Race And The Third Reich:

Race and the Third Reich Christopher Hutton, 2005-12-02 *Race and the Third Reich* aims to set out the key concepts debates and controversies that marked the academic study of race in Nazi Germany It looks in particular at the discipline of racial anthropology and its relationship to linguistics and human biology Christopher Hutton identifies the central figures involved in the study of race during the Nazi regime and traces continuities and discontinuities between Nazism and the study of human diversity in the Western tradition Whilst Nazi race theory is commonly associated with the idea of a superior Aryan race and with the idealization of the Nordic ideal of blond hair blue eyes and a long skull Nazi race theorists in common with their colleagues outside Germany without exception denied the existence of an Aryan race After 1935 official publications were at pains to stress that the term Aryan belonged to linguistics and was not a racial category at all Under the influence of Mendelian genetics racial anthropologists concluded that there was no necessary link between ideal physical appearance and ideal racial character In the course of the Third Reich racial anthropology was marginalized in favour of the rising science of human genetics However racial anthropologists played a key role in the crimes of the Nazi state by defining Jews and others as racial outsiders to be excluded at all costs from the body of the German Volk Anyone studying the Third Reich or who is interested in race theory will find this a fascinating informative and accessible study

Beyond the Racial State Devin Owen Pendas, Mark Roseman, Richard F. Wetzell, 2017-11-16 A fundamental reassessment of the ways that racial policy worked and was understood under the Third Reich Leading scholars explore race s function content and power in relation to society and nation and above all in relation to the extraordinary violence unleashed by the Nazis

Anti-Semitism and Schooling Under the Third Reich Gregory Wegner, 2014-02-04 This book investigates the anti Semitic foundations of Nazi curricula for elementary schools with a focus on the subjects of biology history and literature Gregory Paul Wegner argues that any study of Nazi society and its values must probe the education provided by the regime Schools according to Wegner play a major role in advancing ideological justifications for mass murder and in legitimizing a culture of ethnic and racial hatred Using a variety of primary sources Wegner provides a vivid account of the development of Nazi education

The Third Reich David G. Williamson, 2018-01-29 *The Third Reich* is a succinct comprehensive examination of the major debates surrounding this crucial period in modern German history The character and operation of the Nazi state and of its global consequences have been discussed and disputed since 1933 David G Williamson s Seminar Studies text now in its fifth edition provides students with a lucid introduction to the Third Reich and highlights the relevant research scholarship and controversies The new edition has been expanded to give increased coverage to such topics as ethnic cleansing in Poland and Russia the role of the Wehrmacht the Holocaust attitudes of ordinary Germans to the Third Reich the German opposition Nazi foreign policy and the German economy Accompanied by a wide range of primary sources a timeline maps and a glossary *The Third Reich* remains the best available introduction to this short lived but enormously impactful period in world

"Non-Germans" Under the Third Reich Diemut Majer,2003 Indispensable to any student of the New Order in Europe between 1939 and 1945 English Historical Review Beyond the Racial State Devin O. Pendas,Mark Roseman,Richard F. Wetzell,2017-11-16 The racial state has become a familiar shorthand for the Third Reich encapsulating its raison d'être ambitions and the underlying logic of its genocidal violence The Nazi racial state's agenda is generally understood as a fundamental reshaping of society based on a new hierarchy of racial value However this volume argues that it is time to reappraise what race really meant under Nazism and to question and complicate its relationship to the Nazis agenda actions and appeal Based on a wealth of new research the contributors show that racial knowledge and racial discourse in Nazi Germany were far more contradictory and disparate than we have come to assume They shed new light on the ways that racial policy worked and was understood and consider race's function content and power in relation to society and nation and above all in relation to the extraordinary violence unleashed by the Nazis

Education in the Third Reich Gilmer W. Blackburn,1985-01-01 In its determination to take absolute control the Third Reich focused on the nation's youth reserving for the schools the vital task of refashioning the German psyche This book examines these propaganda efforts one of the most radical and far reaching experiments in educational history The book focuses on the manipulation of the German past one of the primary means of state intervention to ensure the triumph of the racial idea in history It shows how textbooks written by National Socialists equalled or exceeded the most imaginative fiction with an itinerary that extended from Valhalla and the Germania of Tacitus to the Prussia of Frederick the Great before mounting to the pinnacle represented by the Third Reich The primary source materials for this study consist of a broad representative collection of history textbooks primers and books of readings containing historical instruction

Hitler and Nazi Germany Jackson J. Spielvogel,David Redles,2020-05-05 Hitler and Nazi Germany A History is a brief but comprehensive survey of the Third Reich based on current research findings that provides a balanced approach to the study of Hitler's role in the history of the Third Reich The book considers the economic social and political forces that made possible the rise and development of Nazism the institutional cultural and social life of the Third Reich World War II and the Holocaust World War II and the Holocaust are presented as logical outcomes of the ideology of Hitler and the Nazi movement This new edition contains more information on the Kaiserreich Imperial Germany as well as Nazi complicity in the Reichstag Fire and increased discussion of consent and dissent during the Nazi attempt to create the ideal Volksgemeinschaft people's community It takes a greater focus on the experiences of ordinary bystanders perpetrators and victims throughout the text includes more discussion of race and space and the final chapter has been completely revised Fully updated the book ensures that students gain a complete and thorough picture of the period and issues Supported by maps images and thoroughly updated bibliographies that offer further reading suggestions for students to take their study further the book offers the perfect overview of Hitler and the
