**'Race Is Everything'** David Bindman, 2023-07-17 A timely and revealing look at the intertwined histories of science art and racism *Race Is Everything* explores the spurious but influential ideas of so called racial science in the nineteenth and

the first half of the twentieth centuries and how art was affected by it David Bindman looks at race in general but with particular concentration on attitudes toward and representations of people of African and Jewish descent He argues that behind all racial ideas of the period lies the belief that outward appearance and especially skull shape as studied in the pseudoscience of phrenology can be correlated with inner character and intelligence and that these could be used to create a seemingly scientific hierarchy of races The book considers many aspects of these beliefs including the skull as a racial marker ancient Egypt as a precedent for Southern slavery Darwin race and aesthetics the purported Mediterranean race the visual aspects of eugenics and the racial politics of Emil Nolde

#### **80 Old Testament Characters of World History:**

**Chronological, Historical and Archaeological Evidence** Gerard Gertoux,2016-02-27 Despite the fact that the name of many characters mentioned in the Old Testament like David King of Israel have been recently confirmed by archaeology as well as their epoch and the events in which they were involved most archaeologists continue to deny the historicity of the Bible they view as pious fiction or a mythical account They argue that the major events in the Bible such as the victory of Abraham against Chedorlaomer an unknown king of Elam around 2000 BCE the victory of Moses against an unknown Pharaoh around 1500 BCE or the victory of Esther an unknown Persian Queen against an unknown vizier of Xerxes never existed because they left absolutely no evidence They also explain that according to what we know today these events could not have occurred These logical arguments are impressive but a precise chronological analysis based on absolute dates coupled with a rigorous historical investigation shows that all those major events really took place at the dates and places
