The Roots of Resilience Meredith L. Weiss, 2020-08-15 In *The Roots of Resilience* Meredith L Weiss examines governance from the ground up in the world's two most enduring electoral authoritarian or hybrid regimes Singapore and Malaysia where politically liberal and authoritarian features blend evading substantive democracy Weiss explains that while key attributes of these regimes differ affecting the scope character and balance among national parties and policies local machines and personalized linkages the similarity in the overall patterns in these countries confirms the salience of those dimensions *The Roots of Resilience* shows that high levels of authoritarian acculturation amplifying the political payoffs of what parties and politicians actually provide their constituents explain why electoral turnover alone is insufficient for real regime change in either state

examination of ethnicity in the postcolonial world offers insights into the ways that ethnic tensions are engendered and sustained Ethnicity Nash suggests is formed by historical processes based on preexisting elements of society and culture Notions of ethnicity have at their core the recursive metaphor of blood bed and cult body substance kinship and religious belief When individuals who perceive themselves bound by these ties are threatened in some way ethnicity becomes a unifying call to action Nash identifies a number of concepts political self rule economic opportunity cultural identity religious freedom that have been rallying cries for ethnic struggles in the twentieth century He offers a novel analysis of the ways that ethnic groups identify themselves and maintain boundaries and he assesses the circumstances under which ethnicity may be relevant or nearly irrelevant to political economic and cultural dynamics Nash presents three case studies that highlight the multifaceted nature of ethnicity and that each demonstrate a particular mode of comparative method He compares a situation of conquest Ladino and Maya in Mexico and Guatemala a new excolonial nation with nearly equally sized groups Chinese and Malays in Malaysia and a small immigrant group in a large nation Jews in the United States pointing out the many possible combinations of political economic or cultural struggles in ethnic conflicts Even in nations where such conflict is minimal Nash warns ethnicity remains a reservoir of turbulence in a world where power wealth and dignity are unevenly and illegitimately distributed

Malaysia Official Year Book, 1975 **Radicals** Syed Aljunied, 2015-05-29 Radicals tells the story of a group of radical Malay men and women from ordinary social backgrounds who chose to oppose foreign rule of their homeland knowing full well that by embarking on this path of resistance they would risk imprisonment or death Their ranks included teachers journalists intellectuals housewives peasants preachers and youths They formed led and contributed to the founding of political parties grassroots organizations unions newspapers periodicals and schools that spread their ideas across the country in the aftermath of the Great Depression when colonialism was at its height and evident in all areas of life in their country But when their efforts to uproot foreign dominance faltered in the face of the sanctions the state imposed upon them some of these radicals chose to take up arms while others engaged in aggressive protests and acts of civil disobedience to

uphold their rights While some died fighting and hundreds were incarcerated many lived to resist colonialism until their country attained its independence in August 1957 all of these Malay radicals were devoted to becoming free men and women and to claiming their right to be treated as equals in a world riddled with prejudice and contradictions Syed Muhd Khairudin Aljunied's innovative study brings to light the less charted and unanalyzed terrain of the radical experience becoming and being radical He argues that the experiences and histories of radicals in colonial Malaya can be elucidated in a more nuanced way by interrogating them alongside evolving local and global circumstances and by analyzing them through the lenses of a set of overarching and interconnected mobilizing concepts a set of ideas visions and notions that the radicals used to reason and justify their advent that were internalized lived and utilized in the course of their activism These mobilizing concepts were their weapons and armor employed to organize strategize protect and consolidate themselves when menaced by the tentacles of the colonial state as they embarked upon the agonizing path towards independence Those interested in Malaysian history colonial history radical movements and resistance groups will enjoy this fascinating study
