## **Questioning Circumcision A Jewish Perspective:**

**Questioning Circumcision** Ronald Goldman, 1998 QUESTIONING CIRCUMCISION A JEWISH PERSPECTIVE is the first critical examination of the growing controversy of male infant circumcision with special attention to contemporary concerns of the Jewish community Endorsed by five rabbis among others this extraordinary book examines the origins assumed benefits risks and unrecognized consequences of the Jewish practice with thorough documentation and moving personal experiences Consider these facts Circumcision is not universal among Jews Jewish press articles have questioned circumcision A male child born of a Jewish mother is a Jew whether he is circumcised or not Jewish circumcision has never had anything to do with health concerns Circumcision conflicts with significant Jewish laws and values An Israeli organization publicly opposes circumcision Dr Goldman has written a thoughtful provocative book on a difficult subject He challenges us to reexamine long held assumptions and to reconsider the practice of milah ritual circumcision in light of contemporary evidence By giving us an insightful and carefully documented exploration of a controversial perspective Dr Goldman helps to foster a healthy and valuable dialogue within the Jewish community Rabbi Jonathan Kraus Beth El Temple Center If you are a liberal Jew whether you see circumcision as the sanctification of the covenant as a ceremony marking you as a Jew or otherwise this book stimulates deeper reflection about the practice As an aware concerned and introspective people Jews must examine whether our rites are right We must determine if our ceremonies traditions and practices reflect our innermost beliefs Asking ourselves and each other the question Why is one of the most sacred tasks to which a modern Jew can dedicate himself or herself Rabbi Donald Pollock pastoral psychotherapist writer and lecturer Ronald Goldman Ph D a psychological researcher educator and writer is the executive director of the Circumcision Resource Center in Boston a nonprofit educational organization He is internationally known for his work on circumcision gives lectures and seminars on the subject and provides consultation to expectant parents and circumcised men As the author of Circumcision The Hidden Trauma Dr Goldman has been a featured guest on local and national radio and television shows and has been published in medical journals newspapers parenting publications and Jewish periodicals Flesh and Blood George C. Denniston, Frederick Mansfield Hodges, Marilyn Fayre Milos, 2013-03-09 Who owns your sex organs Different cultures today and in different epochs have given a variety of answers to this question It may seem self evident that every individual owns and has sovereignty over his or her own body parts such as the head legs nose stomach pancreas and other body parts The sex organs however seem to be an exception Even though they are as much an integral part of the individual as a leg or a liver the sex organs are unique in that many cultures have established laws and taboos over the use and even the mere display of the sex organs Thus certain cultures have placed constraints over the individual s ownership of his or her sex organs and actively regulate and restrict the individual s access and use of those organs In other cultures the question of ownership of the sex organs is more decisively answered In any culture where circumcision to any degree of either the male

or female is practiced permitted encouraged or even merely tolerated it is clear that the individual is not considered to own his own sex organs In the United States today the medical establishment has created an is considered acceptable and desirable that anyone for environment where it any reason can authorize or execute the amputation of the foreskin from a male child s penis

**Why Aren't Jewish Women Circumcised?** Shaye J. D. Cohen,2005-09-06 This book represents engaged scholarship at its very best Cohen presents the vast range of texts at his command with brevity and wit Elegantly written this is a very stimulating book that is sure to provoke admiration discussion and controversy David Biale author of *Cultures of the Jews* A distinguished and wide ranging work of scholarship Cohen s definitive discussion of the covenant of circumcision enhances our understanding of Jewish identity formation women s status in Judaism Jewish Christian polemic and the impact of diverse cultural environments on the evolution of Jewish tradition Judith R Baskin author of *Midrashic Women* *Judaism* Dan Cohn-Sherbok,2017-03-27 This newly revised all encompassing textbook is a guide to the history beliefs and practice of Judaism Beginning with the ancient Near Eastern background it covers early Israelite history the emergence of classical rabbinic literature and the rise of medieval Judaism in Islamic and Christian lands It also includes the early modern period and the development of Jewry in the nineteenth and twentieth centuries Extracts from primary sources are used throughout to enliven the narrative and provide concrete examples of the rich variety of Jewish civilization Specially designed to assist learning Judaism Introduces texts and commentaries including the Hebrew Bible rabbinic texts mystical literature Jewish philosophy and Jewish theology Provides the skills necessary to understand these step by step with the help of a companion website Explains how to interpret the major events in nearly four thousand years of Jewish history Supports study with discussion questions on the central historical and religious issues and includes key reading for each chapter an extensive glossary and index Illustrates the development of Judaism its concepts observances and culture with maps photos paintings and engravings Links each chapter to a free companion website at [www.routledge.com/cw/cohnsherbok](http://www.routledge.com/cw/cohnsherbok) which provides things to think about things to do and tips for teachers as well as other online resources

**What Your Doctor May Not Tell You About(TM): Circumcision** Paul M. Fleiss,Frederick M. Hodges,2002-09-01 This guide aims to explode the myths and misinformation about circumcision in an accessible easy to read format After describing the anatomy of the penis the book explains the procedure describes the risks associated and debunks the six most common reasons doctors will give when recommending it

*Queer Theory and the Jewish Question* Daniel Boyarin,Daniel Itzkovitz,Ann Pellegrini,2003-12-10 The essays in this volume boldly map the historically resonant intersections between Jewishness and queerness between homophobia and anti Semitism and between queer theory and theorizations of Jewishness With important essays by such well known figures in queer and gender studies as Judith Butler Daniel Boyarin Marjorie Garber Michael Moon and Eve Sedgwick this book is not so much interested in revealing outing queer Jews as it is in exploring the complex social arrangements and processes through which modern Jewish and homosexual identities emerged as traces of each other

during the last two hundred years      **Understanding Emerging Epidemics** Ananya Mukherjee, 2010-02-25 Focuses on the contributions that social scientists can make to understanding emerging epidemics their impact the threats they pose and their social and political contexts This book examines emerging epidemics and offers a theoretical analysis of the use of epidemics and epidemiology as frameworks for understanding these phenomena      **Ethical Canary** Margaret Somerville, 2004-04-26 Every day we hear news about medical or scientific breakthroughs and the complex ethical issues they raise Feats that were never before possible including cloning genetically modifying food mapping human chromosomes and using animal organs for human transplants have opened up a Pandora's box of ethical questions Technology is advancing at such rate that the issue is not so much what we can do but rather whether we will do it Margaret Somerville a leading international authority on medicine ethics and the law demonstrates that society must set ethically acceptable limits on scientific advances In this controversial and timely book Somerville sheds light on the urgent ethical and legal questions that vie for our attention Along the way she calls upon us to recognize the mysteries that lie at the heart of our lives and the metaphysical reality that gives meaning to life The Ethical Canary is a major contribution to the debate about the hottest issues in ethics today from one of the world's leading authorities      **Cutting to the Core** David Benatar, 2006-03-07 Surgery inevitably inflicts some harm on the body At the very least it damages the tissue that is cut These harms often are clearly outweighed by the overall benefits to the patient However where the benefits do not outweigh the harms or where they do not clearly do so surgical interventions become morally contested Cutting to the Core examines a number of such surgeries including infant male circumcision and cutting the genitals of female children the separation of conjoined twins surgical sex assignment of intersex children and the surgical reassignment of transsexuals limb and face transplantation cosmetic surgery and placebo surgery When if ever do the benefits of these surgeries outweigh their costs May a surgeon perform dangerous procedures that are not clearly to the patient's benefit even if the patient consents to them May a surgeon perform any surgery on a minor patient if there are no clear benefits to that child These and other related questions are the core themes of this collection of essays      **Dear Editor**, 2015-02-17 Progressive opinionated published and unpublished letters to editors free to be copied and or modified and re published Gun control politics religion LGBT War on Women torture Islam terrorism 9 11 healthcare Planned Parenthood taxation job creation human rights circumcision supreme court secularism US secular Constitution Social security patriotism Obamacare presidential qualifications Pat Tillman assassination has GOP any future      **The Jewish Spectator**, 1997      *Conversion to Judaism in Jewish Law* Walter Jacob, Moshe Zemer, 1994 This essays explore conversion to Judaism and the issues connected with it in the late twentieth century      **Within Judaism? Interpretive Trajectories in Judaism, Christianity, and Islam from the First to the Twenty-First Century** Anders Runesson, Karin Hedner Zetterholm, 2023-11-27 This book charts the shifting boundaries of Judaism from antiquity to the modern period in order to bring clarity to what scholars mean when they claim that ancient

texts or groups are within Judaism as well as exploring how rabbinic Jews Christians and Muslims have negotiated and renegotiated what Judaism is and is not in order to form their own identities Belief in Jesus as the Messiah was seen as part of first century Judaism but by the fourth or fifth century the boundaries had shifted and adherence to Jesus came to be seen as outside of Judaism Resituating New Testament texts within first or second century Judaism is an historical exercise that may broaden our view of what Judaism looked like in the early centuries CE but normatively these texts remain within Christianity because of their reception history The historical within Judaism perspective however has the potential to challenge and reshape the theology of contemporary Christianity while at the same time the long held consensus that belief in Jesus cannot belong within Judaism is again challenged by the modern Messianic Jewish movement

**Paul Within Judaism** Mark D. Nanos, Magnus Zetterholm, 2015 These chapters explore a number of issues in the contemporary study of Paul raised by questioning what it means to read Paul from within Judaism rather than supposing that he left the practice and promotion of living Jewishly behind after his discovery of Jesus as Christ Messiah This is a different question to those which have driven the New Perspective over the last thirty years which still operates from many traditional assumptions about Pauls motives and behavior viewing them as inconsistent with and critical of Judaism

[A Discourse Analysis of Galatians and the New Perspective on Paul](#) David I. Yoon, 2019-04-09 In A Discourse Analysis of Galatians and the New Perspective on Paul David I Yoon outlines discourse analysis from the framework of Systemic Functional Linguistics for analyzing Paul s letter to the Galatians From this analysis he determines whether the context of situation better reflects the New Perspective on Paul covenantal nomism or a more traditional perspective legalism The first half of the book introduces the New Perspective on Paul and discourse analysis followed by a detailed model of SFL discourse analysis with respect to register and context of situation The second half is a discourse analysis of Galatians This is the first monograph length study to address the New Perspective on Paul from a linguistic approach and will as such be of great interest to scholars of Pauline Studies linguistics and theology

**Romans: A Social Identity Commentary** William S. Campbell, 2023-01-26 William S Campbell provides a comprehensive commentary on Paul s most challenging letter In conversation with reception history and previous scholarship he emphasizes the contextuality of Romans as a letter to Rome using social identity theory combined with historical literary and theological perspectives to arrive at a coherent reading of the entire letter Because Paul has never visited Rome and is not the founder of the Christ movement there Campbell argues that his guidance and teaching are formulated more cautiously than in his other letters Yet the long list of people who had previous links with him and his mission to the gentiles demonstrates that Paul is well informed about the situation in Rome and addresses issues that have arisen With Christ the Messianic Time is beginning but there was some lack of clarity in Rome about the implications of this for Jews and gentiles Rather than ethne in Christ replacing Israel as some in Rome possibly concluded Campbell stresses that Paul affirms the irrevocable calling of Israel and that simultaneously the identity of ethne in Christ is also called alongside

the people Israel thus the integrity of the identity of both is affirmed as indispensable for God's purpose now revealed in Christ Campbell fully demonstrates how Paul in Romans achieves this by the social and theological intertwining of the message of the gospel

**Circumcision** Ronald Goldman, 1997 CIRCUMCISION THE HIDDEN TRAUMA is the first intensive exploration of the unrecognized psychological and social aspects of this increasingly controversial American cultural practice The book has been endorsed by dozens of professionals in psychology psychiatry child development pediatrics obstetrics childbirth education sociology and anthropology including Ashley Montagu Christiane Northrup Warren Farrell Sheila Kitzinger Sam Keen and Penelope Leach Without much knowledge the American public generally assumes that our cultural practice of circumcision is a trivial and benign procedure Plain facts and research results conflict with these beliefs and raise serious questions Dr Goldman's application of psychological and social research coherently explains both the tenacity of the practice and the contradictory information and beliefs about it After a review of the surprising abilities of infants and their responses to circumcision pain the long term psychological effects of circumcision are examined from the perspectives of both traditional and innovative psychological theories We learn that circumcision has potential effects not only on men and sexuality but also on mother child relationships male female relationships and societal traits and problems The text is supported with clinical reports interviews surveys and thorough documentation CIRCUMCISION THE HIDDEN TRAUMA identifies an overlooked source of early pain and points us in the direction of both healing and preventing this pain It is of particular interest to men who seek to explore their sexuality and deepen self awareness women who want to understand men better parents and children's advocates childbirth educators and allied workers and mental health medical and academic professionals The book has wide appeal because more generally it is about trusting our instincts questioning some of our cultural values and assumptions and reflecting on who we are and who we can be as individuals and as a society Ronald Goldman Ph D is a psychologist educator and executive director of the Circumcision Resource Center in Boston [www.circumcision.org](http://www.circumcision.org) a nonprofit educational organization He gives lectures and seminars on the psychological and social aspects of circumcision and provides consultation to expectant parents and circumcised men Dr Goldman has been a featured guest on local and national radio and television shows and has been cited in numerous newspapers and periodicals

**Covenant and the Jewish Conversion Question** Benji Levy, 2021-09-24 Covenant and the Jewish Conversion Question reevaluates conversion and Jewish identity through the lens of Rabbi Joseph B Soloveitchik's dual conception of the Covenants of Fate and Destiny By studying an array of key rabbinic texts through this lens the book explores the boundaries and interplay between these biblical covenants through apostasy holiness and the key elements relating to conversion law This understanding provides a relevant framing device to deal with the conversion and Jewish identity crises faced in the State of Israel and beyond

Radical French Thought and the Return of the "Jewish Question" Eric Marty, 2015-05-22 Five seminal essays on contemporary antisemitism and its connections to radical thought For English speaking readers this book serves as

an introduction to an important French intellectual whose work especially on the issues of antisemitism and anti Zionism runs counter to the hostility shown toward Jews by some representatives of contemporary critical theory It presents for the first time in English five essays by Ric Marty previously published in France with a new preface by the author addressed to his American readers The focus of these essays is the debate in France and elsewhere in Europe concerning the Jew The first essay on Jean Genet one of postwar France's most important literary figures investigates the nature of Genet's virulent antisemitism and hatred of Israel and its significance for an understanding of contemporary phenomena The curious reappearance of St Paul in theological and political discourse is discussed in another essay which describes and analyses the interest that secular writers of the far left have shown in Paul's universalism placed over and against Jewish or Israeli particularism The remaining essays are more polemical in nature and confront the anti Israeli attacks by Alain Badiou and Gilles Deleuze Both important and timely it will be a notable contribution to the ongoing public and intellectual discussion of contemporary antisemitism and the animus of intellectuals toward the state of Israel Elhanan Yakira author of *Post Zionism Post Holocaust Represents a significant contribution to our understanding of both the phenomenon of the new antisemitism and a certain strain of French critical theory over the last several decades* Maurice Samuels Yale University *The Message of Paul the Apostle within Second Temple Judaism* František Ábel, 2019-11-11 Noting that a traditional understanding of Paul as convert from Judaism has fueled false and often dangerous stereotypes of Judaism and that the so called new perspective on Paul has not completely escaped these stereotypes František Ábel has gathered leading international scholars to test the hypotheses of the more recent Paul within Judaism movement Though hardly monolithic in their approach these scholars' explorations of specific topics concerning Second Temple Judaism and Paul's message and theology allow a more contextually nuanced understanding of the apostle's thought one free from particular biases rooted in unacknowledged ideologies and traditional interpretations transmitted by particular church traditions Contributors include František Ábel Michael Bachmann Daniel Boyarin William S Campbell Kathy Ehrensperger Paula Fredriksen Jörg Frey Joshua Garroway Karl Wilhelm Niebuhr Isaac W Oliver Shayna Sheinfeld and J Brian Tucker

As recognized, adventure as capably as experience just about lesson, amusement, as skillfully as understanding can be gotten by just checking out a books **Questioning Circumcision A Jewish Perspective** in addition to it is not directly done, you could acknowledge even more all but this life, re the world.

We offer you this proper as with ease as easy way to acquire those all.
