Eyes Behind the Lines: US Army Long-Range

Reconnaissance and Surveillance Units James F. Gebhardt, 2005 Eyes Behind the Lines US Army Long Range Reconnaissance and Surveillance Units is the 10th study in the Combat Studies Institute CSI Global War on Terrorism GWOT Occasional Paper series This work is an outgrowth of concerns identified by the authors of On Point The United States Army in Operation IRAQI FREEDOM Specifically these authors called into question the use of long range surveillance LRS assets by commanders during that campaign and suggested an assessment ought to be made about their continuing utility and means of employment This revision contains some important additional information the author received after this book was originally published Major Retired James Gebhardt of CSI researched and wrote this Occasional Paper with that end in view In this study Gebhardt surveys the US Army s historical experience with LRRP and LRS units from the 1960s Cold War and Vietnam War through their resurgence in the 1980s and use in Operations JUST CAUSE and DESERT STORM to the advent of the GWOT The paper s analytical framework examines each era of LRS units in terms of doctrine organization training materiel leadership and personnel In doing so the author makes a strong case for continuing the LRS capability in the Army s

force structure The variety of environments and enemies likely to be faced by the military in the GWOT continues to demand the unique human intelligence abilities of trained and organized LRS units As the Army leads the Armed Forces of the United States in combating terrorists where they live the lessons found in this survey remain timely and relevant **Lurps** Robert C. Ankony,2008-10-21 *Lurps* is the revised edition of the memoir of a juvenile delinquent who drops out of ninth grade to chase his dream of military service After volunteering for Vietnam he joins the elite U S Army LRRP Rangers small heavily armed long range reconnaissance teams that patrol deep in enemy held territory It is 1968 and the *Lurps* find themselves in some of the war s hairiest campaigns and battles including Tet Khe Sanh and A Shau Readers witness all the horrors humor adrenaline and unexpected beauty through the eyes of a green young warrior Gone are the heroic clich s and bravado as compelling narrative and realistic dialogue sweep the reader along with a powerful sense that this is actually happening This poignant coming of age story explores the social background that shaped the protagonist s thinking his uncertain quest for redemption through increased responsibility the brotherhood of comrades in arms women and sexual awakening and the baffling randomness of who lives and who dies *Late Thoughts on an Old War* Philip D. Beidler,2010-01-25 Philip D Beidler who served as an armored cavalry platoon leader in Vietnam sees less and less of the hard won perspective of the common soldier in what America has made of that war Each passing year he says dulls our sense of immediacy about Vietnam s costs opening wider the temptation to make it something more necessary neatly contained and justifiable than it should ever become Here Beidler draws on deeply personal memories to reflect on the war s lingering aftereffects and the shallow evasive ways we deal with them Beidler brings back the war he knew in chapters on its vocabulary music literature and film His catalog of soldier slang reveals how finely a tour of Vietnam could hone one s sense of absurdity His survey of the war s pop hits looks for meaning in the soundtrack many veterans still hear in their heads Beidler also explains how Viet Pulp literature about snipers tunnel rats and other hard core types has pushed aside masterpieces like Duong Thu Huong s *Novel without a Name* Likewise we learn why the movie *The Deer Hunter* doesn t get it about Vietnam but why *Platoon* and *We Were Soldiers* sometimes nearly do As Beidler takes measure of his own wartime politics and morals he ponders the divergent careers of such figures as William Calley the army lieutenant whose name is synonymous with the civilian massacre at My Lai and an old friend poet John Balaban a conscientious objector who performed alternative duty in Vietnam as a schoolteacher and hospital worker Beidler also looks at Vietnam alongside other conflicts including the war on international terrorism He once hoped he says that Vietnam had fractured our sense of providential destiny and geopolitical invincibility but now realizes with dismay that those myths are still with us Americans have always wanted their apocalypses writes Beidler and they have always wanted them now *Eyes Behind the Lines* James F. Gebhardt,2005 [United States Marine Reconnaissance in the Vietnam War](#) Leo J. Daugherty III,2024-03-19 Tracing the history of U S Marine Force and Battalion Reconnaissance from its formation in 1898 through its operations during the Vietnam War 1963 1971 this book provides

insight into Force Recon's selection training and deployment. Emphasis on actions with the South Vietnamese ARVN highlights important lessons for today's Special Forces community illustrating the inter-service cooperation of Recon operations. Firsthand accounts of Marines who served are included along with photographs, maps, and appendices. **US Army Long-Range Patrol Scout in Vietnam 1965-71** Gordon L. Rottman, 2013-02-20. The Vietnamese knew the Long Range Patrol Scouts as the men with green faces, a reference to the camouflage paint that they used. Operating in patrols of four to six men, these men were like ghosts scouting far behind enemy lines. This book examines the Long Range Patrol Scout's superior stealth, movement techniques, camouflage, and concealment, tracking, counter-tracking, observation, and other fieldcraft skills. It also examines the occasions they participated in, small-scale direct actions including ambushes and raids. Written by a Special Forces Vietnam veteran, this book not only depicts the remarkable lives of these scouts when on campaign but also details the training and conditioning that it took to become one of these shadow warriors. *Bonding of Warriors* (Compiled by) Bob Hernandez, 2014-08-18. They were men who were just the best at what they did. They had to have patience and a good instinct for survival in the type of covert warfare we were involved in. They also had to have the ability to accept danger and hardship without succumbing to the stress that went along with it. They were good at what they did and they liked it.
