Selections From His Political Writings and Speeches People not very well grounded in the principles of public morality find a set of maxims in office ready made for them which they assume as naturally and inevitably as any of the insignia or instruments of the situation A certain tone of the solid and practical is immediately acquired Every former profession of public spirit is to be considered as a debauch of youth or at best as a visionary scheme of unattainable perfection The very idea of consistency is exploded The convenience of the business of the day is to furnish the principle for doing it Then the whole ministerial cant is quickly got by heart The prevalence of factiousness is to be lamented All opposition is to be regarded as the effect of envy and disappointed ambition All administrations are declared to be alike The same necessity justifies all their measures It is no longer a Matter of discussion who or what administration is but that administration is to be supported is a general maxim Flattering themselves that their power is become necessary to the support of all order and government everything which tends to the support of that power is sanctified and becomes a part of the public interest About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Philosophy of Edmund Burke Louis I. Bredvold, Ralph G. Ross, 1960 *Forgotten Truths* Edmund Burke, 2018-01-18 Excerpt from *Forgotten Truths* Selections From the Speeches and Writings of the Right Hon Edmund Burke With Biographical Sketch The object of this book is to pave the way to a more extended study of the works of Edmund Burke and the compiler has no desire to claim for it anything in the nature of a complete exposition of the subject He has endeavoured to place before the reader such passages from Burke's writings and speeches as appear to him to give a clear idea of the political and economic principles which the great statesman taught Burke's compositions both literary and oratorical are however such models of symmetrical construction that it is extremely difficult to give detached passages without destroying the effect produced by the harmonious whole nevertheless the compiler hopes that he has to some extent achieved his purpose At all events the present time seems to him a fitting one for making the attempt The principles which Burke advocated and which were afterwards embodied in the emancipating legislation of the Liberal party during two generations have fallen into sad discredit and oblivion We want a Burke to remind us that the truths he enunciated were not for an age but for all time and since the present generation of statesmen appears to have discarded his precepts we cannot do better than turn for inspiration to the words of the Master himself The year 1897 saw the centenary of Edmund Burke's death and the compiler of this book offers it as a humble tribute to his memory About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction

of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
