**The Journey Home** Edward Abbey,1991-01-30 The Journey Home ranges from the surreal cityscapes of Hoboken and Manhattan to the solitary splendor of the deserts and mountains of the Southwest It is alive with ranchers dam builders kissing bugs and mountain lions In a voice edged with chagrin Edward

Abbey offers a portrait of the American West that we'll not soon forget offering us the observations of a man who left the urban world behind to think about the natural world and the myths buried therein Abbey our foremost ecological philosopher has a voice like no other He can be wildly funny ferociously acerbic and unexpectedly moving as he ardently champions our natural wilderness and castigates those who would ravish it for the perverse pleasure of profit **Rebel Gold** Warren Getler, Bob Brewer, 2008-06-18 As a boy growing up in rural Arkansas Bob Brewer often heard from his uncle and his great uncle about a particular tree in the woods the Bible Tree filled with strange carvings Years later he would learn that this tree was carved with symbols associated with the Knights of the Golden Circle a Civil War era secret society that had buried gold coins and other treasure in various remote locations across the South and Southwest in hopes of someday funding a second War Between the States These secret caches were guarded by sentinels men whose responsibility it was to watch and protect these sites To his astonishment Bob discovered that both his uncle and his great uncle had been twentieth century sentinels and that he had grown up near an important KGC treasure site In *Shadow of the Sentinel* Bob Brewer and investigative journalist Warren Getler tell the fascinating story of the Knights of the Golden Circle and the hidden caches the KGC established across the country Brewer reveals how with agonizing effort he eventually deciphered the fiendishly complicated KGC codes and ciphers which drew heavily on images associated with Freemasonry Many of the key KGC post Civil War leaders were Scottish Rite Masons who used the cover of that secret fraternity to conduct their activities Using his knowledge of KGC symbolism to crack coded maps Brewer has located several KGC caches and has recovered gold coins guns and other treasure from some of them *Shadow of the Sentinel* is the most comprehensive account yet of the activities of the KGC after the Civil War and indeed into the 1900s Getler and Brewer suggest that the clandestine network of KGC operatives was far wider than previously thought and that it included Jesse James the former Confederate guerrilla whose stage and bank robberies helped to fill KGC treasure chests This is a rousing and provocative adventure that weaves together one man's personal quest with an intriguing little known chapter in America's hidden history **The Quest for the Golden Trout** Douglas M. Thompson, 2013-09-22 The angler's dream of fishing pristine waters in unspoiled country for sleek healthy trout has turned fishing into a form of theater It is a manufactured experience much to the detriment of our rivers and streams Americans love of trout has reached a level of fervor that borders on the religious Federal and state agencies as well as nongovernmental lobbying groups invest billions of dollars on river restoration projects and fish stocking programs Yet their decisions are based on faulty logic and risk destroying species they are tasked with protecting River ecosystems are modified with engineered structures to improve fishing native species that compete with trout are eradicated and nonnative invasive game fish are indiscriminately introduced genetically modified and selectively bred to produce more appealing targets for anglers including the freakishly contrived golden trout *The Quest for the Golden Trout* is about looking at our nation's rivers with a more critical eye and asking more questions about both historic and current practices in fisheries
