*Anthropocentrism and Its Discontents* Gary Steiner, 2005-11-06 Anthropocentrism and Its Discontents is the first ever comprehensive examination of views of animals in the history of Western philosophy from Homeric Greece to the twentieth century In recent decades increased interest in this area has been accompanied by scholars willingness to conceive of animal experience in terms of human mental capacities consciousness self awareness intention deliberation and in some instances at least limited moral agency This conception has been facilitated by a shift from behavioral to cognitive ethology the science of animal behavior and by attempts to affirm the essential similarities between the psychophysical makeup of human beings and animals Gary Steiner sketches the terms of the current debates about animals and relates these to their historical antecedents focusing on both the dominant anthropocentric voices and those recurring voices that instead assert a fundamental kinship relation between human beings and animals He concludes with a discussion of the problem of balancing the need to recognize a human indebtedness to animals and the natural world with the need to preserve a sense of the uniqueness and dignity of the human individual

*Language, Mind, and Brain* T. W. Simon, R. J. Scholes, 2019-01-22 The chapters in this volume are extended versions of material first presented at the National Interdisciplinary Symposium on Language Mind and Brain held April 6 9 1978 in Gainesville Florida First published in 1982 Routledge is an imprint of Taylor Francis an informa company

**Bearing Witness** Claas Kirchhelle, 2021-05-05 This open access book is the biography of one of Britain's foremost animal welfare campaigners and of the world of activism science and politics she inhabited In 1964 Ruth Harrison's bestseller *Animal Machines* triggered a gear change in modern animal protection by popularising the term factory farming alongside a new way of thinking about animal welfare Here historian Claas Kirchhelle explores Harrison's avant garde upbringing Quakerism and how animal welfare debates were linked to concerns about the wider ethical and environmental trajectories of post war Britain Breaking the myth of Harrison as a one hit wonder Kirchhelle reconstructs

Harrison's 46 years of campaigning and the rapid transformation of welfare politics and science during this time Exacerbated by Harrison's own actions the decades after 1964 saw a polarisation of animal politics a professionalisation of British activism and the rise of a new animal welfare science Harrison's belief in incremental reform allowed her to form ties to leading scientists but alienated her from more radical campaigners Many of her 1964 demands gradually became part of mainstream politics However farm animal welfare's increasing marketisation has also led to a relative divorce from the wider agenda of social improvement that Harrison once bore witness to This is the first book to cast light on the interlinked histories of British farm animal welfare activism science and legislation Its unique scope allows it to go beyond existing accounts of modern British animal welfare and will be of interest to those interested in animal welfare environmentalism and the behavioural sciences

*Ethical Questions in Brain and Behavior* Donald W. Pfaff, 2012-12-06

*Animals on the Agenda* Andrew Linzey, Dorothy Yamamoto, 1998 This encyclopaedic volume is the most comprehensive collection of original studies on animals and theology ever published With contributors from both sides of the Atlantic it tackles many apparently simple issues which raise fundamental questions about theology and how it is done

**The Emotional Lives of Animals** Marc Bekoff, 2024-04-09 A seminal exploration of animal emotion sentience and cognition revised and expanded to incorporate a surge of new science When award winning scientist Marc Bekoff penned the first edition of this book in 2007 he predicted that over time our understanding of animal cognition and emotion would grow richer more accurate and possibly different Since then not only has the field seen an explosion of new and startling research but the popular interest in the subject has grown as well spawning countless podcasts articles and bestselling books Bekoff skillfully blends extraordinary stories of animal joy empathy grief embarrassment anger and love with the latest scientific research confirming the existence of emotions that common sense and experience have long implied Filled with light humor and compassion *The Emotional Lives of Animals* is a clarion call for reassessing both how we view and how we treat animals

*Protecting Animals Within and Across Borders* Charlotte E. Blattner, 2019 How can we protect animals more effectively both at home and abroad given the ongoing globalization of animal production This book provides a catalogue of options for extraterritorial jurisdiction which states can employ to strengthen their animal laws It offers top down perspectives drawn from general international law and trade law and complements them by a bottom up view from the perspective of animal law

**Science and the Self** Ian James Kidd, Liz McKinnell, 2015-08-27 Mary Midgley is one of the most important moral philosophers working today Over the last thirty years her writings have informed debates concerning animals the environment and evolutionary theory The invited essays in this volume offer critical reflections upon Midgley's work and further developments of her ideas The contributors include many of the leading commentators on her work including distinguished figures from the disciplines of philosophy biology and ethology The range of topics includes the moral status of animals the concept of wickedness science and mythology Midgley's relationship to modern moral philosophy and her relationship with Iris Murdoch It also includes the first

full bibliography of Midgley's writings. The volume is the first major study of its kind and brings together contributions from the many disciplines which Midgley's work has influenced. It provides a clear account of the themes and significance of her work and its implications for ongoing debates about our understanding of our place within the world.

**Animal Welfare, 3rd Edition** Michael C Appleby, Anna S Olsson, Francisco Galindo, 2018-02-26. Updated and revised this bestselling textbook continues to provide a broad introduction to the key topics in the welfare of animals both large and small, farm and companion, wild and zoo. It retains all the popular features of the previous editions with coverage of key issues such as ethics, animal pain and injury, health and disease, social conditions and welfare dilemmas and problems. Importantly, it also offers practical advice for welfare assessment with a full section dedicated to the implementation of solutions. With contributions from renowned international experts and a new editorial team, *Animal Welfare 3rd Edition* is an essential resource for students and researchers in animal and veterinary sciences and other disciplines considering the science and practice of animal welfare and for practitioners and decision makers worldwide.

**Encyclopedia of Anthropology** H. James Birx, 2006. Focuses on physical, social and applied anthropology, archaeology, linguistics and symbolic communication. Topics include hominid evolution, primate behaviour, genetics, ancient civilizations, cross-cultural studies and social theories.

**Animals and why They Matter** Mary Midgley, 1984. *Animals and Why They Matter* examines the barriers that our philosophical traditions have erected between human beings and animals and reveals that the too often ridiculed subject of animal rights is an issue crucially related to such problems within the human community as racism, sexism and age discrimination. Mary Midgley's profound and clearly written narrative is a thought-provoking study of the way in which the opposition between reason and emotion has shaped our moral and political ideas and the problems it has raised. Whether considering vegetarianism, women's rights or the humanity of pets, this book goes to the heart of the question of why all animals matter.
