Quran And Islam:

The Divine System Iman Omeed Khan MD, 2015-06-19 The history of Islam as the faith of God has been buried and lost to antiquity but the message in the Quran has been gaining renewed visibility as both a very negative and as a positive influence In spite of its growing visibility there are baffling issues as with all religions whether the individual in reality adheres to the tenets of the Quran and the Faith There is clearly a phenomenal misunderstanding prevalent about Islam and the Quran The author undertook a serious study of the Quran over several years and dispassionately stresses the importance and relevance of the text to contemporary times where heated arguments persist as to which is the better true religion The author presents direct quotes from the Quran and provides explanations thereof based on textual commentaries and her personal understanding with the sincere hope that those who are interested in knowing the basic facts in the Quran get a clearer understanding of this preserved word of God

Prophets in the Quran Brannon Wheeler, 2002-06-01 What was the name of Noah's son who did not survive the Flood Why do Pharaoh and Haman build the Tower of Babel For what reasons does Moses travel to the ends of the Earth Who is the Horned One who holds back Gog and Magog until the Day of Judgement These are some of the questions answered in the oral sources and Quran commentaries on the stories of the prophets as they are understood by Muslims Designed as an introduction to the Quran with particular emphasis on parallels with Biblical tradition this book provides a concise but detailed overview of Muslim prophets from Adam to Muhammad Each of the chapters is organized around a particular prophet including an English translation of the relevant verses of the Quran and a wide selection of classical medieval and modern Muslim commentaries on those verses Quran commentaries include references to Sunni and Shi'i sources from Spain Central Asia the Middle East and Africa An extensive glossary provides an annotated list of all scholarly transmitters and cited texts with suggestions for further reading This is an excellent book for undergraduate courses and students in divinity and seminary programmes Comparisons between the Quran and Bible and among Jewish Christian and Islamic exegesis are highlighted Oral sources references adapted from apocryphal and pseudepigraphical works and inter religious dialogue are all evident throughout these stories of the prophets This material shows how the Quran and its interpretation are integral to a fuller and more discerning understanding of the Bible and its place in the history of Western religion

After more than 12 years of computerized research of Quran PHYSICAL EVIDENCE was discovered proving that Quran is indeed the infallible word of God This discovery became very popular among the Muslim masses throughout the world and summaries of the work were printed and distributed by the millions My personal popularity soared along with this most exciting and most humbling discovery The continued research then unveiled a startling fact that the extremely popular Hadith Sunna have nothing to do with the prophet Muhammad and that adherence thereto represents flagrant disobedience of God and His final prophet Quran 6 112 25 31 This finding contradicts the beliefs of Muslim masses everywhere Consequently my personal popularity and even the popularity of the Quran s miracle plunged to the point of endangering my life and reputation As it turned out telling the Muslims that Hadith Sunna are Satanic inventions is the same as telling the Christians that Jesus is not the son of God Since the recognition of Hadith Sunna as Satanic innovations is supported by PHYSICAL EVIDENCE all freethinking people will accept the findings reported in this book For such people the results include a totally new sense of salvation and full awareness that the Muslim masses have fallen victim to Satan s schemes

revelation from God Allah It is widely regarded as the finest piece of literature in the Arabic language The Quran is divided into chapters called suras which are then divided into verses called ayahs Muslims believe the Quran was verbally revealed by God to Muhammad through the angel Gabriel Jibril gradually over a period of approximately 23 years beginning on 22 December 609 CE when Muhammad was 40 and concluding in 632 the year of his death Muslims regard the Quran as the most important miracle of Muhammad a proof of his prophethood and the culmination of a series of divine messages that started with the messages revealed to Adam and ended with Muhammad The word Quran occurs some 70 times in the text of the Quran although different names and words are also said to be references to the Quran According to the traditional narrative several companions of Muhammad served as scribes and were responsible for writing down the revelations Shortly after Muhammad's death the Quran was compiled by his companions who wrote down and memorized parts of it These codices had differences that motivated the Caliph Uthman to establish a standard version now known as Uthman's codex which is generally considered the archetype of the Quran known today There are however variant readings with mostly minor differences in meaning The Quran assumes familiarity with major narratives recounted in the Biblical scriptures It summarizes some dwells at length on others and in some cases presents alternative accounts and interpretations of events The Quran describes itself as a book of guidance It sometimes offers detailed accounts of specific historical events and it often emphasizes the moral significance of an event over its narrative sequence The Quran is used along with the hadith to interpret sharia law During prayers the Quran is recited only in Arabic
