Qui Som Historia De La Diversitat Humana

Anna Maria Cabré

Qui Som Historia De La Diversitat Humana:

Nosaltres els humans Agustí Galiana,1999-03 *Les arrels socioculturals de l'art* Isidre Vallès i Rovira,2001 En aquesta obra es planteja la realització d'un treball d'investigació que desenvolupa i sintetitza els nombrosos aspectes socioculturals que incideixen en l'activitat artística. Es parteix doncs d'una visió holística del ser humà que té en compte tant les seves característiques biològiques com els aspectes individuals i comunitaris que repercuteixen en el resultat artístic.

Lingüística històrica M. Carme Junyent,2006 La lingüística històrica és la branca de la lingüística que estudia el desenvolupament històric de la llengua. Aquest text guia aplega els diversos vessants que s'han anat incorporant a l'estudi històric de la llengua: el temporal, l'espacial i el social fonamentalment. Així en el primer tema s'introdueix als aspectes metodològics i conceptuals bàsics i en els dos temes següents es fa un recorregut per la seva història des de dues perspectives: la canònica centrada en el desenvolupament de la lingüística indoeuropea i la marginada que contempla les aportacions de la recerca en altres famílies lingüístiques. El quart tema està dedicat al canvi lingüístic intern i en el cinquè dedicat al canvi en el lèxic es fa la transició cap als aspectes externs del canvi lingüístic: la dimensió espacial dels quals juntament amb la social s'analitza en el tema sis. El setè tema dedicat al parentiu lingüístic contempla els aspectes de la classificació genètica de les llengües i finalment en el tema vuit s'introdueixen alguns aspectes interdisciplinaris de la relació entre la llengua i la història. El text guia inclou també un extens glossari amb les definicions de les paraules clau de tots els temes.

Antropologia lingüística,2006-03-28 **"Les" llengües i les cultures en el procés de globalització de la societat de la informació** Joan Martí i Castell,2002 *La fi del progressisme il·lustrat* Ferran Sáez Mateu,2024-11-06 L'esquerra postmoderna capficada en la noció de diferència ha renunciat als valors de la Il·lustració. L'horitzó polític del progressisme de matriu il·lustrada era el de la igualtat; l'esquerra postmoderna en canvi està capficada avui en la noció de diferència. Les dues perspectives poden coexistir si són compatibles. El debat entorn de les nocions de natura i artífici ha fet pal·les que no. Des del postmodernisme la realitat només és una construcció social: un gran artífici tot i que alhora s'aspira paradoxalment a un mínim natural, menys artífici. Els conceptes de natura i artífici s'han acabat articulant d'una manera confusa. Sovint han desembocat en la impugnació de les idees fundacionals del progressisme il·lustrat per mitjà d'una escolàstica de la diferència centrada en Foucault i la French theory. El professor Ferran Sáez Mateu mostra d'una manera entenedora i amena la inviabilitat a llarg termini de certes idees que avui han esdevingut obligatòries, així com la seva estranya genealogia històrica. Moltes han desembocat en greus contradiccions que reactivament han fet revifar respostes polítiques d'extrema dreta arreu del món emmanillat per la correcció política constret per la fraseologia woke. El progressisme il·lustrat sembla haver arribat a la seva fi.
