Small Towns and Decentralisation in India Rémi de Bercegol, 2016-09-29 This book examines the impact that decentralisation reforms initiated in the early 1990s have had on small towns in India It specifically focuses on small towns in Uttar Pradesh one of the most densely populated and poorest states in India Although considered home to one of the oldest urban civilisations India remains one of the least urbanised regions in the world At the same time the country has many million strong metropolises that are among the world's largest megacities as well as a multitude of small and medium sized towns and cities This paradoxical urbanisation against a backdrop of reforms has interested the scientific community to gain a more nuanced understanding of the changes and challenges involved This book analyses an urban environment often overlooked by researchers and public authorities namely that of small towns These towns are of vital importance as this is where the bulk of future urban development will take place However decades after implementation of the reforms the majority of reviews and assessments have focused on large cities and so the impacts of the reform on small towns are still poorly understood This book includes extensive primary data about political technical and financial municipal issues in small towns of northern India and is therefore of interest to students researchers and planners working on urban and regional studies in the global South

City Dreams, Country Schemes Kathleen A. Brosnan, Amy L. Scott, 2013-10-11 The American West from the beginning of Euro American settlement has been shaped by diverse ideas about how to utilize physical space and natural environments to create cohesive, sometimes exclusive community identities. When westerners developed their towns, they constructed spaces and cultural identities that reflected alternative understandings of modern urbanity. The essays in *City Dreams, Country Schemes* utilize an interdisciplinary approach to explore the ways that westerners conceptualized built and inhabited urban, suburban, and exurban spaces in the twentieth century. The contributors examine such topics as the attractions of open space and rural gentrification in shaping urban development, the role of tourism in developing national parks, historical sites and California's Napa Valley, and the roles of public art, gender, and ethnicity in shaping urban centers. *City Dreams, Country Schemes* reveals the values and expectations that have shaped the West and the lives of the people who inhabit it.

D'Arc, 2010-09-01 For nearly a hundred years, the state of Utah has played host to scores of Hollywood films, from potboilers on lean budgets to some of the most memorable films ever made, including *The Searchers*, *Butch Cassidy and the Sundance Kid*, *Footloose*, and *Thelma & Louise*. Walter Benjamin and the Arcades Project Beatrice Hanssen, 2006-07-27 One of the most significant cultural documents of the Weimar Republic and Nazi era, Walter Benjamin's unfinished *Arcades Project* has had a remarkable impact on present-day cultural theory, urban studies, cultural studies, and literary interpretation. Originally designed as a panoramic study chronicling the rise and decline of the Parisian shopping arcades, Benjamin's work combines imaginative peregrinations through the changing cityscape of nineteenth-century Paris with passages that read like a blueprint for a new cultural theory of modernity. *Walter Benjamin and the Arcades Project* provides the first comprehensive introduction to this extraordinary work, accessible to English language readers. The diverse range of issues explored includes the nature of collecting, the anatomy of melancholy, the flâneur, the physiognomy of ruins, the dialectical image, Benjamin's relation to Baudelaire, the practice of history writing, and modernity and architecture. Contributors include Susan Buck-Morss, Stanley Cavell, Jonathan Culler, Brigid Doherty, Barbara Johnson, Esther Leslie, Gerhard Richter, Andrew Benjamin, Howard Caygill, Beatrice Hanssen, Detlef Mertins, Elissa Marder, Tyrus Miller, and Irving Wohlfarth.
