

Humanism and Worldview

- People continued to believe in the teachings of the Church, and about God. Only now, they believed their life on Earth was valuable and enjoyed.
- People began to see the possibilities of what they could achieve in life.
- Humanism led to new attitudes towards art, philosophy and government.

Question Of Humanism Challenges And Possibilities:

The Question of Humanism David Goicoechea, John Luik, Tim Madigan, 1991 No Marketing Blurb **Foucault and the Politics of Rights** Ben Golder, 2015-10-07 This book focuses on Michel Foucault's late work on rights in order to address broader questions about the politics of rights in the contemporary era As several commentators have observed something quite remarkable happens in this late work In his early career Foucault had been a great critic of the liberal discourse of rights Suddenly from about 1976 onward he makes increasing appeals to rights in his philosophical writings political statements interviews and journalism He not only defends their importance he argues for rights new and as yet unrecognized Does Foucault simply revise his former positions and endorse a liberal politics of rights Ben Golder proposes an answer to this puzzle which is that Foucault approaches rights in a spirit of creative and critical appropriation He uses rights strategically for a range of political purposes that cannot be reduced to a simple endorsement of political liberalism Golder develops this interpretation of Foucault's work while analyzing its shortcomings and relating it to the approaches taken by a series of current thinkers also engaged in considering the place of rights in contemporary politics including Wendy Brown Judith Butler and Jacques Rancière **Nursing Theories** Hesook Suzie Kim, Ingrid Kollak, 2005-07-29 Designated a Doody's Core Title This second edition is the perfect companion to original theoretical works in nursing for a better understanding of both the theories themselves and the essential questions about nursing theory development Rather than being a nursing theory survey the text provides the reader with a deeper understanding of nursing theories through examining them in their conceptual and philosophical contexts This is a work of international collaboration with distinguished nurse scholars from the United States Germany and Norway organized around major themes in nursing and health care into which information on specific nursing theories is integrated It is designed for advanced nursing students educators and others interested in nursing theory and concepts For Further Information Please Click Here Please note that this website is in German

Encyclopedia of Anthropology H. James Birx, 2006 Focuses on physical social and applied anthropology archaeology linguistics and symbolic communication Topics include hominid evolution primate behaviour genetics ancient civilizations cross cultural studies and social theories **The Oxford Handbook of Humanism** Anthony B. Pinn, 2021-07-27 While humanist sensibilities have played a formative role in the advancement of our species critical attention to humanism as a field of study is a more recent development As a system of thought that values human needs and experiences over supernatural concerns humanism has gained greater attention amid the rapidly shifting demographics of religious communities especially in Europe and North America This outlook on the world has taken on global dimensions as well with activists artists and thinkers forming a humanistic response not only to traditional religion but to the pressing social and political issues of the 21st century With in depth scholarly chapters The Oxford Handbook of Humanism aims to cover the subject by analyzing its history its philosophical development its influence on culture and its engagement with social and political issues In order to

expand the field beyond more Western focused works the Handook discusses humanism as a worldwide phenomenon with regional surveys that explore how the concept has developed in particular contexts The Handbook also approaches humanism as both an opponent to traditional religion as well as a philosophy that some religions have explicitly adopted By both synthesizing the field and discussing how it continues to grow and develop the Handbook promises to be a landmark volume relevant to both humanism and the rapidly changing religious landscape **The Philosopher's Index**, 2008 Vols for 1969 include a section of abstracts **Sartre, Foucault, and Historical Reason, Volume One** Thomas R. Flynn, 2008-04-15 Sartre and Foucault were two of the most prominent and at times mutually antagonistic philosophical figures of the twentieth century And nowhere are the antithetical natures of their existentialist and poststructuralist philosophies more apparent than in their disparate approaches to historical understanding A history thought Foucault should be a kind of map a comparative charting of structural transformations and displacements But for Sartre authentic historical understanding demanded a much more personal and committed narrative a kind of interpretive diary of moral choices and risks compelled by critical necessity and an exacting reality Sartre s history a rational history of individual lives and their intrinsic social worlds was in essence immersed in biography In Volume One of this authoritative two volume work Thomas R. Flynn conducts a pivotal and comprehensive reconstruction of Sartrean historical theory and provocatively anticipates the Foucauldian counterpoint to come in Volume Two **The Cambridge Companion to Foucault** Gary Gutting, 2005-07-18 For Michel Foucault philosophy was a way of questioning the allegedly necessary truths that underpin the practices and institutions of modern society He carried this out in a series of deeply original and strikingly controversial studies on the origins of modern medical and social scientific disciplines These studies have raised fundamental questions about the nature of human knowledge and its relation to power structures and have become major topics of discussion throughout the humanities and social sciences The essays in this volume provide a comprehensive overview of Foucault s major themes and texts from his early work on madness through his history of sexuality Special attention is also paid to thinkers and movements from Kant through current feminist theory that are particularly important for understanding his work and its impact This revised edition contains five new essays and revisions of many others and the extensive bibliography has been updated **Icons of Unbelief** S. T. Joshi, 2008-10-30 Discusses the ideas and impact of 27 atheists agnostics and secularists whose ideas have shaped society over the last 200 years In the opinion of many critics and philosophers we are entering an age of atheism marked by the waning of Christian fundamentalism and the flourishing of secular thought Through alphabetically arranged entries written by expert contributors this book profiles 27 iconic figures of unbelief whose ideas have shaped American society over the last 200 years Included are entries on influential figures of the past such as Albert Einstein and Voltaire as well as on such contemporary figures as Richard Dawkins and Sam Harris Each entry discusses the ideas and lasting significance of each person or group provides sidebars of interesting information and illuminating

quotations and cites works for further reading The volume closes with a selected general bibliography Students in social studies and history classes will welcome this reference as a guide to the ideas central to the American separation of Church and State and to many of the political debates at the heart of society today Each entry discusses the ideas and lasting significance of the person or group provides sidebars of interesting information and quotations and closes with a list of works for further reading The volume ends with a selected general bibliography Students in history and social studies classes will welcome this reference as a guide to the American separation of Church and State and to the ideas central to contemporary political debates

Encyclopedia of Time H. James Birx,2009-01-07 With a strong interdisciplinary approach to a subject that does not lend itself easily to the reference format this work may not seem to support directly academic programs beyond general research but it is a more thorough and up to date treatment than Taylor and Francis s 1994 Encyclopedia of Time Highly recommended Library Journal STARRED Review Surveying the major facts concepts theories and speculations that infuse our present comprehension of time the Encyclopedia of Time Science Philosophy Theology Culture explores the contributions of scientists philosophers theologians and creative artists from ancient times to the present By drawing together into one collection ideas from scholars around the globe and in a wide range of disciplines this Encyclopedia will provide readers with a greater understanding of and appreciation for the elusive phenomenon experienced as time Features Surveys historical thought about time including those ideas that emerged in ancient Greece early Christianity the Italian Renaissance the Age of Enlightenment and other periods Covers the original and lasting insights of evolutionary biologist Charles Darwin physicist Albert Einstein philosopher Alfred North Whitehead and theologian Pierre Teilhard de Chardin Discusses the significance of time in the writings of Isaac Asimov Samuel Taylor Coleridge Fyodor M Dostoevsky Francesco Petrarch H G Wells and numerous other authors Contains the contributions of naturalists and religionists including astronomers cosmologists physicists chemists geologists paleontologists anthropologists psychologists philosophers and theologians Includes artists portrayals of the fluidity of time including painter Salvador Dali s The Persistence of Memory and The Discovery of America by Christopher Columbus and writers Gustave Flaubert s The Temptation of Saint Anthony and Henryk Sienkiewicz s Quo Vadis Provides a truly interdisciplinary approach with discussions of Aztec Buddhist Christian Egyptian Ethiopian Hindu Islamic Navajo and many other cultures conceptions of time Key Themes Biography Biology Evolution Culture History Geology Paleontology Philosophy Physics Chemistry Psychology Literature Religion Theology Theories Concepts *Volume 19, Tome II: Kierkegaard Bibliography* Peter Šajda,Jon Stewart,2017-03-16 The long tradition of Kierkegaard studies has made it impossible for individual scholars to have a complete overview of the vast field of Kierkegaard research The large and ever increasing number of publications on Kierkegaard in the languages of the world can be simply bewildering even for experienced scholars The present work constitutes a systematic bibliography which aims to help students and researchers navigate the seemingly endless mass of publications The volume is divided into two large sections Part I which covers Tomes

I V is dedicated to individual bibliographies organized according to specific language This includes extensive bibliographies of works on Kierkegaard in some 41 different languages Part II which covers Tomes VI VII is dedicated to shorter individual bibliographies organized according to specific figures who are in some way relevant for Kierkegaard The goal has been to create the most exhaustive bibliography of Kierkegaard literature possible and thus the bibliography is not limited to any specific time period but instead spans the entire history of Kierkegaard studies

Cross and Khora Marko Zlomislíć, Neal DeRoo, 2010-01-01 This volume poses the question of the relationship between the two main influences on the thought of John D Caputo one of the most well known philosophers of religion working in North America today Jacques Derrida and Jesus Christ Given the seemingly abstract character of Derrida's account of the messianic how can one reconcile deconstruction and the concrete messianism of Christianity as Caputo tries to do over and over again How can one hold together the love of a God willing to be crucified and the dry desert kh ra which doesn't care This collection of essays from the world renowned scholars seeks to illuminate the difficulties inherent in this seemingly contradictory pair of influences With his trademark wit and humor Caputo responds to his interlocutors while clarifying his position on numerous matters of interest to the church and in the academy In addition to dealing with the concern for issues of hermeneutics phenomenology and negative theology for which Caputo has become famous these essays also evaluate Caputo's legacy in fields previously not thought to be affected by his deconstructive version of religion feminism sacramental theology Analytic philosophy of religion and Christology Marko Zlomislíć is a professor of philosophy at Conestoga College Institute of Technology and Advanced Learning Kitchener Ontario Neal DeRoo teaches in the philosophy department at Brock University St Catharines Ontario

The Logic of Incarnation Neal DeRoo, Brian Lightbody, 2009-01-01 With his Logic of Incarnation James K A Smith has provided a compelling critique of the universalizing tendencies in some strands of postmodern philosophy of religion A truly postmodern account of religion must take seriously the preference for particularity first evidenced in the Christian account of the incarnation of God Moving beyond the urge to universalize which characterizes modern thought Smith argues that it is only by taking seriously particular differences historical religious and doctrinal that we can be authentically religious and authentically postmodern Smith remains hugely influential in both academic discourse and church movements This book is the first organized attempt to bring both of these aspects of Smith's work into conversation with each other and with him With articles from an internationally respected group of philosophers theologians pastors and laypeople the entire range of Smith's considerable influence is represented here Discussing questions of embodiment eschatology inter religious dialogue dogma and difference this book opens all the most relevant issues in postmodern religious life to a unique and penetrating critique

Transhumanism as a Challenge for Ethics and Religion LIT Verlag, 2021-01-01 The crucial question of our time is How to preserve humanity humanitas in a world of radical and not so long ago practically unimaginable technological possibilities The book addresses this issue through its treatment of transhumanism a diverse movement the representatives of which promise and advocate for the enhancement of human being through modern science technology and pharmacology Their views differ in the degree of extremity and they contain many ambiguities as well as pitfalls and dangers that require an answer from both ethical and religious points of view The book deepens the understanding of transhumanism in an interdisciplinary way and thus helps to form the right attitude towards it that will truly benefit human flourishing It offers a rich variety of views on transhumanism ranging from its illumination in the light of contemporary research into happiness through liberal eugenics and biopolitics all the way to its considerations in terms of religions and manifestations in concrete works of art Robert Petkov ek is Professor of Philosophy at the Faculty of Theology University of Ljubljana Professor Bojan alec is the Head of the Institute of Philosophy and Social Ethics at the Faculty of Theology University of Ljubljana Eros for the Other Wendy Farley, 2010-11-01
