Race Relations On Campus Stanford Students Speak:

Race Relations on Campus John H. Bunzel, 1992 Drawing on a series of in depth interviews with 54 Stanford undergraduate students conducted during the 1988 89 academic year as well as questionnaires completed by members of the senior class of 1989 Bunzel examines the issue of racism on campus No index Published by Stanford Alumni Association

Racism in Contemporary America Meyer Weinberg, 1996-05-23 Racism in Contemporary America is the largest and most up to date bibliography available on current research on the topic It has been compiled by award winning researcher Meyer Weinberg who has spent many years writing and researching contemporary and historical aspects of racism Almost 15 000 entries to books articles dissertations and other materials are organized under 87 subject headings In addition there are author and ethnic racial indexes Several aids help the researcher access the materials included In addition to the subject organization of the bibliography entries are annotated whenever the title is not self explanatory An author index is followed by an ethnic racial index which makes it convenient to follow a single group through any or all the subject headings This is a source book for the serious study of America s most enduring problem as such it will be of value to students and researchers at all levels and in most disciplines

Racial Attitudes and Asian Pacific Americans Karen Kurotsuchi Inkelas, 2006 This study examines the complex sources and implications of the racial attitudes of Asian Pacific American APA college students who as one of the fastest growing demographics in higher education enrollments play an increasingly significant role in campus race relations

Sex, Race, and Merit Faye J. Crosby, Cheryl VanDeVeer, 2000 Traces the history of this divisive national issue as reflected in the writings of key opinion makers and in public documents

Gender on Campus Sharon Gmelch, 1998 Gender on Campus is the first book to combine solid analyses of the broad range of gender issues for women in college with realistic approaches to heighten awareness and alleviate problems Written for students the book first clarifies the concept of feminism and then examines gender dynamics in a variety of settings and contexts from the classroom to the sports field and from language to social life Sharon Gmelch probes sexism racism and homophobia on campus and surveys the special issues facing diverse women students The book also addresses issues relating to body image and sexuality Its final chapters analyze the role gender continues to play after college in the media workplace and politics After a thorough discussion of a topic each chapter concludes with possibilities for action What You Can Do as well as a selected bibliography of books videos and organizations that students can consult Gender on Campus is an invaluable resource for students parents and administrators as well as an excellent text for women s studies courses

Inside American Education Thomas Sowell, 2010-05-11 An indictment of the American educational system criticizes the fact that the system has discarded the traditional goals of transmitting knowledge and fostering cognitive skills in favor of building self esteem and promoting social harmony

Blackwards Ron Christie, 2012-09-04 African American Republican Ron Christie argues that black leadership is working against equality by advancing an extremist agenda of separatism and special rights

The Bell Curve Richard J.

Herrnstein, Charles Murray, 2010-05-11 The controversial book linking intelligence to class and race in modern society and what public policy can do to mitigate socioeconomic differences in IQ birth rate crime fertility welfare and poverty *Two Steps Ahead of the Thought Police* John Leo, A satirist in the tradition of Mark Twain and H L Mencken John Leo has been long entertaining his readers by pillorying the worst excesses of the Political Correctness movement while lifting high the standard of common sense This collection of editorials is Leo at his best bitingly funny and with a keen moral edge Religion and Liberty *Two Steps Ahead of the Thought Police* Doug Bandow, 2018-04-27 A satirist in the tradition of Mark Twain and H L Mencken John Leo has been long entertaining his readers by pillorying the worst excesses of the Political Correctness movement while lifting high the standard of common sense This collection of editorials is Leo at his best bitingly funny and with a keen moral edge Religion and Liberty **The Diversity Myth** David O. Sacks, Peter A. Thiel, 1999-01-01 This is a powerful exploration of the debilitating impact that politically correct multiculturalism has had upon higher education and academic freedom in the United States In the name of diversity many leading academic and cultural institutions are working to silence dissent and stifle intellectual life This book exposes the real impact of multiculturalism on the institution most closely identified with the politically correct decline of higher education Stanford University Authored by two Stanford graduates this book is a compelling insider's tour of a world of speech codes dumbed down admissions standards and curricula campus witch hunts and anti Western zealotry that masquerades as legitimate scholarly inquiry Sacks and Thiel use numerous primary sources the Stanford Daily class readings official university publications to reveal a pattern of politicized classes housing budget priorities and more They trace the connections between such disparate trends as political correctness the gender wars Generation X nihilism and culture wars showing how these have played a role in shaping multiculturalism at institutions like Stanford The authors convincingly show that multiculturalism is not about learning more it is actually about learning less They end their comprehensive study by detailing the changes necessary to reverse the tragic disintegration of American universities and restore true academic excellence Stanford, 1992

Starving for Justice Ralph Armbruster-Sandoval, 2017-03-21 Focusing on three hunger strikes occurring on university campuses in California in the 1990s Ralph Armbruster Sandoval examines people's willingness to make the extreme sacrifice and give their lives in order to create a more just society **Authentically Black** John McWhorter, 2003-01-27 The critically acclaimed book from the bestselling author of *Losing the Race* and *The Power of Babel* John McWhorter is one of the most original and provocative thinkers on the issue of race in America today In *Authentically Black* McWhorter argues that although African Americans stress hard work and initiative in private they have assumed the mantle of victimhood in the eyes of the public and have thereby created a distorted meaning of what it is to be authentically black McWhorter takes on this mentality and its debilitating implications in topics ranging from rap music to the reparations movement to the portrayal of African Americans on television to racial profiling injecting new ideas and a fresh approach into the nationwide debate on

race Authentically Black is a powerful and important book that will inform and influence the opinions of Americans across all racial and political spectra **Managing Colleges and Universities** Allan M. Hoffman, Randal W. Summers, 2000-06-30 Hoffman and Summers provide both a conceptual framework and practical approaches relevant to leadership issues in higher education This book offers solutions for those in leadership positions or those anticipating a position in higher education It focuses on everyday operational problems and will provide the current or future reader with guidelines for action Higher education leaders must have both a sense of the past and a vision of the future The world is changing rapidly and these changes will have an inevitable and profound impact on higher education Institutions that fail to respond to the trends taking place around them will not likely survive with significance very far into the new millennium This book offers help in making the transition from traditional manager administrator to a valued leader in higher education **Wealth, Poverty and Politics** Thomas Sowell, 2016-09-06 In *Wealth Poverty and Politics* Thomas Sowell one of the foremost conservative public intellectuals in this country argues that political and ideological struggles have led to dangerous confusion about income inequality in America Pundits and politically motivated economists trumpet ambiguous statistics and sensational theories while ignoring the true determinant of income inequality the production of wealth We cannot properly understand inequality if we focus exclusively on the distribution of wealth and ignore wealth production factors such as geography demography and culture Sowell contends that liberals have a particular interest in misreading the data and chastises them for using income inequality as an argument for the welfare state Refuting Thomas Piketty Paul Krugman and others on the left Sowell draws on accurate empirical data to show that the inequality is not nearly as extreme or sensational as we have been led to believe Transcending partisanship through a careful examination of data *Wealth Poverty and Politics* reveals the truth about the most explosive political issue of our time **Higher Education Under Fire** Michael Berube, Cary Nelson, 2020-07-24 The contributors to this collection explore why and how higher education in America under attack *Zealotry and Academic Freedom* Neil Hamilton, 2018-04-27 *Zealotry and Academic Freedom* began with the author's personal experience with suppression of academic speech and obstacles to the pursuit of academic quality Using his own tumultuous experience as a starting point Hamilton explores how significant efforts to create an autonomous space for academic speech within the university over the past 125 years have been thwarted Hamilton charges that a fundamentalist academic left in some humanities and social science faculties views the exercise of standards of academic quality and merit based performance evaluations as tools of oppression and bigotry Academic zealots ferret out and oppose hidden structures of so called oppression in our Eurocentric culture Any faculty member overtly supporting academic quality is thus suspected of bigotry and subject to investigations The opening portion of the book locates similarities with the religious fundamentalism of the nineteenth century in waves of zealotry in American higher education The first part covers student activism in the 1960s through the emergence of a radical academic left in the early 1990s The second part examines the meaning of academic

freedom and the protection of expression that should be secured The third and final portion shows how targets of the coercive tactics of the zealots in any period of zealotry can and have been effectively rebuked and ultimately overcome Neil Hamilton's book will generate controversy particularly the chapters that inquire into the current wave of academic suppression Hamilton warns that history instructs that it can happen here This candid look into the politics of higher education will be gripping reading for all those concerned with the future of education professors administrators students and parents There has been a growing literature on this subject but none cover the legal political aspects of political correctness with such precision

Blacks in the American West and Beyond--America, Canada, and Mexico George H. Junne, 2000-05-30 Almost a century before their arrival in the English New World Blacks appeared alongside the Spanish in what is now the American West Through their families communities and institutions these Western Blacks left behind a long history which is just now beginning to receive systematic scholarly treatment Comprehensively indexing a variety of research materials on Blacks in the North American West Junne offers an invaluable navigational tool for students of American and African American history Entries are organized both geographically and topically and cover a broad range of subjects including cross cultural interaction health art and law Contains a complete compilation of African American newspapers
