Aschheim,Vivian Liska,2015-09-14

In the past decades the German Jewish phenomenon Derrida has increasingly attracted the attention of scholars from various fields Jewish studies intellectual history philosophy literary and cultural studies critical theory In all its complex dimensions the post enlightenment German Jewish experience is overwhelmingly regarded as the most quintessential and charged meeting of Jews with the project of modernity Perhaps for this reason from the eighteenth century through to our own time it has been the object of intense reflection of clashing interpretations and appropriations In both micro and macro case studies this volume engages the multiple perspectives as advocated by manifold interested actors and analyzes their uses biases and ideological functions over time in different cultural disciplinary and national contexts This volume includes both historical treatments of differing German Jewish understandings of their experience their relations to their Judaism general culture and to other Jews and contemporary reflections and competing interpretations as to how to understand the overall experience of German Jewry   [The Jewish Reformation](#) Michah Gottlieb,2021 In the century and a half beginning with Moses

Mendelssohn s pioneering translation and the final one by Martin Buber and Franz Rosenzweig German Jews produced sixteen different translations of at least the Pentateuch Exploring translations by Moses Mendelssohn Leopold Zunz and Samson Raphael Hirsch Michah Gottlieb argues that each articulated a middle class Judaism that was aligned with bourgeois Protestantism seeing middle class values as the best means to serve God and the authentic actualization of Jewish tradition

**Judaism's Encounter with Other Cultures** Jacob J. Schacter,1997-05-01 The issue of Judaism s relationship to secular learning and wisdom is one of the most basic concerns of Jewish intellectual history The authors collected in this study discuss both sides of the issue and collectively offer an eloquent and convincing case for the perpetuation of Judaism s dialogue with the outside world   **Fifty Key Jewish Thinkers** Dan Cohn-Sherbok,2007-06-11 Fifty Key Jewish Thinkers is a panoramic survey of over 2 000 years of Jewish thought religious and secular ancient and modern Now in its second edition this essential reference guide contains new introductions to the lives and works of such thinkers as Hannah Arendt Immanuel

Levinas Judith Plaskow Sigmund Freud and Walter Benjamin Also including fully updated guides to further reading on figures from the middle ages through to the twenty first century historical maps and a chronology placing the thinkers in context this is an essential and affordable one volume reference to a rich and complex tradition      **Reader's Guide to Judaism** Michael Terry,2013-12-02 The Reader's Guide to Judaism is a survey of English language translations of the most important primary texts in the Jewish tradition The field is assessed in some 470 essays discussing individuals Martin Buber Gluckel of Hameln literature Genesis Ladino Literature thought and beliefs Holiness Bioethics practice Dietary Laws Passover history Venice Baghdadi Jews of India and arts and material culture Synagogue Architecture Costume The emphasis is on Judaism rather than on Jewish studies more broadly      *The Secret of the Jews* David Ben Moshe,David Morrison,2008 Explain why so many American Jews are deeply uncomfortable with this outpouring of Christian support      *Rabbis and Revolution* Michael Miller,2010-11-02 The Habsburg province of Moravia straddled a complicated linguistic cultural and national space where German Slavic and Jewish spheres overlapped intermingled and sometimes clashed Situated in the heart of Central Europe Moravia was exposed to major Jewish movements from the East and West including Haskalah Jewish enlightenment Hasidism and religious reform Moravia's rooted and thriving rabbinic culture helped moderate these movements and in the case of Hasidism keep it at bay During the Revolution of 1848 Moravia's Jews took an active part in the prolonged and ultimately successful struggle for Jewish emancipation in the Habsburg lands The revolution ushered in a new age of freedom but it also precipitated demographic financial and social transformations disrupting entrenched patterns that had characterized Moravian Jewish life since the Middle Ages These changes emerged precisely when the Czech German conflict began to dominate public life throwing Moravia's Jews into the middle of the increasingly virulent nationality conflict For some a cautious embrace of Zionism represented a way out of this conflict but it also represented a continuation of Moravian Jewry's distinctive role as mediator and often tamer of the major ideological movements that pervaded Central Europe in the Age of Emancipation      **Reclaiming the Hebrew Bible** Ran HaCohen,2010 The 19th century saw the rise of Biblical Criticism in German universities culminating in Wellhausen's radical revision of the history of biblical times and religion For German Jewish intellectuals the academic discipline promised emancipation from traditional Christian readings of Scripture but at the same time suffered from what was perceived as anti Jewish bias this time in scholarly robes Reclaiming the Hebrew Bible describes the German Jewish strategies to cope with Biblical Criticism varying from an enthusiastic welcome in the early decades through modified adoption in Jewish Reform circles to resolute rejection in the Orthodox camp The study surveys the awareness and attitudes towards Biblical Criticism in the popular German Jewish periodicals and analyzes in depth the works of the first modern Jewish historian I M Jost 1793 1860 of the theologian S L Steinheim 1789 1866 and of the Reform activist Siegmund Maybaum 1844 1919      **Sources and Interpretations** Lawrence H. Schiffman,2025-06-16 This volume brings together over forty of Schiffman's Studies on Ancient Judaism that have helped to shape this emerging field Throughout

these studies display a wide ranging perspective bringing together all kinds of sources written or archaeological to illuminate ancient Judaism and its complex history Topics explored include the history of the Jews and Judaism in Late Antiquity the Bible in Jewish tradition ancient Jewish thought law and liturgy magic and mysticism relation of the Dead Sea Scrolls to Rabbinic Literature Judean Desert texts and Judaism and Christianity The volume concludes with studies of the work of several modern rabbis and academic scholars

**Depeche Mode. Jacob Taubes between Politics, Philosophy, and Religion** , 2022-03-07 Jacob Taubes is one of the most significant intellectual figures in the more recent German intellectual scene and beyond However Taubes was either dismissed as a highly controversial character or as a mere commentator of ongoing debates or the reception was restricted to his considerations on religion and the ambivalences of secularity This volume challenges these reductions by putting Taubes original albeit marginalised texts into new sometimes surprising contexts Furthermore it relates familiar topics in his oeuvre to lesser known themes that are still highly pertinent for contemporary discussions on faith modernity and the limits of politics

*Jewish Studies Between the Disciplines / Judaistik zwischen den Disziplinen* Klaus Herrmann, Margarete Schlüter, Giuseppe Veltri, 2003-06-01 Peter Sch fer who celebrated his 60th birthday on 29 June 2003 has left a decidedly firm imprint on the young discipline Jewish Studies in Germany which could only be set up at a German university after the Shoah For someone directing a small academic institution he has managed during his academic career to guide and influence a strikingly large number of students in their scholarly pursuits in the field The collected essays of this volume encompass quite a variety of topics whereby the focal points in Peter Sch fer s own research are not difficult to recognize in the themes chosen by his former students mysticism and magic are most conspicuous followed by Rabbinic Judaism and the studies on the Middle Ages and the Early Modern and Modern Periods Of note is also the fact that the methodological approaches of these contributions are no less manifold than their themes Part of the contributions of this book were submitted in English and all the German language texts have an English summary or abstract
