Quest For The Presidency 199:

The Loudest Voice in the Room Gabriel Sherman, 2014-01-14 A revelatory journey inside the world of Fox News and Roger Ailes the brash sometimes combative network head who helped fuel the rise of Donald Trump NEW YORK TIMES BESTSELLER NOW A SHOWTIME LIMITED SERIES NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR When Rupert Murdoch enlisted Roger Ailes to launch a cable news network in 1996 American politics and media changed forever With a remarkable level of detail and insight Vanity Fair magazine reporter Gabriel Sherman puts Ailes's unique genius on display along with the outsize personalities Bill O'Reilly Sean Hannity Megyn Kelly Sarah Palin Karl Rove Glenn Beck Mike Huckabee Gretchen Carlson Bill Shine and others who have helped Fox News play a defining role in the great social and political controversies of the past two decades From the Clinton Lewinsky scandal to the Bush Gore recount from the war in Iraq to the Tea Party attack on the Obama presidency Roger Ailes developed an unrivaled power to sway the national agenda Even more he became the indispensable figure in conservative America and the man any Republican politician with presidential aspirations had to court How did this man become the master strategist of our political landscape In revelatory detail Sherman chronicles the rise of Ailes a frail kid from an Ohio factory town who through sheer willpower the flair of a showman fierce corporate politicking and a profound understanding of the priorities of middle America built the most influential television news empire of our time Drawing on hundreds of interviews with Fox News insiders past and present Sherman documents Ailes's tactical acuity as he battled the press business rivals and countless real and perceived enemies inside and outside Fox Sherman takes us inside the morning meetings in which Ailes and other high level executives strategized Fox's presentation of the news to advance Ailes's political agenda provides behind the scenes details of Ailes's crucial role as finder and shaper of talent including his sometimes rocky relationships with Fox News stars such as O'Reilly Hannity and Carlson and probes Ailes's fraught partnership with his equally brash and mercurial boss Rupert Murdoch Roger Ailes's life is a story worthy of Citizen Kane The Loudest Voice in the Room is an extraordinary feat of reportage with a compelling human drama at its heart [Running against the Grain](#) David A. Crockett, 2009-03-01

Some presidents enter office with an uphill climb in front of them their political party represents a different governing philosophy than the dominant strain of the day These David A. Crockett says are opposition presidents If they are in a sense out of step with their times how do they ever get elected in the first place In Running against the Grain How Opposition Presidents Win the White House Crockett employs historical comparisons to draw conclusions about what it takes for these candidates to win the office He focuses on seven presidents in twelve elections William Henry Harrison 1840 and Zachary Taylor 1848 Grover Cleveland 1884 and 1892 and Woodrow Wilson 1912 and 1916 Dwight Eisenhower 1952 and 1956 and Richard Nixon 1968 and 1972 and Bill Clinton 1992 and 1996 Crockett draws on the work of Stephen Skowronek and others in the tradition of American political development to establish the periodization for his study Through a comparative analysis of victorious opposition

candidates Crockett finds explanations that transcend specific campaigns or even specific eras He contends that because the way one acquires the office may have an effect on the practice of leadership in the office running against the grain has implications far beyond Election Day Contemporary Domestic and Foreign Policies of Iran Pejman Abdolmohammadi, Giampiero Cama, 2020-05-06 This book is a comprehensive analysis of the domestic and foreign politics of Iran focusing on its complex nature from political social and cultural perspectives It has adopted a multidisciplinary approach combining comparative politics and intellectual and modern history with international relations It analyses the institutional structure of the Islamic Republic the main political and social actors and alliances as well as Iranian opposition forces both inside and outside the country The book tries to simplify the seemingly intractable complexity of the Islamic Republic by demystifying it and using political science methods to prove that it is a peculiar hybrid regime Report of the President of Harvard College and Reports of Departments Harvard University, 1925 **The Grants Register 2000** NA NA, 1999-05-28 The most authoritative and comprehensive guide available to postgraduate grants and professional funding worldwide For over twenty years The Grants Register has been the leading source for up to date information on the availability of and eligibility for postgraduate and professional awards With details of over 3 000 awards The Grants Register is more extensive than any comparable publication Each entry has been verified by the awarding bodies concerned ensuring that every piece of information is accurate As an annual publication each edition also provides the most current details available today The Grants Register provides an ideal reference source for those who need accurate information on postgraduate funding careers advisors university libraries student organisations and public libraries God is a Conservative Kenneth J. seek to understand the shifting landscape of American political leadership *See How They Ran* Gil Troy,2012-09-18 *See How They Ran* explores why candidates campaign as they do why Americans complain about it and what these evolving patterns and changing images tell us about American democracy itself On the eve of every election many Americans become convinced that this presidential campaign is worse than it has ever been Frustrated we long for the good old days of dignified campaigns and worthy candidates However as Gil Troy s fascinating history demonstrates they never existed Originally candidates did not run for office but awaited the people s call in dignified silence When Stephen Douglas campaigned in 1860 he pretended to be visiting his mother as he traveled not actively campaigning In the post 1945 world however both Democratic and Republican candidates have stopped to kiss babies donned hard hats and pumped hands along the campaign trails From the founding of our nation Americans have wanted a leader who is simultaneously a man of the people and a man above the people In *See How They Ran* Troy shows that our disappointment with current presidential campaigns is simply the latest chapter in a centuries long struggle to make peace with the idea of leadership in a democratic society This is an engrossing and essential read **The Department of State Bulletin** ,1966 Military Assistance on Request and the Use of Force Erika De Wet,2020 This book examines the extent which the proliferation of military assistance on request is changing the rules governing the use of force The author explores the authority to make these requests particularly during civil wars where some territorial control may be lost and there is a risk of systematic violations of international humanitarian law *Legislation on Foreign Relations Through ...* United States,1993 **Presidential Elections** Nelson W.
