Gordon,2015-05-20 Americans believe strongly in the socially transformative power of education and the idea that we can challenge racial injustice by reducing white prejudice has long been a core component of this faith How did we get here In this first rate intellectual history Leah N Gordon jumps into this and other big questions about race power and social justice To answer these questions *From Power to Prejudice* examines American academia both black and white in the 1940s and 50s Gordon presents four competing visions of the race problem and documents how an individualistic paradigm which presented white attitudes as the source of racial injustice gained traction A number of factors Gordon shows explain racial individualism s postwar influence individuals were easier to measure than social forces psychology was well funded studying political economy was difficult amid McCarthyism and individualism was useful in legal attacks on segregation Highlighting vigorous midcentury debate over the meanings of racial justice and equality *From Power to Prejudice* reveals how one particular vision of social justice won out among many contenders      **African American Political Thought: Integration vs. separatism, from the colonial period to the present** Marcus D. Pohlmann,2003      **Race Conscious Pedagogy** Todd M. Mealy,2020-10-30 In 1935 W E B Du Bois asked Does the Negro need separate schools His stunning query spoke to the erasure of cultural relevancy in the classroom and to reassurances given to White supremacy through curricula and pedagogy Two decades later as the Supreme Court ordered public schools to desegregate educators still overlooked the intimations of his question This book reflects upon the role K 12 education has played in enabling America s enduring racial tensions Combining historical analysis personal experience and a theoretical exploration of critical race pedagogy this book calls for placing race at the center of the pedagogical mission      *The New American Cyclopaedia* George Ripley,Charles Anderson Dana,1858      **Black and African-American Studies** Gunnar Myrdal,1944 In this landmark effort to understand African American people in the New World Gunnar Myrdal provides deep insight into the contradictions of American democracy as well as a study of a people within a people The title of the book *An American Dilemma* refers to the moral

contradiction of a nation torn between allegiance to its highest ideals and awareness of the base realities of racial discrimination The touchstone of this classic is the jarring discrepancy between the American creed of respect for the inalienable rights to freedom justice and opportunity for all and the pervasive violations of the dignity of blacks The appendices are a gold mine of information theory and methodology Indeed two of the appendices were issued as a separate work given their importance for systematic theory in social research The new introduction by Sissela Bok offers a remarkably intimate yet rigorously objective appraisal of Myrdal a social scientist who wanted to see himself as an analytic intellectual yet had an unbending desire to bring about change An American Dilemma is testimonial to the man as well as the ideas he espoused When it first appeared An American Dilemma was called the most penetrating and important book on contemporary American civilization by Robert S Lynd One of the best political commentaries on American life that has ever been written in The American Political Science Review and a book with a novelty and a courage seldom found in American discussions either of our total society or of the part which the Negro plays in it in The American Sociological Review It is a foundation work for all those concerned with the history and current status of race relations in the United States Provided by publisher **Why America Fights** Susan A. Brewer, 2011-03-17 Why America Fights explores how the U S government has sold war aims designed to rally public support throughout the 20th century American Constitutional Law Donald P. Kommers, John E. Finn, Gary J. Jacobsohn, 2010 American Constitutional Law Essays Cases and Comparative Notes is a unique casebook that encourages citizens and students of the Constitution to think critically about the fundamental principles and policies of the American constitutional order In addition to its distinguished authorship the book has two prominent features that set it apart from other books in the field an emphasis on the social political and moral theory that provides meaning to constitutional law and interpretation and a comparative perspective that situates the American experience within a world context that serves as an invaluable prism through which to illuminate the special features of our own constitutional order While the focus of the book is entirely on American constitutional law the book asks students to consider what if anything is unique in American constitutional life and what we share with other constitutional democracies Each chapter is preceded by an introductory essay that highlights these major themes and also situates the cases in their proper historical and political contexts This new edition offers updated and expanded treatment of a number of important and timely topics including the death penalty privacy affirmative action and school segregation Volume 2 of this text focuses on civil rights and basic freedoms and includes separate chapters on race and gender **The Marcus Garvey and Universal Negro Improvement Association Papers, Vol. V** Robert A. Hill, Marcus Garvey, Universal Negro Improvement Association, 1983 Africa for the Africans was the name given in Africa to the extraordinary black social protest movement led by Jamaican Marcus Mosiah Garvey 1887 1940 Volumes I VII of the Marcus Garvey and Universal Negro Improvement Association Papers chronicled the Garvey movement that flourished in the United States during the 1920s Now the long awaited African volumes of this edition

Volumes VIII and IX and a forthcoming Volume X demonstrate clearly the central role Africans played in the development of the Garvey phenomenon. The African volumes provide the first authoritative account of how Africans transformed Garveyism from an external stimulus into an African social movement. They also represent the most extensive collection of documents ever gathered on the early African nationalism of the inter war period. Here is a detailed chronicle of the spread of Garvey's call for African redemption throughout Africa and the repressive colonial responses it engendered. Volume VIII begins in 1917 with the little known story of the Pan African commercial schemes that preceded Garveyism and charts the early African reactions to the UNIA. Volume IX continues the story documenting the establishment of UNIA chapters throughout Africa and presenting new evidence linking Garveyism and nascent Namibian nationalism.

*And There Was Light* Jon Meacham, 2023-10-17 NEW YORK TIMES BESTSELLER Pulitzer Prize winning biographer Jon Meacham chronicles the life of Abraham Lincoln charting how and why he confronted secession threats to democracy and the tragedy of slavery to expand the possibilities of America. Meacham has given us the Lincoln for our time. Henry Louis Gates Jr Winner of the Gilder Lehrman Lincoln Prize Longlisted for the Biographers International Plutarch Award One of the Best Books of the Year The Christian Science Monitor Kirkus Reviews A president who governed a divided country has much to teach us in a twenty first century moment of polarization and political crisis. Hated and hailed excoriated and revered Abraham Lincoln was at the pinnacle of American power when implacable secessionists gave no quarter in a clash of visions bound up with money race identity and faith. In him we can see the possibilities of the presidency as well as its limitations. At once familiar and elusive Lincoln tends to be seen as the greatest of American presidents a remote icon or as a politician driven more by calculation than by conviction. This illuminating new portrait gives us a very human Lincoln an imperfect man whose moral antislavery commitment essential to the story of justice in America began as he grew up in an antislavery Baptist community who insisted that slavery was a moral evil and who sought as he put it to do right as God gave him to see the right. This book tells the story of Lincoln from his birth on the Kentucky frontier in 1809 to his leadership during the Civil War to his tragic assassination in 1865 his rise his self education his loves his bouts of depression his political failures his deepening faith and his persistent conviction that slavery must end. In a nation shaped by the courage of the enslaved of the era and by the brave witness of Black Americans Lincoln's story illustrates the ways and means of politics in a democracy the roots and durability of racism and the capacity of conscience to shape events.

*Black Theology and the Menace of Racial Apocalypse* Cyril Orji, 2025-04-30 Racism evolves Black theology must be adaptable. For this reason *Black Theology and the Menace of Racial Apocalypse* argues that racism must take centre stage in Black theology because racism is an existential dread that inevitably confronts the Black person in their existential situation. This book unfolds in two interwoven steps. First it delves into the complex history of Black theology examining its development across its first second and third waves. This critical study exposit the discomfoting idea that something is missing and that this something makes Black theology seem a little

deficient as noted in the pioneering works of James Baldwin and other contemporary thinkers challenging the hesitation to engage with ideas outside Black experience The second step draws from multidisciplinary sources including brain research on cognitive bias and psychological works on implicit bias and microaggressions Effectively utilizing the methodological work of Bernard Lonergan the book argues that incorporating white sources can enhance Black theology's articulation against racism In doing so the book demonstrates how this interpretative mechanism can help overcome societal ideological differences as well as help meaningfully address the ever evolving problem of racism for Christian theology
