## **Quest For The Original Gita Second Revised Edition:**

**The Roots of the Bhagavadgita Volume II** Gerard DC Kuiken,2018-01-12 The Svabhavikasutra is the original text on which the Bhagavadgita has been interpolated The additions include reference to caste and the system of four classes with a religious devotion to the god Krishna and a war as background The roots of the Bhagavadgita the Svabhavikasutra focuses on a deep spiritual philosophy without a reference to a caste system or to Arjuna or Krishna or to a war *The Roots of the Bhagavadgita Volume I (b)* Gerard DC Kuiken,2018-08-12 This work aims for a translation close to what is found in the Sanskrit text All translators make choices based on their background and understanding of the context of a text Not knowing Sanskrit a reader has to accept the translator s choices By providing a dictionary which includes the inflected forms occurring in the Sanskrit verses the reader can accept the translation change it and or gain a deeper understanding of the Sanskrit verse under consideration Using the Index of Verb Forms a student of Sanskrit can find examples of inflected forms applied in the 320 verses of the Bhagavadgita translated in this book The Index of Meanings gives the underlying meaning of the root of a verb In the introduction to each chapter comments on the Svabhavikasutra and the Bhagavadgita are compared

**The Bhagavad-Gita for the Modern Reader** M. V. Nadkarni,2019-03-20 What is the Bhagavad Gita Is it just a religious text When was it composed How relevant is it to the modern world This book answers these foundational questions and more It critically examines the Bhagavad Gita in terms of its liberal humanist and inclusive appeal bringing out its significance for both present times and novel applications The author elaborates the philosophy underlying the text as well as its ethical and spiritual implications He also responds to criticisms that have been levelled against the text by Ambedkar D D Kosambi and more recently Amartya Sen With additional material including chapter summaries of the Bhagavad Gita the second edition of the volume proposes new ways of utilising the text in diverse fields such as business and management and scientific research Eclectic and accessible this work will be of interest to scholars of philosophy religion history business and management studies as well as the general reader *The Radical Humanist* Manabendra Nath Roy,1990 *The Nay Science* Vishwa Adluri,Joydeep Bagchee,2014-06-03 The Nay Science offers a new perspective on the problem of scientific method in the human sciences Taking German Indological scholarship on the Mahabharata and the Bhagavadgita as their example Adluri and Bagchee develop a critique of the modern valorization of method over truth in the humanities The authors show how from its origins in eighteenth century Neo Protestantism onwards the critical method was used as a way of making theological claims against rival philosophical and or religious traditions Via discussions of German Romanticism the pantheism controversy scientific positivism and empiricism they show how theological concerns dominated German scholarship on the Indian texts Indology functions as a test case for wider concerns the rise of historicism the displacement of philosophical concerns from thinking and the belief in the ability of a technical method to produce truth Based on the historical evidence of the first part of the book Adluri and Bagchee make a case in the second part for going beyond both the

critical pretensions of modern academic scholarship and the objections of its post structuralist or post Orientalist critics By contrasting German Indology with Plato s concern for virtue and Gandhi s focus on praxis the authors argue for a conception of the humanities as a dialogue between the ancients and moderns and between eastern and western cultures     **A**

**Comparative Study of the Bhagavad-gītā and the Spiritual Exercises of Saint Ignatius of Loyola on the Process of Spiritual Liberation** Varghese Malpan,1992 After the Second Vatican Council there has been within the Indian Church a

growing interest in and concern for whatever is of perennial value in Hinduism Keeping this in mind the present study aims at comparing and contrasting the teachings of the Bhagavad Gita and the Spiritual Exercises of Saint Ignatius of Loyola on the process of spiritual liberation It is striking that in these two books under investigation the process of spiritual liberation is interwoven with the vision of service the knowledge of God and His ways and the experience of the love of God The study makes use of the comparative method which incorporates historical exegetical and critical analyses of the relevant texts of the two sources     *The Poetics of Slavdom* Zdenko Zlatar,2007 Between 1400 and 1878 the majority of Southern Slavic

peoples endured several centuries of Ottoman rule In the nineteenth century there was a movement among both the Croats and the Serbs to set aside regional ethnic religious and cultural differences in order to work together toward the liberation of all the Southern Slavs from the Ottoman yoke These volumes explore how the masterpieces of two leading poets among the Croats and Serbs Ivan Mazurani 1814 1890 and Petar II Petrovi Njegos 1813 1851 who was Prince Bishop of Montenegro from 1830 1851 dealt with the Southern Slavs relationship to Islam in their greatest poetic works *The Death of Smail agha engi* and *The Mountain Wreath* respectively     *American Book Publishing Record* R.R. **the Body** Edward Clark,Laurie A. Greene,2025-04-11 Yoga and the Body The Future of Modern Yoga in the Studio and Beyond imagines the prospects for physical yoga practice The authors writing as advanced practitioners and teachers share their enthusiasm for yoga and lay out the ways its physical practices can evolve and make an impact upon our understanding of consciousness The chapters examine techniques trends and beliefs about contemporary practices and then speculate about where these could lead Topics include the central importance of the body in spiritual experience the role of emotions and imagination in consciousness the insights gained through aesthetic philosophy about the nature of reality and yogic techniques used for exploring the mind body and spirit This book is for anyone who has ever taken a yoga class and wondered if they are missing something It is a thoughtful and entertaining guide to embodied exploration for those who are genuinely curious about modern yoga and its future     *Athenaeum and Literary Chronicle* James Silk Buckingham,John

*Man in Search of Immortality* Swami Nikhilananda,2019-04-03 This book first published in 1968 comprises five articles

on the immortality of the soul According to Hindu tradition this immortality cannot be proved by the scientific method of reasoning it is based upon scriptural evidence and on the direct experience of enlightened souls These articles examine the Hindu tradition and provide reasoned support to the scriptures and experiences *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1973 **The German Gita** Bradley L. Herling, 2014-02-04 How did the Bhagavadgīt first become an object of German philosophical and philological inquiry How were its foundational concepts initially interpreted within German intellectual circles and what does this episode in the history of cross cultural encounter teach us about the status of comparative philosophy today This book addresses these questions through a careful study of the figures who read translated and interpreted the Bhagavadgīt around the turn of the nineteenth century in Germany J G Herder F Majer F Schlegel A W Schlegel W von Humboldt and G W F Hegel Methodologically the study attends to the intellectual contexts and prejudices that framed the early reception of the text But it also delves deeper by investigating the way these frameworks inflected the construction of the Bhagavadgīt and its foundational concepts through the scholarly acts of excerpting anthologization and translation Overall the project contributes to the pluralization of Western philosophy and its history while simultaneously arguing for a continued critical alertness in cross cultural comparison of philosophical and religious worldviews *The Saturday Review of Politics, Literature, Science and Art*, 1874 *Indian Books in Print*, 2001

**Stan'S Leap** Tom Duerig, 2009-06-11 Stan and Jenny wanted to take one last trip together before their first child was born The remote Henderson Island sounded idyllic far away from everyone and everything including modern amenities and electronic devices of any kind the ultimate getaway But when a mysterious storm strikes Stan and Jenny find out just how ultimate and permanent their getaway is Stans Leap explores what happens when strangers from vastly different backgrounds are forced to survive together with no hope of ever seeing friends or family again Clashes arise between faith and science older and younger generations and unfamiliar cultures I can say without reservation that Stans Leap by Tom Duerig is one of the best adventure action fiction novels that I have ever read The Book Review p Even though this book is reminiscent of the infamous Lord of the Flies Stans Leap has its own unique voice perhaps unique enough to be as memorable as its similar predecessor It has become one of my all time favorites and I will read it again and again Literary R R I especially enjoyed the ending which managed to be not only surprising and ironic but highly plausible as well Chicago Center for Literature and Photography A great mystery and adventure story Blog o the Irish
