Loves Shadow Writings By Women:

Love's Shadow Amber Coverdale Sumrall, 1993 Stories and poems by women dealing with the end of love both heterosexual and lesbian and its emotional effects *Love and Space in Contemporary African Diasporic Women's Writing* Jennifer Leetsch, 2021-07-16 This book sets out to investigate how contemporary African diasporic women writers respond to the imbalances pressures and crises of twenty first century globalization by querying the boundaries between two separate conceptual domains love and space The study breaks new ground by systematically bringing together critical love studies with research into the cultures of migration diaspora and refuge Examining a notable tendency among current black feminist writers poets and performers to insist on the affective dimension of world making the book ponders strategies of reconfiguring postcolonial discourses Indeed the analyses of literary works and intermedia performances by Chimamanda Adichie Zadie Smith Helen Oyeyemi Shailja Patel and Warsan Shire reveal an urge of moving beyond a familiar insistence on processes of alienation or rupture and towards a new reparative emphasis on connection and intimacy to imagine possible inhabitable worlds A Women's Lectionary for the Whole Church Year B Wilda C. Gafney, 2023-07-18 The next installment in the critically acclaimed lectionary series that focuses on women s stories In this second volume of the three volume Women s Lectionary for the Whole Church widely praised womanist bible scholar and priest Wil Gafney selects scripture readings that emphasize women s stories Focusing especially on the Gospel of Mark Year B of A Women s Lectionary features Gafney s fresh inclusive and thought provoking translations of every reading alongside commentary on each reading Designed for liturgical use or scriptural study this resource offers a new perspective on the Bible and the liturgical year Gafney s paradigm shifting scholarship will influence biblical preaching and teaching for generations to come National Catholic Reporter The Shadows We Mistake for Love Tom Wayman, 2015-10-03 Living in the shadow of the Selkirk Mountains in southeastern BC the inhabitants of the Slocan Valley are tied together by magical and dramatic geography but also by an intricate web of shared history common needs and the deep and complex relationships that evolve in isolated locations where everyone is visible and there is no anonymity Tom Wayman s new short story collection The Shadows We Mistake for Love brings together loggers and environmentalists marijuana growers and small town lawyers back country skiers and homesteaders to overlap and coalesce into a brilliant portrait of rural life and place Beneath the valley s idyllic surface conflict and tension flourish among its inhabitants ranging from the intimate to the political In the title story the protagonist is drawn into an environmental activist group and a relationship with the group s charismatic leader but having a child quickly brings home the painful realities of the new life she s chosen Other stories depict the changes that are altering the social landscape of the valley from the ubiquity of the Internet to an influx of affluent new residents These developments emphasize the ways in which the sometimes rawer and more visible dramas of rural life reflect similar tensions in communities everywhere *The Complete Works of George MacDonald: Novels, Short Stories, Poetry, Theological Writings*

Heavenly Love? Gabriele Griffin, 1993 A Concordance to the Poems of W.B. Yeats Stephen Maxfield Parrish, 2019-06-30 Now it is possible for the first time to trace in a systematic way the language patterns of one of the greatest poets who have written in English. W. B. Yeats. Like *A Concordance to the Poems of Matthew Arnold*, the first of the Cornell Concordances that are under the general editorship of Professor Parrish, this volume was produced on an IBM 704 electronic data processing machine. Computer technique has so advanced that the Yeats concordance includes punctuation and gives cross references for the second parts of hyphenated words. The frequency of every word in Yeats's poems is given, and an appendix lists all indexed words in order of frequency.

The body of this book consists of an index of all significant words in Yeats each word listed in the line or lines in which it occurs The concordance is based on the variorum text of Yeats edited by Alspach and Allt and includes all variants that occur in printed versions of Yeats s poems
