Democracy Amilcar Shabazz,2005-11-16 As we approach the fiftieth anniversary of Brown v Board of Education 1954 it is important to consider the historical struggles that led to this groundbreaking decision Four years earlier in Texas the Sweatt v Painter decision allowed blacks access to the University of Texas s law school for the first time Amilcar Shabazz shows that the development of black higher education in Texas which has historically had one of the largest state college and university systems in the South played a pivotal role in the challenge to Jim Crow education Shabazz begins with the creation of the Texas University Movement in the 1880s to lobby for equal access to the full range of graduate and professional education through a first class university for African Americans He traces the philosophical legal and grassroots components of the later campaign to open all Texas colleges and universities to black students showing the complex range of strategies and the diversity of ideology and methodology on the part of black activists and intellectuals working to promote educational equality Shabazz credits the efforts of blacks who fought for change by demanding better resources for segregated black colleges in the years before Brown showing how crucial groundwork for nationwide desegregation was laid in the state of Texas

You Must Be from the North Kimberly K. Little, 2009-10-20 You must be from the North was a common derogatory reaction to the activities of white women throughout the South well meaning wives and mothers who joined together to improve schools or local sanitation but found their efforts decried as more troublesome civil rights agitation You Must Be from the North Southern White Women in the Memphis Civil Rights Movement focuses on a generation of white women in Memphis Tennessee born between the two World Wars and typically omitted from the history of the civil rights movement The women for the most part did not jeopardize their lives by participating alongside black activists in sit ins and freedom rides Instead they began their journey into civil rights activism as a result of their commitment to traditional female roles through such organizations as the Junior League What originated as a way to do charitable work however evolved into more substantive political action While involvement with groups devoted to feeding school children and expanding Bible study sessions seemed benign these white women's growing awareness of racial disparities in Memphis and elsewhere caused them to question the South's hierarchies in ways many of their peers did not Ultimately they found themselves challenging segregation more directly found themselves ostracized as a result and discovered they were often distrusted by a justifiably suspicious black community Their newly discovered commitment to civil rights contributed to the success of the city's sanitation workers strike of 1968 Dr Martin Luther King Jr's death during the strike resonated so deeply that for many of these women it became a defining moment In the long term these women proved to be a persistent and progressive influence upon the attitudes of the white population of Memphis and particularly on the city's elite
