Bergo, Joseph Cohen, Raphael Zagury-Orly, 2009-08-25 Invited to answer questions about his relationship to Judaism Jacques  
Derrida spoke through Franz Kafka As for myself I could imagine another Abraham He explores the movement between  
growing up Jewish becoming Jewish and Jewish being or existence In his essay The Other Abraham which appears here in  
English for the first time he imagines other Abrahams in light of the proclaimed universalism of philosophy and its recent  
fragmentation into philosophemes Thus we no longer confront Judaism but Judeity multiple Judaisms and Jewish existences  
manifold ways of being and writing as a Jew in Derrida's case as a French speaking Algerian deprived of then restored to  
French nationality in the 1940s Contributions contrast Derrida's thought with philosophical predecessors such as  
Rosenzweig Levinas Celan and Scholem and trace confluences between deconstruction and Kabbalah Derrida's relationship  
to the universalist aspirations in contemporary theology is also discussed and an evaluation is offered of his late  
autobiographical writings *Giving Beyond the Gift* Elliot R. Wolfson, 2014-02-03 This book explores the co dependency of  
monotheism and idolatry by examining the thought of several prominent twentieth century Jewish philosophers Cohen Buber  
Rosenzweig and Levinas While all of these thinkers were keenly aware of the pitfalls of scriptural theism to differing degrees  
they each succumbed to the temptation to personify transcendence even as they tried either to circumvent or to restrain it by  
apophatically purging kataphatic descriptions of the deity Derrida and Wyschogrod by contrast carried the project of  
denegation one step further embarking on a path that culminated in the aporetic suspension of belief and the consequent  
removal of all images from God a move that seriously compromises the viability of devotional piety The inquiry into apophasis  
transcendence and immanence in these Jewish thinkers is symptomatic of a larger question Recent attempts to harness the  
apophatic tradition to construct a viable postmodern negative theology a religion without religion are not radical enough Not  
only are these philosophies of transcendence guilty of a turn to theology that defies the phenomenological presupposition of  
an immanent phenomenality but they fall short on their own terms inasmuch as they persist in employing metaphorical  
language that personalizes transcendence and thereby runs the risk of undermining the irreducible alterity and invisibility  
attributed to the transcendent other The logic of apophasis if permitted to run its course fully would exceed the need to posit  
some form of transcendence that is not ultimately a facet of immanence Apophatic theologies accordingly must be supplanted  
by a more far reaching apophasis that surpasses the theolatrous impulse lying coiled at the crux of theism an apophasis of  
apophasis based on accepting an absolute nothingness to be distinguished from the nothingness of an absolute that does not  
signify the unknowable One but rather the manifold that is the pleromatic abyss at being's core Hence the much celebrated  
metaphor of the gift must give way to the more neutral and less theologically charged notion of an unconditional givenness in

which the distinction between giver and given collapses To think givenness in its most elemental phenomenological sense is to allow the apparent to appear as given without presuming a causal agency that would turn that given into a gift **Love's Transcendence and the Problem of Theodicy** Claudia Welz, 2008 Claudia Welz explores responses to the problem of evil that do not end up in a theodicy Kierkegaard's and Rosenzweig's reasons for having no reason to defend God and their ethics of love are discussed in the context of German idealism and French phenomenology BOOK JACKET *Learning to Live Finally* Jacques Derrida, Jean Birnbaum, 2010-12-06 With death looming Jacques Derrida the world's most famous philosopher known as the father of deconstruction sat down with journalist Jean Birnbaum of the French daily Le Monde They revisited his life's work and his impending death in a long surprisingly accessible and moving final interview Sometimes called obscure and branded abstruse by his critics the Derrida found in this book is open and engaging reflecting on a long career challenging important tenets of European philosophy from Plato to Marx The contemporary meaning of Derrida's work is also examined including a discussion of his many political activities But as Derrida says To philosophize is to learn to die as such this philosophical discussion turns to the realities of his imminent death including life with a fatal cancer In the end this interview remains a touching final look at a long and distinguished career From the Trade Paperback edition
