The Autobiography of The Queen Emma Tennant, 2012-08-22 The Queen goes AWOL No one can find her where is she going and why In Emma Tennant's hilarious autobiography of Queen Elizabeth the monarch moves to the Caribbean island of St Lucia where after more than half a century on the throne she can recall the years of her reign in peace and tranquillity But the house is no more than a hole in the ground her servants are gone and no one knows that Mrs Gloria Smith is the Queen of England The Queen quickly realizes she has a lot to learn about living life as a commoner The story of the sovereign's new life in St Lucia is a funny and touching account of the friendship sometimes contentious and on occasion baffling between Her Majesty Queen Elizabeth and a young St Lucian Austin Ford How the Queen reacts to her new life and how she changes as a result make **The Autobiography of the Queen** a hilarious and moving tale in which her need for her subjects is marked as their dependence on her staying on the throne A quiet quirky charm
