Queer Science The Use Abuse Of Research On Homosexuality:

Queer Science ,1996 Queer Science Former Associate Professor Simon LeVay, Ph.D.,2014-05-13 What makes people gay lesbian bisexual or heterosexual And who cares These are the twin themes of *Queer Science* a scientific and social analysis of research in the field of sexual orientation Written by one of the leading scientists involved in this research it looks at how scientific discoveries about homosexuality influence society s attitude toward gays and lesbians beginning with the theories of the German sexologist and gay rights pioneer Magnus Hirschfeld and culminating with the latest discoveries in brain science genetics and endocrinology and cognitive psychology Research into homosexuality exemplifies both the promise and the danger of science applied to human nature LeVay argues that the question of causation should not be the crucial issue in the gay rights debate but that science does have an important contribution to make It can help to demonstrate that the traditional and still prevalent view of homosexuality as a mere set of behaviors that anyone might show is inadequate and that gays and lesbians are in a real sense a distinct group of people within the larger society with a privileged insight into their own natures *Queer Science* Simon LeVay,1996-05-14 What makes people gay lesbian bisexual or heterosexual And who cares Written by one of the leading scientists in the research of sexual orientation *Queer Science* looks at how scientific discoveries about homosexuality influence society s attitude toward gays and lesbians beginning with the theories of the German sexologist and gay rights pioneer Magnus Hirschfeld and culminating with the latest discoveries in brain science genetics endocrinology and cognitive psychology *American Homo* Jeffrey Escoffier,2018-10-02 *American Homo* offers a sweeping interpretation of the political cultural and economic struggles of lesbian gay and bisexual people to reveal how sexual minorities have challenged and changed American society These provocative essays by long time activist writer and theorist Jeffrey Escoffier tracks the lesbian and gay movements across the contested terrain of American political life Starting from an urban subculture created by stigmatized and invisible men and women LGBT movements have had to negotiate the historical tension between the homoeroticism that courses through American culture and virulent outbreaks of homophobic populism Escoffier explores how every new success whether it s civil rights marriage or cultural recognition also enables new disciplinary and normalizing forms of domination and why only the active exercise of democratic rights and participation in radical coalitions allows LGBT people to sustain both the benefits of community and the freedom of sexual perversity **Homosexuality and Science** Vernon A. Rosario,2002-04-08 This comprehensive resource explores the role of science and scientific discovery in the nature versus pathology debate surrounding homosexuality *Homosexuality and Science* is the compelling history of this intense ongoing scientific controversy The story begins in the Victorian era when doctors were horrified to discover that homosexuality which they called sexual perversion was widespread probably the result of childhood masturbation they theorized and sure to result in mental weakness and blindness for generations to come The story progresses to a world where gay lesbian transgender and bisexual scientists are involved in sexuality research but

where the AIDS pandemic has given rise to reparative therapy and ministries that claim to cure homosexuality This high interest title shows how our understanding of homosexuality has been shaped not only by theories of evolution eugenics endocrinology neurobiology molecular biology psychology genetics anthropology and sexology but also by the values of the times

Historical Dictionary of Homosexuality Brent L. Pickett, 2022-04-04 The history of same sex attraction and love is relevant to many aspects of history including its social religious and political dimensions The *Historical Dictionary of Homosexuality* provides a comprehensive survey of same sex relations from ancient China and Greece to the contemporary world The book covers religious traditions that have tolerated or had a role for same sex relations to those that have condemned it and called for punishment The legal treatment of homosexuality and the development in the modern world of a gay rights movements are central areas of focus In addition there are a number of entries for specific countries and regions that provides concise summaries of how same sex relations have been understood and treated around the globe Court decisions and emerging norms in international law are also covered *Historical Dictionary of Homosexuality* Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 200 cross referenced entries on important historical figures philosophic artistic and literary treatments of same sex love historical terms and contemporary events This book is an excellent resource for students researchers and anyone wanting to know more about homosexuality

Handbook of Lesbian and Gay Studies Diane Richardson, Steven Seidman, 2002-11-18 Drawing from a rich team of global contributors and carefully structured to elucidate the core issues in the field this text is organised into four sections History and theory Identity and community Institutions and Politics

Historical Dictionary of the Lesbian and Gay Liberation Movements JoAnne Myers, 2013-09-19 Not so long ago hardly anything was said of the Lesbian Liberation Movement and the Gay Liberation Movement indeed the terms gay and lesbian were not even used if some other expression could be found Today by contrast hardly a day passes when something important does not occur and is carried by the major media and disseminated on more personal levels through blogs and the social media If anything there is perhaps too much news and not enough information Obviously a book like this cannot keep up with the news but it can do something equally important when it comes to information by reminding us of the past and what has been going and just how fast events are moving The *Historical Dictionary of the Lesbian and Gay Liberation Movements* covers the history of this movement through a cross referenced dictionary with over 1000 entries on specific countries and regions influential historical figures laws that criminalized same sex sexuality various historical terms that have been used to refer to aspects of same sex love and contemporary events and legal decisions Including a comprehensive chronology and bibliography this book is an excellent access point for students researchers and anyone interested in learning more about the struggle for equality

Queering Criminology Matthew Ball, Thomas Crofts, Angela Dwyer, 2016-01-26 Queer criminological work is at the forefront of critical academic criminology responding to the exclusion of queer communities from criminology and the

injustices that they experience through the criminal justice system This volume draws together both theoretical and empirical contributions that develop the growing scholarship being produced at the intersection of queer and criminology Reflecting the diversity of research that is undertaken at this intersection the contributions to this volume offer a deeper theoretical and conceptual development of this field alongside empirical research that illustrates the continued relevance and urgency of such scholarship The contributions consider what it means to be queering criminology in the current political social and criminological climate and chart directions along which this field might develop in order to ensure that greater social and criminal justice for LGBTIQ communities is achieved

Peter Akinola: Who Blinks First? Gbenga

Gbesan,2020-03-30 To the astonishment and dismay of Anglican leadership in the Global North Nigeria's Archbishop Peter Akinola led the Global South's revolt against the campaign to normalize homosexuality within the global Anglican communion For this he was twice recognized by Time magazine as one of the 100 Most Influential People on earth As shepherd of an immense Nigerian flock he joined arms with like minded archbishops in Africa Asia and South America to insist that the church be guided by the Bible rather than culture Here is the remarkable story of this conflict from its social beginnings in nineteenth century Germany through the renegade behavior of national churches in Canada the United States and the United Kingdom on to gatherings addressing the issues from Dromantine Northern Ireland to Kuala Lumpur Malaysia At one point Archbishop of Canterbury Rowan Williams who had been enabling the progressives challenged Archbishop Akinola We shall see who blinks first Since that day it is clear that neither Akinola nor his colleagues have blinked Indeed through the formation of GAFCON Global Anglican Future Conference and union with biblically faithful Anglicans in the Global North they are pressing their cause with an eye toward the next decennial assembly of bishops at Lambeth

101 Frequently

Asked Questions About Homosexuality Mike Haley,2004-06-01 101 Probing Questions 101 Compassionate and Scriptural Answers from Focus on the Family's Mike Haley Almost daily we hear news reports that confirm the acceptance of homosexuality in our culture Homosexuals are adopting children appearing as characters on television programs taking vacations catering to an exclusively gay clientele and even seeking the right to marry their partners But is this acceptance healthy for society Few topics can raise so many questions so quickly And for many readers those questions hit close to home as they learn of the homosexuality of a loved one or close friend Here are the answers to the most often asked questions about homosexuality fielded by an expert on the subject and a former homosexual himself

Bodies and Pleasures Ladelle

McWhorter,1999-07-22 Sexual identities are dangerous Michel Foucault tells us Here Ladelle McWhorter reads Foucault from an original and personal angle and takes the reader beyond unexplored norms and imposed identities as she points the way toward a personal politics ethics and style that challenge our sexual selves Copyright Libri GmbH All rights reserved

Transtopia in the Sinophone Pacific Howard Chiang,2021-04-06 As a broad category of identity transgender has given life to a vibrant field of academic research since the 1990s Yet the Western origins of the field have tended to limit its cross

cultural scope Howard Chiang proposes a new paradigm for doing transgender history in which geopolitics assumes central importance Defined as the antidote to transphobia transtopia challenges a minoritarian view of transgender experience and makes room for the variability of transness on a historical continuum Against the backdrop of the Sinophone Pacific Chiang argues that the concept of transgender identity must be rethought beyond a purely Western frame At the same time he challenges China centrism in the study of East Asian gender and sexual configurations Chiang brings Sinophone studies to bear on trans theory to deconstruct the ways in which sexual normativity and Chinese imperialism have been produced through one another Grounded in an eclectic range of sources from the archives of sexology to press reports of intersexuality films about castration and records of social activism this book reorients anti transphobic inquiry at the crossroads of area studies medical humanities and queer theory Timely and provocative Transtopia in the Sinophone Pacific highlights the urgency of interdisciplinary knowledge in debates over the promise and future of human diversity **The Routledge**

Companion to Gender and Crime Francesca Spina, 2025-07-30 The Routledge Companion to Gender and Crime offers a comprehensive intersectional and global exploration of gender and crime addressing patterns of offending and victimization criminal justice system challenges and the evolving role of gender in criminal justice worldwide This edited collection will help readers gain an understanding of the intersectional and global dynamics of gender and crime including offending and victimization patterns justice system challenges and professional practices It examines gendered differences in criminal processing sentencing and supervision and touches upon contemporary issues that practitioners face related to gender and sexuality such as gender and health in prisons The book delivers this through chapters written by experts integrating cutting edge research real world applications and diverse perspectives to address contemporary issues in criminology and criminal justice This handbook expands upon existing works to include a background on gender and crime theories related to gendered victimization and offending and the importance of intersectionality The Routledge Companion to Gender and Crime will be of interest to both undergraduate and graduate students in criminology and criminal justice programs as well as researchers and educators in gender politics and sociology Gay and Lesbian Elders Nancy J. Knauer, 2016-04-15

The approximately two million gay and lesbian elders in the United States are an underserved and understudied population At a time when gay men and lesbians enjoy an unprecedented degree of social acceptance and legal protection many elders face the daily challenges of aging isolated from family detached from the larger gay and lesbian community and ignored by mainstream aging initiatives Drawing on materials from law history and social theory this book integrates practical proposals for reform with larger issues of sexuality and identity Beginning with a summary of existing demographic data and offering a historical overview of pre Stonewall views of homosexuality author Nancy J Knauer goes on to address the invisibility of this community She examines the multiple double binds central to their identity formation including ageism among gays and lesbians and homophobia among seniors Further the book focuses on specific legal concerns such as estate planning housing

discrimination and financial insecurity and how they impact this community uniquely Integrating theory with practical questions of policy and advancing a new understanding of the construction of sexuality and identity this book advocates meaningful new reforms designed to ensure equity and dignity in aging regardless of sexual orientation Masked Voices Craig M. Loftin, 2012-04-01 An analysis of unpublished letters to the first American gay magazine reveals the agency adaptation and resistance occurring in the gay community during the McCarthy era *Of Maybugs and Men* Pieter R. Adriaens, 2022-12-21 Introduction thinking about science and homosexuality Not by genes and hormones alone on homosexuality and innateness Sham matings and other shenanigans on animal homosexuality Beyond the paradox on homosexuality and evolutionary theory Values facts and disorders on homosexuality and psychiatry Epilogue gaydars and the dangers of research on sexual orientation **The Noble Lie** Gary Greenberg, 2008-09-01 Is drug addiction really a disease Is sexuality inborn and fixed or mutable Science is where we often turn when we can't achieve moral clarity In *The Noble Lie* acclaimed and controversial science writer Gary Greenberg shows how scientists try to use their findings to resolve the dilemmas raised by some of the most hotly contested issues of our time from gay rights to euthanasia and the drug war He reveals how their answers often turn out to be more fiction than science and explores whether they cause more harm than good **Reader's Guide to Lesbian and Gay Studies** Timothy Murphy, 2013-10-18 *The Reader's Guide to Lesbian and Gay Studies* surveys the field in some 470 entries on individuals Adrienne Rich arts and cultural studies Dance ethics religion and philosophical issues Monastic Traditions historical figures periods and ideas Germany between the World Wars language literature and communication British Drama law and politics Child Custody medicine and biological sciences Health and Illness and psychology social sciences and education Kinsey Report **The Double-Edged Helix** Joseph S. Alper, Catherine Ard, Adrienne Asch, Jon Beckwith, Peter Conrad, Lisa N Geller, 2003-05-06 This bioethics anthology exploring the questions and controversies surrounding the innovations of 21st century genetics When the Human Genome Project completed its work in the early 2000s it was hailed as a watershed moment in the history of medicine But not everyone felt the same optimism about where the breakthrough might lead *The Double Edged Helix* explores the impact of recent genetic discoveries on society as a whole as well as individual populations and communities This volume outlines potential positive and negative effects of genetic research on minorities individuals with disabilities and those of diverse sexual orientations Presenting a wide array of perspectives contributors address the medical and ethical implications of newly available technologies from prenatal genetic screenings to the so called gay gene debates They emphasize the need to ensure that genetics research does not lead to discrimination against people on the basis of their DNA *A Choice Magazine Outstanding Academic Title*
