**Race And Place** John W. Frazier, 2019-05-20 This book addresses the issues in an empirical fashion after examining different sociological and geographic perspectives It provides a basic understanding of the multi faceted nature of racial inequalities in urban America both in a broad context and in separate analyses of housing

**Race And Place** John W. Frazier, Florence Margai, Eugene Tetley-fio, 2003-03-18 Racism racial equity and the race place connections related to racial inequalities in the U S are the major themes of this book The long history of U S White racism toward Blacks Hispanics and Asians is deeply rooted in the political socioeconomic and intellectual frameworks of America permitting racial inequities to become expressed as cultural landscapes the places where many racial minorities exist The contemporary geographic patterns of segregation and isolation are different from those of earlier U S history but are equally damning and present extremely difficult challenges for social action in a nation that will change its racial ethnic composition dramatically during the current generation As America changes over the next quarter century the visible and invisible race place inequalities that help define U S urban geography will continue in housing education employment travel requirements shopping choices environmental hazards and other living conditions Minority groups ever increasing in numbers will find inequalities unacceptable How America deals with racial inequalities will likely have consequences for all its citizens

**Race And Place** John W. Frazier, Florence Margai, Eugene Tetley-Fio, 2019-05-20 This book addresses the issues in an empirical fashion after examining different sociological and geographic perspectives It provides a basic understanding of the multi faceted nature of racial inequalities in urban America both in a broad context and in separate analyses of housing

*Race, Ethnicity, and Place in a Changing America* John W. Frazier, Eugene Tetley-Fio, 2006

**Multicultural Geographies** John W. Frazier, Florence M. Margai, 2010-09-01 In an approach that differs from other publications on U S multiculturalism Multicultural Geographies examines the changing patterns of race and ethnicity in the United States from geographical perspectives It reflects the significant contributions made by geographers in recent years to our understanding of the day to day experiences of American minorities and the historical and current processes that account for living spaces persistent patterns of segregation and group inequalities and the complex geographies that continue to evolve at local and regional levels across the country One of the book s underlying themes is the dynamic and complex nature of U S multiculturalism and the academic difficulty in evaluating it from a single viewpoint or theoretical stance As such Multicultural Geographies is derived from the joint efforts of selected scholars to bring together diverse perspectives and approaches in documenting the experiences of American minorities and the issues that affect them

**Atlas of the 2008 Elections** Stanley D. Brunn, Stephen J. Lavin, J. Clark Archer, 2011-07-15 The U S presidential election of 2008 was one of the most significant elections in recent American history Bringing together leading geographers and political scientists this unique atlas analyzes and maps the campaigns primaries general election and key state referenda to provide a rich picture of this watershed event

Illustrated with more than 200 meticulously drawn full color maps the atlas will be an essential reference and a fascinating resource for pundits voters campaign staffs and political junkies alike

**Doing Qualitative Research in Politics** Angela Kachuyevski, Lisa M. Samuel, 2018-03-05 This volume offers unique perspectives on how to engage in methods of inquiry in Political Science Applying the debate in the field over the validity of qualitative methods the authors illustrate how various methodological approaches are both rigorous and empirically rich Each of the chapters consists of a particular methodological approach that offers useful insight into pressing political problems important for policy and for theory building Drawing upon both positivist and interpretive approaches the chapters illustrate how to engage in qualitative research involving case studies content analysis and ethnography each outlining the doing part of research The volume is theoretically thematically and geographically diverse important for students and scholars across the field

We are an Indian Nation Jeffrey P. Shepherd, 2010-04-15 Though not as well known as the U S military campaigns against the Apache the ethnic warfare conducted against indigenous people of the Colorado River basin was equally devastating In less than twenty five years after first encountering Anglos the Hualapais had lost more than half their population and nearly all their land and found themselves consigned to a reservation This book focuses on the historical construction of the Hualapai Nation in the face of modern American colonialism Drawing on archival research interviews and participant observation Jeffrey Shepherd describes how thirteen bands of extended families known as The Pai confronted American colonialism and in the process recast themselves as a modern Indigenous nation Shepherd shows that Hualapai nation building was a complex process shaped by band identities competing visions of the past creative reactions to modernity and resistance to state power He analyzes how the Hualapais transformed an externally imposed tribal identity through nationalist discourses of protecting aboriginal territory and he examines how that discourse strengthened the Hualapais claim to land and water while simultaneously reifying a politicized version of their own history Along the way he sheds new light on familiar topics Indian white conflict the creation of tribal government wage labor federal policy and Native activism by applying theories of race space historical memory and decolonization Drawing on recent work in American Indian history and Native American studies Shepherd shows how the Hualapai have strived to reclaim a distinct identity and culture in the face of ongoing colonialism We Are an Indian Nation is grounded in Hualapai voices and agendas while simultaneously situating their history in the larger tapestry of Native peoples confrontations with colonialism and modernity

**Becoming Creole** Melissa A. Johnson, 2018-11-01 Becoming Creole explores how people become who they are through their relationships with the natural world and it shows how those relationships are also always embedded in processes of racialization that create blackness brownness and whiteness Taking the reader into the lived experience of Afro Caribbean people who call the watery lowlands of Belize home Melissa A Johnson traces Belizean Creole peoples relationships with the plants animals water and soils around them and analyzes how these relationships intersect with transnational racial assemblages She provides a sustained analysis

of how processes of racialization are always present in the entanglements between people and the non human worlds in which they live

**Demonic Grounds** Katherine McKittrick, In a long overdue contribution to geography and social theory Katherine McKittrick offers a new and powerful interpretation of black women s geographic thought In Canada the Caribbean and the United States black women inhabit diasporic locations marked by the legacy of violence and slavery Analyzing diverse literatures and material geographies McKittrick reveals how human geographies are a result of racialized connections and how spaces that are fraught with limitation are underacknowledged but meaningful sites of political opposition Demonic Grounds moves between past and present archives and fiction theory and everyday to focus on places negotiated by black women during and after the transatlantic slave trade Specifically the author addresses the geographic implications of slave auction blocks Harriet Jacobs s attic black Canada and New France as well as the conceptual spaces of feminism and Sylvia Wynter s philosophies Central to McKittrick s argument are the ways in which black women are not passive recipients of their surroundings and how a sense of place relates to the struggle against domination Ultimately McKittrick argues these complex black geographies are alterable and may provide the opportunity for social and cultural

change Katherine McKittrick is assistant professor of women's studies at Queen's University      *The African Diaspora in the United States and Canada at the Dawn of the 21st Century* John W. Frazier, Joe T. Darden, Norah F. Henry, 2010-09-01 Offers important new perspectives on the African diaspora in North America Drawing on the work of social scientists from geographic historical sociological and political science perspectives this volume offers new perspectives on the African diaspora in the United States and Canada It has been approximately four centuries since the first Africans set foot in North America and although it is impossible for any text to capture the complete Black experience on the continent the persistent legacy of Black inequality and the winds of dramatic change are inseparable parts of the current African diaspora experience In addition to comparing and contrasting the experiences and geographic patterns of the African diaspora in the United States and Canada the book also explores important distinctions between the experiences of African Americans and those of more recent African and Afro Caribbean immigrants      *Race, Ethnicity, and Place in a Changing America, Third Edition* John W. Frazier, Eugene L. Tettey-Fio, Norah F. Henry, 2016-12-29 Uses both historical and contemporary case studies to examine how race and ethnicity affect the places we live work and visit This book examines major Hispanic African and Asian diasporas in the continental United States and Puerto Rico from the nineteenth century to the present with particular attention on the diverse ways in which these immigrant groups have shaped and reshaped American places and landscapes Through both historical and contemporary case studies the contributors examine how race and ethnicity affect the places we live work and visit illustrating along the way the behaviors and concepts that comprise the modern ethnic and racial geography of immigrant and minority groups While primarily addressed to students and scholars in the fields of racial and ethnic geography these case studies will be accessible to anyone interested in race place connections race ethnicity boundaries the development of racialization and the complexity of human settlement patterns and landscapes that make up the United States and Puerto Rico Taken together they show how individuals and culture groups through their ideologies social organization and social institutions reflect both local and regional processes of place making and place remaking that occur within and beyond the continental United States      **The Making of Urban America** Raymond A. Mohl, Roger Biles, 2023-10-03 The revised and updated third edition of *The Making of Urban America* includes seven new articles and a richly detailed historiographical essay that discusses the vast urban history literature added to the canon since the publication of the second edition The authors extensively revised introductions and the fifteen reprinted articles trace urban development from the preindustrial city to the twentieth century city With emphasis on the social economic political commercial and cultural aspects of urban history these essays illustrate the growth and change that created modern day urban life Dynamic topics such as technology immigration and ethnicity suburbanization sunbelt cities urban political history and planning and housing are examined *The Making of Urban America* is the only reader available that covers all of U S urban history and that also includes the most recent interpretive scholarship on the subject      **Alabaster Cities** John

Rennie Short,2006-12-05 With keen insight and exhaustive research John Rennie Short narrates the story of urban America from 1950 to the present revealing a compelling portrait of urban transformation Short chronicles the steady rise of urbanization the increasing suburbanization and the sweeping metropolitanization of the U S uncovering the forces behind these shifts and their consequences for American communities Drawing on numerous studies first hand anecdotes census figures and other statistical data Short s work addresses the globalization of U S cities the increased polarization of urban life in the U S the role of civic engagement and the huge role played by the public sector in shaping the character of cities With deft analysis the author weaves together the themes of urban renewal suburbanization and metropolitan fragmentation race and ethnicity and immigration presenting a fascinating and highly readable account of the U S in the second half of the twentieth century
