Lp Artistic License:

Artistic License Darren Hudson Hick, 2017-04-26 The art scene today is one of appropriation of remixing reusing and recombining the works of other artists From the musical mash ups of Girl Talk to the pop culture borrowings of Damien Hirst and Jeff Koons it is clear that the artistic landscape is shifting which leads to some tricky legal and philosophical questions In this up to date thorough and accessible analysis of the right to copyright Darren Hudson Hick works to reconcile the growing practice of artistic appropriation with innovative views of artists rights both legal and moral Engaging with long standing debates about the nature of originality authorship and artists rights Hick examines the philosophical challenges presented by the role of intellectual property in the artworld and vice versa Using real life examples of artists who have incorporated copyrighted works into their art he explores issues of artistic creation and the nature of infringement as they are informed by analytical aesthetics and legal and critical theory Ultimately *Artistic License* provides a critical and systematic analysis of the key philosophical issues that underlie copyright policy rethinking the relationship between artist artwork and the law
