Queen Kate The Titanic Of Ancient Times:

Whispers Across Time Stuart Coates, 2012-05 The first time Tiffany Abernathy travels through time is in 1898 right before her parents are killed An automobile runs their carriage off the road Tiffany is thrown into a nearby tree while her parents plunge to their deaths at the bottom of a ravine As Tiffany hangs from its limbs the tree is struck by lightning strangely Tiffany finds herself transported decades into the future It won't be the last time Although Tiffany eventually returns to 1898 in 1910 an even bigger shock comes her way Directly following her wedding an electric shock sends her to the year 2011 Tiffany understands what has occurred but her great granddaughter Kate Dixon does not Suddenly Kate finds herself transported to the year 1910 Not only that but she is inhabiting the body of Mrs Tiffany Abernathy Nichols A modern science experiment has created a black hole deep beneath the surface of Portland Maine Time travel occurs through this black hole but the ramifications are much more severe than body swapping Because of the black hole the trajectory of Earth in 1910 has been thrown into the path of Halley's Comet and certain destruction Will Tiffany and Kate be able to fix what has been done or will they also die each trapped in the body of the other

Maybrick stood trial for the alleged arsenic poisoning of her much older husband Liverpool cotton merchant James Maybrick. The Maybrick Mystery had all the makings of a sensation: a pretty flirtatious woman, resentful gossiping servants, rumors of gambling and debt, and scandalous mutual infidelity. The case cracked the varnish of Victorian respectability, shocking and exciting the public in equal measure as they clamored to read the latest revelations of Florence's past and glimpse her likeness in Madame Tussaud's. Florence's fate was fiercely debated in the courtroom, on the front pages of the newspapers, and in parlors and backyards across the country. Did she poison her husband? Was her previous infidelity proof of murderous intentions? Was James's own habit of self-medication to blame for his demise? In this book, historian and CWA Gold Dagger Award nominee Kate Colquhoun recounts an utterly absorbing tale of addiction, deception, and adultery that keeps you asking to the very last page: Did she kill him?

Death At Glamis Castle Robin Paige, 2004-03-02 Lord Charles Sheridan and his clever American wife Kate have been summoned by the king to clear the name of a prince who's been living secretly at Glamis under an assumed name while keeping his true identity secret.
