Quatre Poemes De Max Jacob:

The Music of Francis Poulenc (1899-1963) Carl B. Schmidt, 1995-10-19 The name of Francis Poulenc 1899 1963 was first brought to prominence in the 1920s as a member of Les Six a group of young French composers encouraged by Satie and Cocteau His subsequent fame spread well beyond France and he is coming to be regarded as one of this century's most significant composers His compositions are heard constantly in concert halls the world over and numerous recordings including complete sets of songs and piano music have been released Books articles and more than a dozen doctoral dissertations have discussed his music Carl Schmidt's catalogue of Poulenc's works represents the first comprehensive attempt to list an oeuvre which numbers approximately 185 compositions written from his teenage years until his death at the age of 63 The Catalogue identifies a number of unpublished works and adds a small group of compositions to his musical canon for the first time Each work whether complete or unfinished published or unpublished is described fully Catalogue entries list and describe all known printed editions including reprints and manuscript copies of each work In addition they provide detailed compositional histories based on numerous letters documents and press accounts many of which have not been published previously Russian interest in Poulenc's music manifested in press runs exceeding one million copies is also revealed for the first time A French Song Companion Graham Johnson, Richard Stokes, 2002 The French Song Companion is the most comprehensive book of French music in any language The great accompanist Graham Johnson a noted authority of song provides repertoire guides to the work of some 150 composers the majority of them from France but including British American German Spanish and Italian musicians who have written French vocal music There are major articles on such figures as Faur Duparc Debussy Ravel and Poulenc substantial articles on Bizet Chabrier Gounod Chausson Hahn and Satie and reassessments of such composers as Massenet Koechlin and Leguerney A host of less celebrated figures who have contributed to the genre take their place in a book which is both informative and entertaining The biographical articles are supplemented by the song translations of Richard Stokes some 700 in all and a veritable treasury of great French poetry from the fifteenth to the twentieth centuries These stand in their own right as indispensable to music lovers concert goers and professional singers and their accompanists This is a book which not only reflects the repertoire as found in today's concert halls but also encourages performers and armchair enthusiasts to explore the neglected highways and byways of an endlessly fascinating and highly civilised body of music **Entrancing Muse** Carl B. Schmidt, 2001 Lavishly illustrated the volume includes a complete discography and an exhaustive summary of Poulenc's concert tours as well as a list of portraits and drawings Jacket **A Singer's Guide to the American Art Song: 1870-1980** Victoria Etnier Villamil, 2004-10-05 New in Paperback 2004 Probably the most comprehensive work on the American art song ever available this book considers the lives and contributions of 144 significant composers in the field including many for whom information has been extremely scarce Most composers entries consist of a biographical sketch a

brief discussion of his or her song writing characteristics with emphasis on performers concerns a partial or complete listing of annotated songs recording information and the composer's individual bibliography Song annotations include poet publisher date of composition when known voice type range duration tempo indication mood subject matter vocal style special difficulties general impression artists who have recorded the song and any other pertinent information Thirty composers whose contributions are deemed of lesser import are summarized in brief essays Appendixes include a supplement of recommended songs a listing of American song anthologies and their contents and the most recent information regarding publishers cited in the guide There is also a general discography a general bibliography and indexes for both titles and poets Documenting the most important 110 years in the development of American art song this book is an indispensable tool for singers teachers coaches accompanists and libraries

Poulenc Roger Nichols, 2020-04-09 An authoritative account of the life and work of Francis Poulenc one of the most prolific and striking figures in twentieth century classical music An assured overview of Poulenc's life and work Alex Ross New Yorker Essential reading for anyone interested in the French musical culture of Poulenc's time This is the biography the composer deserves Christopher Dingle BBC Music Magazine Named one of the Best Books on Classical Music in 2020 by BBC Music Magazine Francis Poulenc is a key figure in twentieth century classical music as well as an unorthodox and striking individual Roger Nichols draws upon Poulenc's music and other primary sources to write an

authoritative life of this great artist Although associated with five other French composers in what came to be called Les Six Poulenc was very much *sui generis* in personality and in his music where he excelled over a wide repertoire opera songs ballet scores chamber works piano pieces sacred and secular choral works orchestral works and concertos This book fully covers this wide range while also describing the vicissitudes of Poulenc's life and the many important relationships he had with major figures such as Satie Ravel Stravinsky Diaghilev Cocteau and others *Le Chant Intime* François Le Roux, Romain Raynaldy, 2021-06-29 In this translation of the groundbreaking *Le Chant Intime* internationally renowned baritone François Le Roux in conversation with journalist Romain Raynaldy presents a master class on French art song with a thorough analysis of 60 selected songs that deviate from the traditionally narrow repertoire of the *mélodie* genre Taking an approach that goes far beyond the typical limiting conventions Le Roux and Raynaldy adhere to composer Francis Poulenc's principle that a song should always be a love affair not an arranged marriage Neither theoretical nor purely academic this guide instills in its readers a deep appreciation for the historical and artistic context of each piece by enriching each analysis with the full text of the lyrical poem and several musical examples as well as fascinating details of historic premieres concert halls singers and poets Paired with intensive and practical notes related to the nuances of melody and vocal delivery each analysis provides an essential reference for performers and listeners alike The translation is due to the expertise of musicologist and pianist Sylvia Kahan Professor of Music at the Graduate Center and College of Staten Island CUNY *Jean Cocteau, Guillaume Apollinaire, Paul Claudel et le groupe des six* Catherine Miller, 2003 A la fin de la Première Guerre mondiale Paris se constitue le groupe des Six autour d'Erik Satie puis Jean Cocteau Au contact des écrivains de cette époque Cocteau Claudel Apollinaire les Six engagent leur production dans une voie qui privilégie la musique vocale sous toutes ses formes et créent près de 900 pièces apparentées au genre *mélodique* **Francis Poulenc: Articles and Interviews** Nicolas Southon, Roger Nichols, 2016-04-22 He plays the piano well wrote the society hostess Mme de Saint Marceaux in her diary on 18 March 1927 His compositions are not devoid of talent but he's not a genius and I'm afraid he thinks he is Intelligent though the lady was she got this one spectacularly wrong Poulenc has in fact outpaced his colleagues in Les Six by many a mile as singers and instrumentalists all over the world will attest and while he would never have accepted the title of genius preferring artisan a genius is increasingly what he appears to have been Part of the answer lay in always being his own man and this independence of spirit shows through in his writings and interviews just as brightly as in his music whether it's boasting that he'd be happy never to hear The Mastersingers ever again pointing out that what critics condemn as the formlessness of French music is one of its delights voicing his outrage at attempts to finish the Unfinished Symphony writing in praise of banality or remembering the affair of Debussy's hat And in every case his intelligence humour and generosity of spirit help explain why he was so widely and deeply loved This volume comprises selected articles from Francis Poulenc *J'écris ce qui me chante* Fayard 2011 edited by Nicholas Southon Many of these articles and interviews have not been available in

English before and Roger Nichols's translation capturing the very essence of Poulenc's lively writing style makes more widely accessible this significant contribution to Poulenc scholarship

Les Six Robert Shapiro, 2014-07-01 The absorbing comprehensive story of an absolutely unique experiment in classical music involving many key figures of the Dada and Surrealist movements Les Six were a group of talented composers who came together in a unique collaboration that has never been matched in classical music and here their remarkable story is told for the first time A musical experiment originally conceived by Erik Satie and then built upon by Jean Cocteau Les Six were also born out of the shock of the German invasion of France in 1914 an avant garde riposte to German romanticism and Wagnerism Les Six were all and still are respected in music circles but under the aegis of Cocteau they found themselves moving among a whole new milieu the likes of Picasso Ren Clair Blaise Cendrars and Maurice Chevalier all appear in the story But the story of Les Six goes on long after the heyday of Bohemian Paris the group never officially disbanded and it was only in the last 20 years that the last member died moreover their spouses descendants and associates are still active ensuring that the remarkable legacy of this unique group survives
