## **Que Gitano Gypsies Of Southern Spain:**

!Qué Gitano! Bertha B. Quintana, Lois Gray Floyd, 1972      *Qué Gitano* Bertha B. Quintana, Lois Gray Floyd, 1986 ,

Gypsies Diane Tong, 2015-01-28 This book of interdisciplinary readings on Gypsies is sensitive to the Romani point of view and avoids exoticizing or patronizing the Gypsies and their culture Recurrent themes in the readings include the historical oppression of the Gypsies including contemporary xenophobia and violence the nonstatic heterogeneous nature of Gypsy cultures the persistence of racist stereotypes and personal and institutional Gypsy non Gypsy relationships Nearly all of the classic essays updated for this volume tell stories of the persistence of the Roma in the face of savage atrocities and appalling living conditions      Roma: Europe's Gypsies Grattan Puxon, 1992-06-01 Europe's outsiders There are almost six million Roma in Europe today yet they remain a rejected and harassed minority in almost every country in Eastern and Western Europe Prejudice on the part of majority populations shows little sign of declining while government attitudes range from persecution or neglect through to paternalistic interference and ruthless social engineering Roma are now organizing across traditional social boundaries and political borders to protect their unique culture and lifestyle They are forging links throughout Europe and beyond to try and defend their way of life and to present their case to the world ROMA EUROPE S GYPSIES vividly outlines the reality of living as a member of a gypsy community in Europe today Written by Grattan Puxon of the World Romani Congress it contains a country by country analysis and shows that while improvements have taken place in some areas in others they have worsened Unless action is taken now conditions are likely to deteriorate An incisive insight into the situation of a little known but much maligned people this report should be read by politicians administrators social workers teachers and all those who wish to learn more about prejudice and about Europe's Romani communities and their future survival Please note that the terminology in the fields of minority rights and indigenous peoples rights has changed over time MRG strives to reflect these changes as well as respect the right to self identification on the part of minorities and indigenous peoples At the same time after over 50 years work we know that our archive is of considerable interest to activists and researchers Therefore we make available as much of our back catalogue as possible while being aware that the language used may not reflect current thinking on these issues      *The Spanish Gypsy: The History of a European Obsession* , The Spanish Gypsy by Lou Charnon Deutsch the well known Hispanist is the first comprehensive history of this icon and her people who have long been shrouded in mystery and all too often subjected to discrimination and persecution      *Flamenco and Bullfighting* Adair Landborn, 2015-09-16 Flamenco dance and bullfighting are parallel arts with shared traditions performance conventions and vocabularies of movement This volume introduces readers to an ongoing discussion in Spanish scholarship about the links between these two quintessentially Spanish arts The author a dancer and a student of bullfighting describes the informal practice of both arts in private settings and their emergence as formal public rituals in the bullfighting arena and on the flamenco stage Key bullfighting techniques and their influence on flamenco dance style are discussed in the

context of understanding the worldview and kinesthetic culture of Spain      **Metaphors of Masculinity** Stanley Brandes, 2015-04-17 In the Andalusian communities throughout the olive growing region of southeastern Spain men show themselves to be primarily concerned with two problems of identity their place in the social hierarchy and the maintenance of their masculinity in the context of their culture In this study of projective behavior as found in the folklore of an Andalusian town Stanley Brandes is careful to support psychological interpretations with ethnographic evidence His emphasis on male folklore provides a timely complement to current research on women      Gypsy Law Walter O. Weyrauch, 2001-08-13 A unique collection of scholarly essays gathered and reprinted from American Journal of Comparative Law 1997 and the Yale Law Journal 1993 on the legal traditions of the Roma or Gypsies A fascinating account of how a primarily alien culture functions in a larger social context      **The Passion of Music and Dance** William Washabaugh, 2020-09-02 The late nineteenth century witnessed the birth and popularization of a number of highly emotional musical styles that played on the eagerness of modern Europeans and Americans to toy with the limits of sanity and to taste the ecstasies of living on the edge This absorbing book explores these popular passionate musical styles which include flamenco tango and rebetika and points out that they arose as well intentioned intellectuals co opted the emotional experiences most closely associated with women In drawing those experiences out of female practice they defined objectified and turned them into strategies of domination the deepest impact of which was felt ironically by modern women In bridging anthropology sociology cultural media body and gender studies this book broadens the base of theory which has ignored the transnational world of Latin and Mediterranean popular culture and makes a powerful statement about the intersection of nationalism sexuality identity and authenticity

*Interracial Intimacy in Japan* Gary P. Leupp, 2003-01-01 Gary Leupp describes and analyzes intimate relationships between Western men and Japanese women throughout the entire early modern period and into the first few decades of the modern period when Westerners came to reside in the Treaty Ports This subject has been largely overlooked by Western scholars until now      **The Identity Dilemma** Aidan McGarry, James Jasper, 2015-06-19 Collective identities are politically necessary or at least useful as banners for recruiting others and engaging opponents and the state However not every member fits or accepts the label in the same way or to the same degree The Identity Dilemma provides eight diverse case studies of social movements to show the benefits risks and tradeoffs when a group develops a strong sense of collective identity The editors and contributors to this pathbreaking volume examine how collective identities can provide powerful advantages but also generate conflicts The various chapters help to develop our understanding of collective identity from how strategic identities are developed for protest groups to how stigmatized groups negotiate identity dilemmas Ultimately The Identity Dilemma contributes a new strategic approach to understanding social movements that highlights the choices and tensions that groups inevitably face in articulating their ideas and interests Contributors include Marian Barnes Cristina Flesher Fominaya Umut Korkut Elzbieta Korolczuk John Nagle Clare Saunders Neil Stammers Marisa Tramontano Huub Van

Baar and the editors      **Hosts and Guests** Valene L. Smith, 2012-06-13 Tourism one of the world's largest industries has long been appreciated for its economic benefits but in this volume tourism receives a unique systematic scrutiny as a medium for cultural exchange Modern developments in technology and industry together with masterful advertising have created temporarily leisured people with the desire and the means to travel They often in turn effect profound cultural change in the places they visit and the contributors to this work all attend to the impact these guests have on their hosts In contrast to the dramatic economic transformations the social repercussions of tourism are subtle and often recognized only by the indigenous peoples themselves and by the anthropologists who have studied them before and after the introduction of tourism The case studies in *Hosts and Guests* examine the five types of tourism historical cultural ethnic environmental and recreational and their impact on diverse societies over a broad geographical range      **Ibss: Anthropology: 1972**

International Committee for Social Science Information and Documentation, 1974-10-24 First published in 1974 Routledge is an imprint of Taylor Francis an informa company      *Cat Island* John Cuevas, 2014-01-10 Just off the coast of the Gulf Islands National Seashore lies Cat Island an isolated T shaped sliver of sand with a remarkable past A coveted hiding place for Jean Lafitte's pirate treasure in the late eighteenth century and illegal booze during Prohibition Cat Island also witnessed the first shots of the Battle of New Orleans an encampment for Seminoles during the Trail of Tears and the first lighthouses on the Mississippi coast As a child author John Cuevas learned that his family had owned and lived on the island for three generations beginning with his ancestor Juan de Cuevas referred to as The King of Cat Island who received it by way of a Spanish land grant In this engaging work Cuevas chronicles the historic events that occurred on the island's shores and offers a tribute to the legacy of one of the Gulf Coast's pioneer families      Secret Languages of Afghanistan and Their

Speakers Jadwiga Pstrusińska, 2014-07-18 This is a study of an almost inaccessible area of the intricate linguistic fabric of Afghanistan namely its secret codes of communication The text draws on a profound knowledge of Afghanistan and neighbouring regions as well as the cultural and sociolinguistic processes at work across Eurasia The author situates these sociolinguistic matters within the appropriate diachronic and comparative background and traces the numerous threads which connect them to areas both close to and distant from Afghanistan The book will be of great interest to scholars from a wide range of disciplines including but extending beyond the realms of linguistics cultural history and sociology It will also be of practical value in many areas notably with regards to military and political issues as well as humanitarian aid

*Flamenco on the Global Stage* K. Meira Goldberg, Ninotchka Devorah Bennahum, Michelle Heffner Hayes, 2015-10-20 The language of the body is central to the study of flamenco From the records of the Inquisition to 16th century literature to European travel diaries the Spanish dancer beguiles and fascinates The word flamenco evokes the image of a sensuous and rebellious woman the bailaora whose movements seduce the audience only to reject their attention with a stomp of defiance The dancer's body is an agent of ideological resistance conveying a conflicting desire for subjectivity and autonomy and

implying deeply held ideas about history national identity femininity and masculinity This collection of new essays provides an overview of flamenco scholarship illuminating flamenco s narrative and chronology and addressing some common misconceptions The contributors offer fresh perspectives on age old themes and suggest new paradigms for flamenco as a cultural practice Instructors considering this book for use in a course may request an examination copy here *Bloomsbury Encyclopedia of Popular Music of the World, Volume 11* David Horn,2017-10-05 See [In the Light of Contradiction](#) Roberta Ann Quance,2017-07-05 In 1926 as a young man of 28 with a growing reputation as an oral poet Federico Garcia Lorca 1898 1936 toyed with the idea of proving his worth in writing by bringing out a boxed set of three volumes of his verse Because the Suites Canciones and the Poema del cante jondo eventually came out singly in the case of the Suites posthumously readers have not always realised that they formed a single body of work one which Lorca himself was surprised to note has una rarísima unidad an odd unity of aims and accomplishment This is poetry which takes up the question of desire in progressively depersonalizing ways and shows modernism coming into being Through renunciation by cutting away the personal and the taboo Lorca created a poetry that like no other in Europe stood between the avant garde and oral traditions making their contradictions his truth Roberta Ann Quance is Senior Lecturer in Spanish at Queen s University Belfast

**Transnational Flamenco** Tenley Martin,2020-01-20 This book provides insight into how flamenco travels the forms it assumes in new locales and the reciprocal effects on the original scene Utilising a postnational approach to cultural identity Martin explores the role of non native culture brokers in cultural transmission This concept referred to as cosmopolitan human hubs builds on Kiwan and Meinhof s hubs theory of network migration to move cultural migration and globalisation studies forwards Martin outlines a post globalisation flamenco culture through analysis of ethnographic research carried out in the UK Sevilla and Madrid Insight into these glocal scenes characterises flamenco as a historically globalized art complex represented in various hubs around the world This alternative approach to music migration and globalisation studies will be of interest to students and scholars across leisure studies musicology sociology and anthropology
