Race and Ethnic Relations : American and Global Perspectives Enhanced Martin Marger, 2018-08-17 *Im Race/Ethnic Relations* Martin N. Marger, 2002-10 *Race and Ethnic Relations* Martin N. Marger, 2017-01-01 *Race and Ethnic Relations* Martin N. Marger, **Renegade Kids, Suburban Outlaws** Wayne S. Wooden, Randy Blazak, 2001 Topics covered include exploring boundary between deviance and criminality in the lives of young people who are deeply involved in the youth culture show how youth culture is not a set of categories so much as it is a dynamic and creative response to the confusions of growing up in modern society Sociology Jean Stockard, 2000 SOCIOLOGY DISCOVERING SOCIETY 2nd provides comprehensive coverage of sociology in an affordable paperback format With research studies in every chapter and boxes that portray sociologists at work it will especially appeal to sociology professors who value a quantitative research methodology oriented approach Instead of presenting every possible theory for each issue Stockard s streamlined approach pulls in theories only when they appropriately relate to the issue at hand This integrated approach produces a text that reads more smoothly than the overly encyclopedic heavily interrupted narratives of other texts *Race and Ethnic Relations in the United States* Christopher G. Ellison, W. Allen Martin, 1999 Reflecting the latest data and theoretical literature available RACE AND ETHNIC RELATIONS AMERICAN AND GLOBAL PERSPECTIVES tackles diversity issues from both the American and global perspective offering an in depth exploration of today s globally diverse world The text s expansive coverage of race and ethnic relations across the globe highlights major points of difference and similarity between the United States and a number of other societies **Race and Ethnic Relations** Martin N. Marger, 2012 Social Problems Robert Dean Peterson, Delores F. Wunder, Harlan L. Mueller, 1999 For courses in Social Problems or Global Issues This volume integrates traditional sociological concepts and insights with an ecological awareness and applies it to the globalization process It takes a dynamic view of globalization as an evolutionary process with a potential for unprecedented transformation of social

structure and consciousness *Ie Soc Global Perspect* Ferrante,2002-07 **Power, Postcolonialism and International Relations** Chowdhry Geeta,Sheila Nair,2013-10-15 Chowdhry and Nair along with the authors of this volume make a timely vital and deeply necessary intervention in international relations one that informs theoretically enriches our knowledge of the world through its narratives and forces us to confront the differentiated wholeness of our humanity Readers will want to emulate the skills and sensibilities they offer Naeem Inayatullah Ithaca College This work uses postcolonial theory to examine the implications of race class and gender relations for the structuring of world politics It addresses further themes central to postcolonial theory such as the impact of representation on power relations the relationship between global capital and power and the space for resistance and agency in the context of global power asymmetries Im/Tb-Race and Ethnic Relations Marger,2008-02-01 *Irredentism* Thomas Ambrosio,2001-09-30 The idea of national unification has long been a powerful mobilizing force for nationalist thinkers and ethnic entrepreneurs since the rise of nationalist ideology in the late 1700s This phenomenon came to be known as irredentism During the Cold War irredentist projects were largely subordinated to the ideological struggle between East and West After the Cold War however the international system has witnessed a proliferation of such conflicts throughout Europe and Asia Ambrosio integrates both domestic and international factors to explain both the initiation and settlement of irredentist conflicts His central argument is that irredentist states confront two potentially contradictory forces domestic nationalism and pressure from the international community Irredentist leaders are forced to reconcile their nationalist policies with pressures from the international plane At the same time irredentist leaders exploit perceived windows of opportunity in pursuit of their nationalist goals Ambrosio examines in depth the past present and possible irredentist projects of Serbia Croatia Hungary and Armenia within a theoretical and comparative framework His conclusions yield significant theoretical findings and important policy implications for both scholars of ethnic conflicts nationalism and international relations and policy makers Introduction to Sociology (with InfoTrac) Henry L. Tischler,2001-12-06 This revised edition of Tischler s INTRODUCTION TO SOCIOLOGY continues a tradition of providing proven textbooks to students and professors at lower prices This value is enhanced with the inclusion of the built in study guide and practice tests The author threads two basic ideas through the text that sociology is a rigorous scientific discipline and that a basic knowledge of sociology is essential for understanding social interaction in many work and social settings Each chapter progresses from a specific to a general analysis of society each part introducing increasingly more comprehensive factors necessary for a broad based understanding of social organization **Forthcoming Books** Rose Arny,2004
