Quiet Moments In A War:

Quiet Moments in a War Jean-Paul Sartre, 2002-05-21 In the companion volume to the acclaimed *Witness of my Life* Jean Paul Sartre reveals his life as a soldier a German prisoner and a man of Resistance through letters between himself and his beloved Simone de Beauvoir *Quiet Moments in a War* tells the story of Jean Paul Sartre at the peak of his powers and renown through the exchanging of ideas and intimacies with Simone de Beauvoir from 1940 to 1963 In the pages of this book readers will find details on Sartre's war and his path to fame with the publication of his major works From September 1939 to June 1940 Sartre wrote Beauvoir almost daily as he waited from the frontlines for a German attack While it was a time of fear and uncertainty it doubled as a time of great productivity for Sartre as he completed the novel *The Age of Reason* and sketched out *Being and Nothingness* This collection of the letters between Sartre and Beauvoir completes the extraordinary correspondence of one of modern history's most celebrated couples while documenting the emergence of a great intellectual figure

The Thinking Space Leona Rittner, W. Scott Haine, 2016-03-03 The cafe is not only a place to enjoy a cup of coffee it is also a space distinct from its urban environment in which to reflect and take part in intellectual debate Since the eighteenth century in Europe intellectuals and artists have gathered in cafes to exchange ideas inspirations and information that has driven the cultural agenda for Europe and the world Without the cafe would there have been a Karl Marx or a Jean Paul Sartre The cafe as an institutional site has been the subject of renewed interest amongst scholars in the past decade and its role in the development of art ideas and culture has been explored in some detail However few have investigated the ways in which cafes create a cultural and intellectual space which brings together multiple influences and intellectual practices and shapes the urban settings of which they are a part This volume presents an international group of scholars who consider cafes as sites of intellectual discourse from across Europe during the long modern period Drawing on literary theory history cultural studies and urban studies the contributors explore the ways in which cafes have functioned and evolved at crucial moments in the histories of important cities and countries notably Paris Vienna and Italy Choosing these sites allows readers to understand both the local particularities of each cafe while also seeing the larger cultural connections between these places By revealing how the cafe operated as a unique cultural context within the urban setting this volume demonstrates how space and ideas are connected As our global society becomes more focused on creativity and mobility the intellectual cafes of past generations can also serve as inspiration for contemporary and future knowledge workers who will expand and develop this tradition of using and thinking in space

New Perspectives on Sartre Adrian van den Hoven, Adrian Mirvish, 2010-05-11 This volume deals with a number of topics that have not previously been specifically addressed before in a single text A chapter on Sartre and religion talks about his thought in relation to Christianity Judaism and Buddhism while one on Sartre and children discusses his work in relation to the issues of freedom pregnancy and autism Beyond this there are an additional seven chapters covering a wide variety of topics by leading scholars in the fields of philosophy literature psychology history

and political thought While prior publications on Sartre have generally divided his work into two periods pre and post Marxist this volume deliberately stresses a middle and final period as well As representative of the middle period there is an emphasis on Notebooks for an Ethics while Sartre s last work Hope Now is also treated as being philosophically significant in its own right This approach helps to cast a new light on what Sartre has to say about authenticity childhood and consciousness as embodied among other subjects The volume also addresses many and diverse issues of current interest including those of freedom Marxism and Sartre s relation to ethics There are sections of the book that deal with history and the historical situations that helped to shape Sartre s thought as well as articles that deal with Sartre as a specifically French thinker A chapter deals with Sartre s relation to women and here the issues of maternity as problematic plus authentic adult relationships are discussed Finally in addition to authors in philosophy and literature there are articles by a child psychiatrist and a clinical psychologist to help to provide new insights on Sartre s work Even as an academic philosopher Sartre always remained an iconoclast and the aim of this book is at least partially to capture and provide the reader with insight into this spirit

Nelson Algren Richard F. Bales,2024-11-07 This book addresses critical gaps in existing biographies of Nelson Algren providing new perspectives on his writing style literary contributions professional colleagues and personal life especially his relationship with Simone de Beauvoir Although Beauvoir maintained a simultaneous relationship with philosopher Jean Paul Sartre the correspondence exchanged between Beauvoir Algren and Sartre as this book discusses sheds new light on her transatlantic love affair with Algren Moreover this work challenges the assertion that Algren s writing aligns seamlessly with the New Journalism style popularized by Tom Wolfe It investigates how Algren s literary legacy might have diverged had he embraced more of the principles associated with New Journalism

Thinking about and Enacting Curriculum in "frames of War" Rahat Naqvi,Hans Smits,2012-01-01 Rahat Naqvi and Hans Smits edited collection Thinking about and Enacting Curriculum in Frames of War is centered on the theme of how the current global order creates precarious conditions for human life The contributors respond to the challenges Judith Butler posed about the fragility of life and questions about how we apprehend and take up ethically our responsibilities for those who are considered Other The overarching objective of the book is the meaning of a call to ethics and how discussion of framing and frames is a provocation to think about our responsibilities as curriculum scholars and practitioners

At the Existentialist Café Sarah Bakewell,2016-03-01 Named one of the Ten Best Books of 2016 by the New York Times a spirited account of a major intellectual movement of the twentieth century and the revolutionary thinkers who came to shape it by the best selling author of How to Live Sarah Bakewell Paris 1933 three contemporaries meet over apricot cocktails at the Bec de

Gaz bar on the rue Montparnasse They are the young Jean Paul Sartre Simone de Beauvoir and longtime friend Raymond Aron a fellow philosopher who raves to them about a new conceptual framework from Berlin called Phenomenology You see he says if you are a phenomenologist you can talk about this cocktail and make philosophy out of it It was this simple phrase that would ignite a movement inspiring Sartre to integrate Phenomenology into his own French humanistic sensibility thereby creating an entirely new philosophical approach inspired by themes of radical freedom authentic being and political activism This movement would sweep through the jazz clubs and caf s of the Left Bank before making its way across the world as Existentialism Featuring not only philosophers but also playwrights anthropologists convicts and revolutionaries At the Existentialist Caf follows the existentialists story from the first rebellious spark through the Second World War to its role in postwar liberation movements such as anti colonialism feminism and gay rights Interweaving biography and philosophy it is the epic account of passionate encounters fights love affairs mentorships rebellions and long partnerships and a vital investigation into what the existentialists have to offer us today at a moment when we are once again confronting the major questions of freedom global responsibility and human authenticity in a fractious and technology driven world *Volume 9: Kierkegaard and Existentialism* Jon Stewart,2016-12-05 There can be no doubt that most of the thinkers who are usually associated with the existentialist tradition whatever their actual doctrines were in one way or another influenced by the writings of Kierkegaard This influence is so great that it can be fairly stated that the existentialist movement was largely responsible for the major advance in Kierkegaard s international reception that took place in the twentieth century In Kierkegaard s writings one can find a rich array of concepts such as anxiety despair freedom sin the crowd and sickness that all came to be standard motifs in existentialist literature Sartre played an important role in canonizing Kierkegaard as one of the forerunners of existentialism However recent scholarship has been attentive to his ideological use of Kierkegaard Indeed Sartre seemed to be exploiting Kierkegaard for his own purposes and suspicions of misrepresentation and distortions have led recent commentators to go back and reexamine the complex relation between Kierkegaard and the existentialist thinkers The articles in the present volume feature figures from the French German Spanish and Russian traditions of existentialism They examine the rich and varied use of Kierkegaard by these later thinkers and most importantly they critically analyze his purported role in this famous intellectual movement *Ashes of Wars* Radka Yakimov,2011-07 It is 1890 when three young women head toward a meadow hidden in the woods outside the village of Shipkovtsi Bulgaria As Trina Vella and Dobrinka meet in front of an old monastery a family treasure held secret for generations is revealed In the end there are three piles of gold one in front of each sister but one pile is bigger than the others An inheritance has been unfairly divided leaving two sisters feeling cheated In *ASHES of WARS* Radka Yakimov narrates the story of the descendents of two of those Bulgarian sisters Reconstructed historically on the basis of recorded facts stories handed down from generation to generation and her own personal recollections Yakimov chronicles the main events that impacted the lives of four generations of Bulgarians

throughout the twentieth century As she relays a saga about the twenty three men women and children who escaped in search of a safer place Yakimov takes her readers beyond the confines of Bulgaria into Yugoslavia to a refugee camp in Trieste and finally to new lives in Canada and America ASHES of WARS profiles the courage grit and determination of the people of a beautiful Balkan country torn by wars and oppression but sustained by hopes for a brighter future **Catalog of Copyright Entries.
