European Identity Ireneusz Paweł Karolewski, Viktoria Kaina, 2006 Despite its unequalled history of success the European Union is still far from its citizens In the aftermath of the failed referenda on the European constitutional treaty in France and the Netherlands in the early summer of 2005 the EU is facing a severe crisis of trust Hence the questions arise how much pressure can the community tolerate in order to persist and what does hold it together in times of scarcity conflict danger and threat The contributions of this volume do not only provide a variety of conceptualizations of European identity in the broad field of social sciences such as sociology political theory and international relations but first and foremost intend to enrich the present research by offering new theoretical perspectives and recent empirical findings

actors Its multilevel and interdisciplinary approach rooted in the Discourse Historical tradition of Critical Discourse Analysis allows for a comparison of identity constructions at different levels of Europe's social and political organisation and in different modes of communication The book analyses discourses as diverse as those of the EU politicians of Europe's national media as well as of migrants living in Europe It offers a set of integrated models and analytical procedures which bring to the fore the inherent dynamism and complexity of both bottom up and top down European identity constructions *European Citizenship and Identity Outside of the European Union* Agnieszka Weinár, 2019-06-27 This book critically engages with the concept of European identity and citizenship and the role of the European Union in diaspora membership and emigration policies It presents original research on European governance of emigration and citizenship and considers European integration in a global context It questions whether there can be a European diaspora outside the European Union if European governance of emigration is possible and whether the EU can or should govern its diasporas in the global era By engaging with concepts of European citizenship diaspora and identity the author examines the weak meaning of Europe for EU nationals living abroad and finds that European public spaces present and sustained within the European Union territory are largely not exported outside of it Equal treatment and equal rights become empty concepts for Europeans leaving the European Union as they lose their European citizenship This book will be of key interest to scholars and students of European Union politics European studies migration studies American and Canadian studies and the sociology of migration
