[The Humanity of Private Law](#) Nicholas McBride, 2020-04-30. Part II of *The Humanity of Private Law* charts a new course for English private law in the twenty-first century. Part I set out the vision of human flourishing that English private law has in mind in seeking to promote its subjects flourishing. Part II argues in favour of a very different account of what human flourishing involves and explains what private law would look like were it to base itself on this alternative vision of the nature of human flourishing. This volume sets out and evaluates different models of what human flourishing involves, argues in favour of the view that human flourishing involves being engaged in a quest to lead a truthful life, explains in what ways a private law that sought to foster this distinctive vision of human flourishing would be different from English private law in its current state, in particular with regard to: i) tackling fraud; ii) promoting freedom of speech; iii) preserving attention capacities; iv) protecting people from being subjected to degrading or hateful treatment; and v) enabling people to make a fresh start in their lives, and considers whether and when it would be legitimate for the courts to transform English private law in the ways suggested in this volume. Part II of *The Humanity of Private Law* is a radical and prophetic book that is essential reading for anyone who is interested in understanding the contribution private law can make to our living in a society that promotes the flourishing of all its members. **On Soulsring Worlds** Marco

Caracciolo, 2024-02-26. The first book-length study devoted to FromSoftware games. *On Soulsring Worlds* explores how the Dark Souls series and Elden Ring are able to reconcile extreme difficulty in both gameplay and narrative with broad appeal. Arguing that the games are strategically positioned in relation to contemporary audiences and designed to tap into the new forms of interpretation afforded by digital media, the author situates the games vis-à-vis a number of current debates, including the posthuman and the ethics of gameplay. The book delivers an object lesson on the value of narrative and complexity in digital play and in the interpretive practices it gives rise to. Cross-fertilizing narrative theory, game studies, and nonhuman-oriented philosophy, this book will appeal to students and scholars of game studies, media studies, narratology, and video game

Logotherapy and Existential Analysis Alexander Batthyány, 2016-04-08. This landmark volume introduces the new series of proceedings from the Viktor Frankl Institute, dedicated to preserving the past, disseminating the present, and anticipating the future of Franklian existential psychology and psychotherapy, i.e., logotherapy and existential analysis. Wide-ranging contents keep readers abreast of current ideas, findings, and developments in the field while also presenting rarely seen selections from Frankl's work. Established contributors report on new applications of existential therapies in specific OCD, cancer, end-of-life issues, and universal themes: the search for meaning, contexts, as well as intriguing possibilities for opening up dialogue with other schools of psychology. And this initial offering establishes the tenor of the series by presenting varied materials across the field, including archival and unpublished articles and lectures by Frankl, peer-reviewed studies on logotherapy process, measures, and research, new case studies using logotherapy and existential analysis in diverse settings, papers advocating cross-disciplinary collaboration, philosophical applications of existential psychology, critical reviews of logotherapy-related books. Volume 1 of *Logotherapy and Existential Analysis* will attract a wide audience, including psychologists, clinical social workers, personality-positive psychotherapists of different schools, psychiatrists in private practice, and researchers in these fields. Practitioners in counseling, pastoral psychology, coaching, and medical care will also welcome this new source of ideas and

The Art of Human Living Michael H. Mitias,2025-09-05 How should I live How should I love How should I die These three questions stream into human consciousness from the womb of a more urgent question What makes my life worth living or justifiable What if one stands at the last frontier of their life and casts a look at the way they lived it Can they leave the world with a feeling of inner peace and pride in the way they lived it The author of this book argues that a life worth living should originate from the depth of the human essence from the power that makes us human How This question demands an urgent answer because first human life is a thrust into the future which we cannot predict and second it is short Should we not care about the way we live since it is the most valuable possession we have in this world How many people regret the way they lived when they reach the end of their lives Should we not wonder why we exist and how we should live our lives An inquiry into his question is an inquiry into the foundation of a life worth living What are the building blocks of this foundation The author further argues that living this kind of life is an art He draws a parallel between artistic creation and self creation An authentic or fulfilled life is an art of human living In what sense is the human being a self created being Under what conditions can one learn this art

Implant (The Human Story) GPT Kiosk,Tim Humphrey,2024-02-18 Implant

is a visionary tale set in the near future where technology's boundless possibilities intersect with the deepest human desires and fears. The novel unfolds in Westlin, a city emblematic of a world where neural implants have revolutionized every aspect of human life from education and employment to personal relationships. This backdrop serves as a fertile ground for exploring today's emerging tech and social dilemmas, reflecting our current trajectory towards an increasingly digitized existence and the ethical quandaries that accompany such advancements. At the heart of the story are Devin and Elara, two individuals whose paths intertwine amidst the complexities of this new era. Devin, a neurosurgeon, embodies the human struggle to find purpose and connection in a society where the lines between man and machine blur. Elara, with her own unique challenges, becomes the catalyst for a deeper exploration of what it means to love and be loved in a world where the essence of human experience can be augmented or supplanted by technology. Their romance unfolds against the backdrop of a society grappling with the implications of its own innovations. The couple's journey is a microcosm of the broader human quest for truth and authenticity amidst the noise of progress. Together, they navigate the challenges of their time, seeking to understand the impact of technology on identity, privacy, and autonomy. Their bond, strengthened through shared dilemmas, becomes a testament to the enduring human capacity to connect deeply with others, even as the definition of human evolves. *Implant* is not just a narrative about the future; it is a mirror reflecting our present concerns with privacy, technological dependency, and the quest for meaning in a world on the brink of profound change. The romance between Devin and Elara offers a poignant reminder that at the core of every technological debate are individuals yearning for understanding, companionship, and love. Their story is a beacon of hope, suggesting that even in the face of daunting technological frontiers, the human heart remains the ultimate compass guiding us toward our true north. This novel invites readers to ponder the parallels between its fictional world and our current reality, urging a contemplation of how we navigate the delicate balance between embracing the future's promises and preserving the quintessential elements that make us human.
