Researching Women In Latin America And The Caribbean Edna Acosta-belen,Christine E. Bose,2019-06-04 This volume represents more than just a collection of chapters and bibliographic sources For us it provides another example of collective solidarity hard work and a relentless commitment to contribute to the process of advancing and transforming knowledge about women s condition It attempts to update and assess how scholarship on women has impacted different disciplines and fields and examines the multivariate conditions and responses to immediate and long term realities generated by women from different LatinAmerican and Caribbean countries The editors hope that this publication modest as it may be will be a useful tool to other researchers educators and students in their efforts at pursuing and expanding the knowledge and visions that will make our different societies more just and liberating for all their citizens

Ethnographic Feminisms Sally Cole,1995-05-15 This book is written by anthropologists who are currently engaged in research on gender The editors argue for the development of an ethnography based feminism that both pays heed to what women in specific circumstances identify as their concerns and recognizes the contradictions inherent in the goals of feminist anthropology The essays consider a range of awkward issues including feminism in international contexts the invisibility of women s working lives and the problems of voice and ethnographic representation Referring to a variety of ethnographic contexts and working from diverse perspectives the contributors examine the multiple dilemmas and conflicts of gender and power

Ethnographic Feminisms Lynne Patricia Phillips,1995 This significant new study contains the work of anthropologists engaged in doing research on gender The editors argue for the creation of an ethnography based feminism that at the same time pays heed to what women in specific circumstances identify as their concerns and also recognizes contradictions inherent in the goals of a feminist anthropology These essays grapple with a range of awkward issues including feminism in international contexts the invisibility of women s working lives and the problems of voice and ethnographic representation Referring to a variety of ethnographic contexts and working from diverse perspectives the contributors examine the multiple dilemmas and conflicts of gender and power A volume which will not only constitute a significant contribution to the social sciences literature both theoretically and substantively but will also place Canadian feminist anthropology on the cutting edge of global feminist anthropology I strongly recommend it Valda Blundell Carleton University

Maid in the USA Mary Romero,2016-05-13 This is a classic work in the fields of Women s Studies and Sociology On its 10th Anniversary it is still a vital and moving study of the lives of immigrant domestic workers and is constantly cited in the research Romero s new introduction will offer a fresh look at the material including more recent events proving that the issues discussed in the book are still very relevant to today s world

Encompassing Gender Mary M. Lay,Janice J. Monk,Deborah Rosenfelt,2002 From Beijing to Seattle women s movements within academe and in local global communities are growing at an unprecedented rate raising pointed questions about paradigms of Western feminism

development global trade and scholarship Despite this growing visibility the perspectives of far too many women especially from the Global South are still excluded from mainstream U S scholarship Presented with the task of preparing students for life in this new and rapidly shrinking world many scholars have found themselves overwhelmed by the need to cross disciplinary and geographic borders But some faculty are leading the way often in defiance of academic traditions and prejudices to a curriculum that reflects consequences of globalization Encompassing Gender is the long awaited anthology of more than 40 essays by 60 scholars many of them working in curriculum transformation groups that cut across the humanities the sciences and the social sciences all of them committed to an interdisciplinary approach to internationalizing the curriculum

Street Democracy Sandra C. Mendiola Garcia, 2017-04 No visitor to Mexico can fail to recognize the omnipresence of street vendors selling products ranging from fruits and vegetables to prepared food and clothes The vendors compose a large part of the informal economy which altogether represents at least 30 percent of Mexico's economically active population Neither taxed nor monitored by the government the informal sector is the fastest growing economic sector in the world In *Street Democracy* Sandra C Mendiola Garcia explores the political lives and economic significance of this otherwise overlooked population focusing on the radical street vendors during the 1970s and 1980s in Puebla Mexico's fourth largest city She shows how the Popular Union of Street Vendors challenged the ruling party's ability to control unions and local authorities power to regulate the use of public space Since vendors could not strike or stop production like workers in the formal economy they devised innovative and alternative strategies to protect their right to make a living in public spaces By examining the political activism and historical relationship of street vendors to the ruling Institutional Revolutionary Party PRI Mendiola Garcia offers insights into grassroots organizing the Mexican Dirty War and the politics of urban renewal issues that remain at the core of street vendors experience even today

The Secret History of Gender Steve J. Stern, 2000-11-09 In this study of gender relations in late colonial Mexico ca 1760-1821 Steve Stern analyzes the historical connections between gender power and politics in the lives of peasants Indians and other marginalized peoples Through vignettes of everyday life he challenges assumptions about gender relations and political culture in a patriarchal society He also reflects on continuity and change between late colonial times and the present and suggests a paradigm for understanding similar struggles over gender rights in Old Regime societies in Europe and the Americas Stern pursues three major arguments First he demonstrates that non elite women and men developed contending models of legitimate gender authority and that these differences sparked bitter struggles over gender right and obligation Second he reveals connections in language and social dynamics between disputes over legitimate authority in domestic and familial matters and disputes in the arenas of community and state power The result is a fresh interpretation of the gendered dynamics of peasant politics community and riot Third Stern examines regional and ethnocultural variation and finds that his analysis transcends particular locales and ethnic subgroupings within Mexico The historical arguments and conceptual sweep of Stern's book will

inform not only students of Mexico and Latin America but also students of gender in the West and other world regions

Kids at Work Emir Estrada, 2019-07-16 Winner 2020 Outstanding Scholarly Contribution Award given by the Children and Youth Section of the American Sociological Association Winner 2020 Early Career Book Award from the American Association of Hispanics in Higher Education How Latinx kids and their undocumented parents struggle in the informal street food economy Street food markets have become wildly popular in Los Angeles and behind the scenes Latinx children have been instrumental in making these small informal businesses grow In *Kids at Work* Emir Estrada shines a light on the surprising labor of these young workers providing the first ethnography on the participation of Latinx children in street vending Drawing on dozens of interviews with children and their undocumented parents as well as three years spent on the streets shadowing families at work Estrada brings attention to the unique set of hardships Latinx youth experience in this occupation She also highlights how these hardships can serve to cement family bonds develop empathy towards parents encourage hard work and support children and their parents in their efforts to make a living together in the United States *Kids at Work* provides a compassionate up close portrait of Latinx children detailing the complexities and nuances of family relations when children help generate income for the household as they peddle the streets of LA alongside their immigrant parents
