cottage gardeners were raising flowers fruit and a wide range of vegetables and celebrating their successes at innumerable
flower shows This book delves into the lives of farm servants labourers weavers miners and other workers living in the
countryside to discover not only what vegetables fruit and flowers they grew and how they did it but also how poverty
insecurity and long and arduous working days shaped their gardens Workers cottage gardens were also expected to comply
with the needs of landowners farmers and employers and with their expectations of the industrious cottager But not all the
gardens were muddy cabbage and potato patches and not all the gardeners were ignorant or unenthusiastic The book also
tells the stories of the keen gardeners who revelled in their pretty plots raised prize exhibits for village shows and in a few
