Annual Report Unesco Institute for Education, 1997 *Changing Men in Southern Africa* Robert Morrell, 2001-08-18 Despite claims that men are in crisis the domestic and public realms of Southern Africa are still dominated by men This examination of modern men aims to show that the power of man is not a fixed concept and that it is not true that all men share the spoils of dominance Rethinking the Politics of Education Nick Peim, 2022-05-10 Rethinking the Politics of Education provides an entirely original rethinking of the modern and contemporary mythology of education Problematising the ideas concerning education as fulfilment and redemption the book critically reviews the association of education with projects of social justice democracy and improvement This book argues for a fundamental rethinking of what education is exploring how things stand with education and educational apparatuses in the contemporary world It examines relations between educational discourses and their implied ontological stances and offers new ways of thinking that draw on ontological positions from psychoanalytical philosophical and social discourses The book contends that education is an essential form of politics and must be understood through a careful examination of its history modes of operation and its

basic structures rather than an idealized version of what it might be Presenting an original and alternative account of a theoretically informed political ontology of education the book will be of great interest to academics researchers and postgraduate students interested in the philosophy of education the politics of education educational theory and the sociology of education *Education, the Anthropocene, and Deleuze/Guattari* David R. Cole,2021-10-11 Human civilisation stands at an unimaginable precipice The human past leading up to today has seen society develop under the conditions of the Holocene since 10000 BC However we are now in the Anthropocene what Deleuze Guattari term as the future rupturing the present This book analyses the Anthropocene given four dimensions tool enhancement carbon trail the phallocene and atomic time A mode of education and social change lies parallel to this mapping that tackles degrowth changing consciousness a Green Utopia and building a critical immanent model to realign current practices in the light of globalisation This is the first book to put the philosophy of Deleuze Guattari to work for the future and our collective existence as a differentiated educational practice in the Anthropocene **Bibliographic Guide to Government Publications** New York Public Library.
