Quest for the Babingas Lucien Demesse,1958 **Quest for the Babingas** Lucien Demesse,1958 Africa's Slaves Today Jonathan Derrick,2022-09-21 Africa s Slaves Today first published in 1975 examines the question of the persistence of slavery in modern Africa It concludes that slavery is by no means dead in certain regions but that at the same time clear cut definitions of slave and free are often impossible to establish In the Sahara particularly centuries of tradition involving slavery or semi slavery have ensured a persistence of the status quo in all but name Recent instances of Africans sold into slavery in Arabia are discussed together with a detailed survey of slavery throughout North Africa and Ethiopia At what stage forced labour becomes slavery is a difficult question raised by the discussion of the white South The whole subject of slavery is put into perspective by contrasting examinations of the historical situation throughout the book **General Catalogue of Printed Books** British Museum. No Mercy Redmond O'Hanlon,1997 Lit with humor full of African birdsong and told with great narrative force No Mercy is the magnum opus of probably the finest writer of travel books in the English language as Bill Bryson wrote in Outside and certainly the most daring Redmond O Hanlon has journeyed among headhunters in deepest Borneo with the poet James Fenton and amid the most reticent imperilled and violent tribe in the Amazon Basin with a night club manager This however is his boldest journey yet Accompanied by Lary Shaffer an American friend and animal behaviorist a man of imperfect health and brave decency he enters the unmapped swamp forests of the People s Republic of the Congo in search of a dinosaur rumored to have survived in a remote prehistoric lake The flora and fauna of the Congo are unrivalled and with matchless passion O Hanlon describes scores of rare and fascinating animals eagles and parrots gorillas and chimpanzees swamp antelope and forest elephants But as he was repeatedly warned the night belongs to Africa and threats both natural cobras crocodiles lethal insects and supernatural from all powerful sorcerers to Samale a beast whose three clawed hands rip you across the back make this a saga of much fear and trembling Omnipresent too are ecological depredations political and tribal

brutality terrible illness and unnecessary suffering among the forest pygmies and an appalling waste of human life throughout this little explored region An elegant disturbing and deeply compassionate evocation of a vanishing world extraordinary in its depth scope and range of characters No Mercy is destined to become a landmark work of travel adventure and naturalhistory A quest for the meaning of magic and the purpose of religion and a celebration of the comforts and mysteries of science it is also and above all a powerful guide to the humanity that prevails even in the very heart of darkness
