Loves Energies:

The Energies of Love Donna Eden, David Feinstein, 2016-01-19 The bestselling authors of Energy Medicine and Energy Medicine for Women present a complete program for using energy medicine to heal and strengthen romantic relationships A relationship begins with the meeting of two unique energies This union of energies though invisible determines the way you communicate fight love and want to be loved In this groundbreaking book the bestselling authors of Energy Medicine draw on the real life experiences of couples who have attended their popular Energies of Love workshops as well as their own experience as husband and wife to show how an understanding of your energy system and that of your partner can help you build a more harmonious and loving bond We all have different ways of making sense of the world around us but when faced with conflict especially with those we care most about we tend to revert to one of four Energetic Stress Styles Visuals are extremely passionate and inspire others to care about the things they care about but in moments of conflict their take on the situation can overshadow what is actually occurring undermining their ability to empathize with their partner Kinesthetics are generous compassionate and accepting of other people but their caring nature pulls them in too many directions They try to meet others needs at the expense of their own which can cause mounting resentment Digitals are rational and principled and have a gift for quickly understanding complex situations but they can become closed to others perspectives and feelings Tonals have a gift for understanding others and their dilemmas but during moments of conflict their ability to read between the lines can morph into hearing what was never said felt or thought According to the authors the strongest relationships are those in which the two parties feel that they are partners on a shared spiritual journey By helping you better understand your own unique energy system as well as that of your partner you will be able to recognize your strengths as a couple and avoid the pitfalls The Energies of Love serves as a powerful resource for anyone who wishes to build a rich partnership while maintaining the spark that keeps a relationship exciting Embracing Love's Energy - Manifesting Love Through Positive Thinking. Sorokin,2015-10-22 The *Ways and Power of Love* was originally published in 1954 when Pitirim Sorokin was in the twilight of his career and leading the Harvard Research Center in Creative Altruism His elaborate scientific analysis of love with regard to its higher and lower forms its causes and effects its human and cosmic significance and its core features constitutes the first study on this topic in world literature to date Sorokin was the one absolutely essential twentieth century pioneer in the study of love at the interface of science and religion Bringing *The Ways and Power of Love* back into print allows a new generation of readers to appreciate Sorokin s genius and to move forward with his endeavor at a time when civilization itself continues to be threatened by a marked inability to live up to the ideal of love for all humankind It is certainly right to hope with Sorokin that progress in knowledge about love can move humanity forward to a better future Turning the sciences toward the study of love is no easy task but it can and must be done [We Love Energy Too! Let's Talk About Energy: Yours and Ours](#) Susan Barbaro,Julie Bonetti,2016-06-21 *We Love Energy Too Let s Talk About Energy Yours and Ours Part 1* Everyone loves to talk about energy It stems from the beginning of time Who are we Where did we come from Are the answers in the stars or are the answers right in front of us Describing and working with energy is like describing and working with your breath It is difficult but with some patience and work it can be done We are energy workers and find our passion lies within the energy we use People around us and whom we meet want to hear more and learn more We put together a simple three part series to help understand energy more and access your own energy Part 1 *We Love Energy Too Let s Talk About Energy Yours and Ours Part 2* *We Love Energy Too Let s talk about Energy Connecting Quantum Physics to People Part 3* *We Love Energy Too Let s talk about Energy Going Deeper* *We Love Energy Too! Let's talk about Energy: Going Deeper* Susan Barbaro,Julie Bonetti,2016-06-26 *We Love Energy Too Let s talk about Energy Going Deeper Part 3* After the first two simple volumes on energy by now you are getting the energy where it comes from and why it is so important to all of us Maybe you want to access more of it to be more psychic Maybe you want to change your view of your life and live more authentically It s always your own choice to want more or not To access more of this energy push yourself to further explore Scientists and Physicists use principles to investigate the world around us and share their findings and we can do the same with our own interactions We are energy workers and find our passion lies within the energy we use People around us and whom we meet want to hear more and learn more We put together a simple three part series to help

understand energy more and access your own energy Part 1 We Love Energy Too Let s Talk About Energy Yours and Ours Part 2 We Love Energy Too Let s talk about Energy Connecting Quantum Physics to People Part 3 We Love Energy Too Let s talk about Energy Going Deeper *We Love Energy Too! Let's talk about Energy: Connecting Quantum Physics to People* Susan Barbaro, Julie Bonetti, 2016-06-26 We Love Energy Too Let s talk about Energy Connecting Quantum Physics to People Part 2 Science can explain a lot of things from the laws of physics to the planetary movements There are some things that still elude science and science itself confirms that certain phenomena are beyond the standard laws as we know them The laws of physics exist and are accurate however we cannot determine that they are complete How and what does that say for us here and for how we live What is possible if we open our minds and think beyond the laws of science and physics When you explore science in a new way you can relate it to people and interactions in a new way and come up with interesting hypotheses We are energy workers and find our passion lies within the energy we use People around us and whom we meet want to hear more and learn more We put together a simple three part series to help understand energy more and access your own energy Part 1 We Love Energy Too Let s Talk About Energy Yours and Ours Part 2 We Love Energy Too Let s talk about Energy Connecting Quantum Physics to People Part 3 We Love Energy Too Let s talk about Energy Going Deeper
