Queen Of The Bs Ida Lupino Behind The Camera:

Queen of the 'B's Annette Kuhn, 1995-08-24 Although Ida Lupino is best known as a leading actress in many Hollywood B movies her work as a filmmaker has been neglected by critics historians and audiences In the late 1940s Lupino turned writer producer and director in her own independent production company The films she made beginning with Not Wanted in 1949 were low budget pictures taking an uncompromising approach to controversial subject matter unmarried motherhood disability rape bigamy Lupino is exceptional as the only woman to have directed a visible body of films in the male dominated Hollywood of the 1950s The continuation of that directorial career in television throughout the 1960s strengthens the claim that Lupino is the most prolific and creatively powerful woman director ever to have worked in the moving image industry This book is the first extensive critical study of Ida Lupino's work as a director in both film and television It features in depth essays on each of the films she directed and on her work in television including such popular series as The Fugitive and The Twilight Zone with the most complete credit listing yet published of her television work Viewing Lupino's oeuvre in historical social industrial and aesthetic contexts all the contributors demonstrate that the work repays informed and sensitive readings and many consider it in light of contemporary feminist debates on cinema Queen of the B's is a long overdue reassessment of an important and pioneering director Ida Lupino, Filmmaker Phillip Sipiora, 2021-07-15

Ida Lupino, Filmmaker begins with an exploration of biographical studies and analytical treatments of Lupino's film and television work as director moving forward to assess Lupino's career in film and television with particular attention given to Lupino's singular pioneering achievements and her role's within the cultural milieu's of her time particularly the representation of women in cinema Each chapter includes a close analysis of the film or television work with insights drawn from film history and cultural gender studies to demonstrate that Lupino was a significant directorial figure in the development of film especially in the late 1940s and early 1950s and in television extending well into the 1960s Lupino left her imprint on filmmaking and her canon of film and television work continue to influence Hollywood movie making The contributors to this volume assess Lupino's main strengths as a filmmaker her treatment of narrative movement plotting dialogue gender roles and uses of tradition representations of men and women in frames of parody and satire The book collectively examines the successes and failures of Lupino's directorial career including focusing on the reasons why she initially proved to be so strategic to the progress of women behind the camera Ida Lupino Gillian Kelly, 2025-07-22 This book contributes to a welcome new wave focusing on the importance of female filmmakers providing a reappraisal of Ida Lupino a cinematic figure of significant importance Given her ability to move between popular and independent cinemas and her status as both a Hollywood star and director writer producer of socially relevant films overlooked by the mainstream Lupino is a particularly interesting case study Employing a range of critical approaches including feminist theory auteur theory and critical theory this book investigates key themes and motifs that developed across Lupino's unusual and unique career as one of the most

significant female players in film history Investigating her oeuvre as actress director writer and producer it discusses Lupino as a complex and important filmmaker whose career on both sides of the camera requires substantially more critical attention than it has been awarded thus far

The Battle for the Bs Blair Davis, 2012-04-06 The emergence of the double bill in the 1930s created a divide between A pictures and B pictures as theaters typically screened packages featuring one of each With the former considered more prestigious because of their larger budgets and more popular actors the lower budgeted Bs served largely as a support mechanism to A films of the major studios most of which also owned the theater chains in which movies were shown When a 1948 U S Supreme Court antitrust ruling severed ownership of theaters from the studios the B movie soon became a different entity in the wake of profound changes to the corporate organization and production methods of the major Hollywood studios In *The Battle for the Bs* Blair Davis analyzes how B films were produced distributed and exhibited in the 1950s and demonstrates the possibilities that existed for low budget filmmaking at a time when many in Hollywood had abandoned the Bs Made by newly formed independent companies 1950s B movies took advantage of changing demographic patterns to fashion innovative marketing approaches They established such genre cycles as science fiction and teen oriented films think *Destination Moon* and *I Was a Teenage Werewolf* well before the major studios and also contributed to the emergence of the movement now known as underground cinema Although frequently proving to be multimillion dollar box office draws by the end of the decade the Bs existed in opposition to the cinematic mainstream in the 1950s and created a legacy that was passed on to independent filmmakers in the decades to come
