she lived in and some of the people who made a mark on my life As you can expect not everyone is pleased about this book being published Some family members who were not present for many years feel that this story should remain untold This was an undertaking that started while she was in grade eight and she believes there was a reason she started it way back then This is something she did for her She hopes that in her telling her story that she can help others Anyone that has experienced abuse in the past should seek help in dealing with the feelings that remain As well anyone dealing with it now should ask for help no matter how young or old you are or how afraid you are If they do not listen yell louder Stop the cycle of abuse
