Quentin Tarantino FAQ Dale Sherman,2015-02-01 Quentin Tarantino is a man who came to Hollywood and didn t break the rules so much as make plain that he didn t even notice them Making the films he wanted to see Tarantino broke through with Reservoir Dogs in 1992 and then cemented his reputation in 1994 with the release of Pulp Fiction As his fame grew he spread his love for movies that are far from commonplace through his promotion of older films and theaters and by reviving the stalled careers of actors such as John Travolta Pam Grier and David Carradine Quentin Tarantino FAQ examines the movies directed by Tarantino the influences on his work and the inspiration he gave to others There are also chapters on certain recurring elements in his films from fake product placement to the music actors and even cinematic moments used The book also reviews his work in television the articles written about him or by him over the years his acting career his public battles and some of the projects he abandoned along the way It all comes together to tell the story of a man who forged his own unique path and helped shape the way movies are made today

Hollywood's Italian American Filmmakers Jonathan J. Cavallero,2011-05-01 Hollywood s Italian American Filmmakers explores the different ways in which Italian American directors from the 1920s to the present have responded to their ethnicity While some directors have used film to declare their ethnic roots and create an Italian American imagined community others have ignored or even denied their background Jonathan J Cavallero examines the films of Frank Capra Martin Scorsese Nancy Savoca Francis Ford Coppola and Quentin Tarantino with a focus on what the films reveal about each director s view on Italian American identities Whereas Capra s films highlight similarities between immigrant characters and WASP Americans Scorsese accepts his ethnic heritage but also sees it as confining Similarly many of Coppola s films provide

a nostalgic treatment of Italian American identity but with little criticism of the culture's more negative aspects And while Savoca's movies reveal her artful ability to recognize how ethnic gender and class identities overlap Tarantino's films exhibit a playfully postmodern engagement with Italian American ethnicity Cavallero's exploration of the films of Capra Scorsese Savoca Coppola and Tarantino demonstrates how immigrant Italians fought prejudice how later generations positioned themselves in relation to their predecessors and how the American cinema usually seen as a cultural institution that works to assimilate has also served as a forum where assimilation was resisted

Roll Over Adorno Robert Miklitsch, 2012-02-01 What happens when Theodor Adorno, the champion of high classical artists such as Beethoven, comes into contact with the music of Chuck Berry, the de facto king of rock n roll? In a series of readings and meditations, Robert Miklitsch investigates the postmodern nexus between elite and popular culture as it occurs in the audiovisual fields of film, music and television, ranging from Gershwin to gangsta rap, Tarantino to Tongues Untied, Tony Soprano to Buffy the Vampire Slayer. Miklitsch argues that the aim of critical theory in the new century will be to describe and explain these commodities in ever greater phenomenological detail without losing touch with those
