The Storm That Saw Itself Jenna Moran, 2015-03-22 If a storm sees itself it can become a person That s how people are made after all they notice themselves They become aware of their own existence Then they re really alive Storms can do it Wolves can do it Evil puppets can do it Humans almost all of them do But is it really such a good idea To be a person is to be an unrefined thing People are like raw ore one thing mixed with a thousand different things And they re pulled in a thousand different directions too Once you see yourself you start to notice that Sometimes you see yourself wanting one thing Sometimes you see yourself wanting something completely different Sometimes you re one way Sometimes you re another It s all very self sabotaging and gets in the way of just being the one pure thing that you are So Tom made a hat to fix that He made a hat to take a person and turn them into something purer something more refined He made a hat to take all the scattered pieces of the self and align them to point in a single direction It s a hat that can make you into one thing one pure thing perfected What would a hat like that make out of you

Nobilis R. Sean Borgstrom, Sean, 1999-07-01 *Theorizing Outdoor Recreation and Ecology* Sean Ryan, 2016-04-29 Deciding what

user impacts are natural or unnatural has inspired much debate Biophysically moose cause similar kinds of soil and vegetation impacts as hikers Yet moose are the sign of nature while hikers are the sign of damage The field of outdoor recreation is beset with paradoxes and this book presents a unique alternative framework to address these dilemmas Examining outdoor recreation through the lens of ecological theory Ryan draws from theorists such as Foucault Derrida and Latour The book explores minimum impact strategies designed to protect and enhance ecological integrity but that also require a disturbing amount of policing of users which runs counter to the freedom users seek Recent ecological theory suggests that outdoor recreation s view of nature as balanced when impacts are removed is outdated and incorrect What is needed and indeed Ryan presents is a paradoxical and ecological view of humans as neither natural nor unnatural a view that embraces some traces in nature
