Scramble For The Balkans:

Scramble for the Balkans Carl-Ulrik Schierup, 1999-03-14 Economic globalisation has produced austere social jeopardy in extended parts of post communist Europe with former Yugoslavia and its successor states as the most conspicuous example This state is exploited sanctioned and nourished by authoritarian ethnocratic regimes and misconceived Western policies may contribute to its persistence Bringing new perspectives to bear on these crucial issues Scramble for the Balkans is essential for scholars and professionals concerned with social reconstruction in the world s increasing number of complex emergencies

Transnationalism in the Balkans Denisa Kostovicova, Vesna Bojicic-Dzelilovic, 2013-10-18 After a decade of exclusive nationalism violence and isolation of the 1990s the Balkans has seen the emergence of transnational links between the former ethnic foes Do these new cross border links herald the era of inter ethnic reconciliation in place of the politics of ethnic exclusion Are they a proof of a successful transition from authoritarianism and war to democracy and peace Drawing on substantial empirical research by regional specialists Transnationalism in the Balkans provides a sobering insight into the nature of cross border links in the region and their implications Several of the authors show how transnational connections in the context of weak states and new borders in the region have been used by transnational actors be it in the politics economics and culture to undermine a democratic consolidation and keep the practice of exclusive ethnic politics and identities alive These findings make a strong case to go beyond the region and put forth a critical argument for rethinking the theories of transition to democracy in the post Communist and post conflict setting to incorporate a dimension of globalisation This book was previously published as a special issue of Ethnopolitics

War and Change in the Balkans Brad K. Blitz, 2006-10-12 A contemporary history of the Balkans from the break up of Yugoslavia to the present day first published in 2006

Grand Delusion Gabriel Gorodetsky, 1999-01-01 A history of the German invasion of Russia in 1941 in the light of archival material It challenges the view that Stalin was about to invade Germany when Hitler made a pre emptive strike arguing that Stalin was actually negotiating for peace in order to redress the European balance of power

Documents on the Balkans - History, Memory, Identity Margit Rohringer, 2020-06-01 This book explores historical discourses on the various forms of identity production in film that are based on memory and shows how these narratives get mediated by documentary film Most films about the Balkans produced in the last two decades were in fact made in response to immediate concerns about the economic crises and political conflicts that struck the region during the 1990s These new forms of communication about history mostly show a rather self critical approach The book s case studies give the reader a clear idea of how processes informing identity formations are directly launched and later on maintained in peoples real and everyday lives Thus the case studies principal objective is to integrate the study of private space with existing macro debates in politics as well as with dominant discourses within the academic community The included case studies focus on several topics i e migration the reproduction and protection of personal as well as collective identities in post socialist societies

revolutionary processes towards the official end of the Cold War the re creation of politically constructed narratives
 generational conflicts in the post socialist period and the fate of women during the war The multifaceted view of the region
 under focus in this study shows that common grounds and differences co exist in the Balkan space be it on a cultural
 economic social or geo political level Apart from the field of film studies this work is a powerful contribution to cultural
 history as well as to the growing field of visual history *Political Elites and Decentralization Reforms in the Post-Socialist
 Balkans* Alexander Kleibrink, 2015-08-11 Across the globe more powers are being devolved to local and regional levels of
 government This book provides an innovative analysis of such decentralisation in transition states in the Balkans Using new
 and rich data it shows how political elites use decentralisation strategically to ensure their access to state resources The
 Nineteenth Century and After ,1919 **Local Agency and Peacebuilding** S. Kappler, 2014-01-30 Investigating local
 responses to EU peacebuilding this book develops a relational and spatial concept of agency helping to understand the
 processes in which peacebuilding actors engage and interact with one another The focus on cultural actors reveals the
 contested nature of local agency and its potential to challenge institutional policies *Readers' Guide to Periodical
 Literature* ,1922 **Twentieth Century** ,1919 The Nineteenth century and after London **The Twentieth Century**
 ,1919 The Nineteenth Century ,1919 **Turkey Under Erdoğan** Dimitar Bechev, 2022-01-01 An incisive account of
 Erdoğan's Turkey showing how its troubling transformation may be short lived Since coming to power in 2002 Recep Tayyip
 Erdoğan has overseen a radical transformation of Turkey Once a pillar of the Western alliance the country has embarked on a
 militaristic foreign policy intervening in regional flashpoints from Nagorno Karabakh to Libya And its democracy sustained
 by the aspiration to join the European Union has given way to one man rule Dimitar Bechev traces the political trajectory of
 Erdoğan's populist regime from the era of reform and prosperity in the 2000s to the effects of the war in neighboring Syria In
 a tale of missed opportunities Bechev explores how Turkey parted ways with the United States and Europe embraced Putin's
 Russia and other revisionist powers and replaced a frail democratic regime with an authoritarian one Despite this he argues
 that Turkey's democratic instincts are resilient its economic ties to Europe are as strong as ever and Erdoğan will fail to
 achieve a fully autocratic regime The Subject Index to Periodicals ,1920 War Economies in a Regional Context
 Michael Charles Pugh, Neil Cooper, Jonathan Goodhand, 2004 This book emphasizes the role of economic factors in the
 conditions that lead to state collapse give rise to and sustain conflict and complicate peacebuilding The book argues that
 existing state level focus tends to ignore the role of regional linkages in permitting and sustaining conflict and as obstacles to
 transformation Furthermore that the focus on the dynamics of conflict in states of the developing world tends to artificially
 distance the outside predominantly Western world from their genesis and evolution taken from introduction State
 Building and International Intervention in Bosnia Roberto Belloni, 2008-01-07 Focusing on Bosnia after Dayton this book
 examines the role of the international community in state building and intervention underlining the importance of

international participation and building on local resources for increased effectiveness

Bosnia and Herzegovina

Francine Friedman, 2013-10-15 First published in 2007 Emerging from communism in the early 1990s the new state of Bosnia and Herzegovina was immediately embroiled in devastating ethnonationalist conflict Now an international protectorate the choices of its elites may well propel Bosnia either to a stable future integrated into an expanding European entity or to a future filled with insecurity conflict and adversity This volume assesses current conditions in Bosnia as well as the prospects for stability in a country torn between nationalistic elites on the one hand and the desires of important regional actors for control of Bosnia on the other with a fractious international community overseeing the matter Friedman controversially denies that the wars of Yugoslavia's dissolution are a necessary product of ancient ethnic hatreds contending that Bosnia and Herzegovina was once the quintessential multi ethnic multireligious community and could be again Containing chapters on the country's history economics international relations and politics this book will provide social scientists with an accessible overview of contemporary Bosnia and Herzegovina *State Collapse and Reconstruction in the Periphery* Jens Stilhoff

Sörensen, 2009-05-01 In the 1990s Yugoslavia which had once been a role model for development became a symbol for state collapse external intervention and post war reconstruction Today the region has two international protectorates contested states and borders severe ethnic polarization and minority concerns In this first in depth critical analysis of international administration aid and reconstruction policies in Kosovo Jens Stilhoff Sörensen argues that the region must be analyzed as a whole and that the process of state collapse and recent changes in aid policy must be interpreted in connection to the wider transformation of the global political economy and world order He examines the shifting inter and intracommunity relations the emergence of a political economy of conflict and of informal clientelist arrangements in Serbia and Kosovo and provides a framework for interpreting the collapse of the Yugoslav state the emergence of ethnic conflict and shadow economies and the character of western aid and intervention Western governments and agencies have built policies on conceptions and assumptions for which there is no genuine historical or contemporary economic social or political basis in the region As the author persuasively argues this discrepancy has exacerbated and cemented problems in the region and provided further complications that are likely to remain for years to come **Greece, Financialization and the EU** V. Fouskas, C.

Dimoulas, 2013-07-30 The debt crisis in Greece has sparked lively debates about the origins of the crisis and policy measures to be adopted in order to fix it The authors offer the first original and comprehensive narrative on Greece Balkan
