will serve as a launching pad for discussion and change at this critical moment in our country's history. The volume's goal is to drive conversations around the issue of ethnoracial teacher diversity and to provide concrete practices for policy makers and practitioners to enable them to make evidence-based decisions for supporting an ethnoracially diverse educator workforce now and in the future.

Human Behavior Theory for Social Work Practice Terry Koenig, Rick Spano, John Thompson, 2019-03-06 Human Behavior Theory for Social Work Practice provides an in-depth examination of human behavior theories and helps students apply each theory to social work practice. Authors Terry Koenig, Rick Spano, and John Thompson cover a broad spectrum of theories including ecological, psychological, and sociopolitical, before applying them to a wide range of case examples that represent different stages across the human lifespan. Drawing from their extensive knowledge and experience in social work practice and teaching, the authors also feature scholarly research and writing to support the understanding of the theoretical overview in each chapter.

Racists Beware George J. Sefa Dei, 2008-01-01 With admirable clarity and directness, George Dei exposes the tendency towards the racial re-feudalization of the contemporary public sphere in Canada and, by association, other post-industrial societies. He points to the enormous opportunity costs imposed on racial minorities in the new millennium as a consequence. In **RACISTS BEWARE: UNCOVERING RACIAL POLITICS IN THE POSTMODERN SOCIETY**, Dei identifies and subjects to close scrutiny the new race-bending logics of what he calls postmodern societies in which the dwellers of the suburbs and members of the itinerant white professional middle class, the great beneficiaries of late capitalism and neoliberalization of the economy, now have become the new social plaintiff, turning the complaint of racial inequality and discrimination on the heads of those most oppressed. If Gayatri Spivak asks, "Can the subaltern speak?" then Dei brilliantly poses the question: "When will Anglo-dominant groups, even critical ones, ever listen?" This book is likely to provoke and influence discussion on racial antagonism for a long, long time to come.

Racialization Karim Murji, John Solomos, 2005 Racialization has become one of the central concepts in the study of race and racism. It is widely used in both theoretical and empirical studies of racial situations. There has been a proliferation of texts that use this notion in quite diverse ways. It is used broadly to refer to ways of thinking about race as well as to institutional processes that give expression to forms of ethno-racial categorization. An important issue in the work of writers such as Robert Miles, for example, concerns the ways in which the construction of race is shaped historically and how the usage of that idea forms a basis for exclusionary practices. The concept therefore refers both to cultural or political processes or situations where race is invoked as an explanation as well as to specific ideological practices in which race is deployed. It is evident, however, that despite the increasing popularity of the concept of racialization, there has been relatively little critical analysis exploring its theoretical and empirical usages. It is with this underlying concern in mind that *Racialization: Studies in Theory and Practice* brings together leading international scholars in the field of race and ethnicity in order to explore both the utility of the concept and its limitations.
