of politics is emerging both because of and in response to neoliberalism Arguing that we must stop thinking of neoliberalism as a set of norms ideological beliefs or market principles that can be countered with a more just set of norms beliefs and principles Huehls instead insists that we must start to appreciate neoliberalism as a post normative ontological phenomenon That is it s not something that requires us to think or act a certain way it s something that requires us to be in and occupy space in a certain way This provocative treatment of neoliberalism in turn allows After Critique to reimagine our understanding of contemporary fiction and the political possibilities it envisions Jesus in Columbus Reverend James R.
