Screening the Sexes Parker Tyler,1972 **Screening the sexes; homosexuality in the movies** P. Tyler,1973

Monsters in the Closet Harry M. Benshoff,1997-11-15 *Monster in the Closet* is a history of the horrors film that explores the genre's relationship to the social and cultural history of homosexuality in America Drawing on a wide variety of films and primary source materials including censorship files critical reviews promotional materials fanzines men's magazines and popular news weeklies the book examines the historical figure of the movie monster in relation to various medical psychological religious and social models of homosexuality While recent work within gay and lesbian studies has explored how the genetic tropes of the horror film intersect with popular culture's understanding of queerness this is the first book to examine how the concept of the monster queer has evolved from era to era From the gay and lesbian sensibilities encoded into the form and content of the classical Hollywood horror film to recent films which play upon AIDS related fears *Monster in the Closet* examines how the horror film started and continues to demonize or quite literally monsterize queer sexuality and what the pleasures and costs of such representations might be both for individual spectators and culture at large

Affairs to Remember Bruce Babington,Peter William Evans,1989 ***Screening The Sexes*** Parker Tyler,1993-08-21 Parker Tyler 1904-1974 was a noted American film critic and this text is regarded as his most significant work Devoted to homosexuality in films it aims to look beyond the obvious and to observe the psychology of sex roles at the same time recognising film as the realm of contemporary mythology Tyler was once described as one of the most consistently interesting and provocative writers on film that America has produced well informed and free of cant

Queer Girls, Temporality and Screen Media Whitney Monaghan,2016-04-20 This book takes up the queer girl as a represented and rhetorical figure within film television and video In 1987 Canada's Degross Junior High featured one of TV's first queer teen storylines Contained to a single episode it was promptly forgotten within both the series and popular culture more generally Cut to 2016 queer girls are now major characters in films and television series around the globe No longer represented as subsidiary characters within forgettable storylines queer girls are a regular feature of contemporary screen media Analysing the terms of this newfound visibility Whitney Monaghan provides a critical perspective on this arguing that a temporal logic underpins many representations of queer girlhood Examining an archive of screen texts that includes teen television series and teenpics art house queer and independent cinemas as well as new forms of digital video she expands current discourse on both queer representation and girls studies by looking at sexuality through themes of temporality This book the first full length study of its kind draws on concepts of boredom nostalgia and transience to offer a new perspective on queer representation in contemporary screen media

The Cambridge Companion to American Gay and Lesbian Literature Scott Herring,2015-05-26 Writing anything definitive about the queer American novel will always be unsatisfying if not impossible Unsatisfying because the romances they contain are uncertain and quite often doomed heartbreak violence and

persecution pepper nearly every page Impossible because the genre's terrain is as vast and uncertain as America itself the spaces the characters plots ideas and dynamics too varied The minute you say one thing you could say another And perhaps that might be the point As one character from Djuna Barnes's lesbian novel *Nightwood* puts it With an American anything can be done 1 We could say the same about the queer American novel If there is anything consistently connecting this genre it is that it features however obliquely the effects characters usually American but not always have as they seek reasons for why they have sexual feelings for those that are not obvious or traditional object choices Frequently these effects instruct characters in their pursuit of self knowledge and self understanding especially if others have pathologized their desires and America has and does pathologize its queers In her autobiographical graphic memoir *Fun Home* Alison Bechdel tells a story of a variety of discoveries that books explicitly queer or not can inspire During the same afternoon when she acknowledges that she is a lesbian she also finds herself asking a professor to let her take his course on James Joyce's *Ulysses* her father's favorite book As we move from the captions and the meticulous stylized drawings canonical books acquire an increasingly important role books become guides to how Bechdel will affect a convergence with her abstracted father

Radical Theatrics Craig J. Peariso, 2014-12-01 From burning draft cards to staging nude protests much left wing political activism in 1960s America was distinguished by deliberate outrageousness This theatrical activism aimed at the mass media and practiced by Abbie Hoffman and the Yippies the Black Panthers and the Gay Activists Alliance among others is often dismissed as naive and out of touch or criticized for tactics condemned as silly and off putting to the general public In *Radical Theatrics* however Craig Peariso argues that these over the top antics were far more than just the spontaneous actions of a self indulgent radical impulse Instead he shows they were well considered aesthetic and political responses to a jaded cultural climate in which an unreflective tolerance masked an unwillingness to engage with challenging ideas Through innovative analysis that links political protest to the art of contemporaries such as Andy Warhol Peariso reveals how the put on the signature activist performance of the radical left ended up becoming a valuable American political practice one that continues to influence contemporary radical movements such as Occupy Wall Street

Coming Together Ryan

Powell, 2019-07-19 In *Coming Together* Ryan Powell captures the social and political vitality of the first wave of movies made by and for and about male desiring men in the United States between World War II and the 1980s From the underground films of Kenneth Anger and the *Gay Girls Riding Club* to the gay liberation era hardcore films and domestic dramas of Joe Gage and James Bidgood Powell illuminates how central filmmaking and exhibition were to gay socializing and worldmaking Unearthing scores of films and a trove of film related ephemera *Coming Together* persuasively unsettles popular histories that center Stonewall as a ground zero for gay liberation and visibility Powell asks how this generation of movie making which defiantly challenged legal and cultural norms around sexuality and gender provided and may still provide meaningful models for living
