key thoughts and material that were dictated to Alice Bailey starting in the 1920s and continuing through the 1960s from the Tibetan master Djwhal Khul As you see in the references she wrote eighteen books which were published by Lucis Publishing Company New York Djwhal Khul shared this material from another dimension giving us a new perspective We highly recommend these books because Djwhal Khul is in a higher vibrational dimension working and aiding us in an enlightened evolution What we have added to this book is some of our thoughts about the energies to which Khul refers We know very little about these energies and this material presents a challenge to us in our evolutionary sojourn Each of us must pursue our understanding and knowledge about these energies This is our goal and our reason for writing this book Good travels to you
