movements *Dynasties and Interludes* provides a comprehensive and unique overview of elections and voting in Canada from Confederation to the most recent election Its principal argument is that the Canadian political landscape has consisted of long periods of hegemony of a single party and or leader dynasties punctuated by short sharp disruptions brought about by the sudden rise of new parties leaders or social movements interludes This revised and updated second edition includes an analysis of the results of the 2011 and 2015 federal elections as well as an in depth discussion of the Harper Dynasty The Politics of Race Edward Osei-Kwadwo,2000-09 This book shows how race regimes worked in Canada Australia and the United States **The Schematic State** Debra Thompson,2016-10-20 Invitation Orientation Transnational biological racialism The death and resurrection of race The multicultural moment The multiracial moment The future of counting by race Appendix A List of interviews archival sources **Duty to Dissent** Geoff Keelan,2019-11-01 During the First World War Henri Bourassa fierce Canadian nationalist politician and journalist from Quebec took centre stage in the national debates on Canada s participation in the war its imperial ties to Britain and Canada s place in the world In *Duty to Dissent* Geoff Keelan draws upon Bourassa s voluminous editorials in *Le Devoir* the newspaper he founded in 1910 to trace Bourassa s evolving perspective on the war s meaning and consequences What emerges is not a simplistic sketch of a local journalist engaged in national debates as most English Canadians know him but a fully rendered portrait of a Canadian looking out at the world By situating Bourassa within a larger panorama that connects him to prominent war resisters from around the globe Keelan offers fresh insight into one of Canada s most influential historical figures reshaping our understanding of why Quebec s position on the Great War differed so radically from the rest of Canada *The Moral Foundations of Canadian Federalism* Samuel Victor LaSelva,1996 LaSelva offers a compelling reconsideration of Confederation and of the pivotal role of George Etienne Cartier one of the Fathers of Confederation in both the achievement of confederation and the creation of a distinctively Canadian federalist theory **Girl Trouble** Joan Sangster,2002 The book examines the history of female delinquency in Canada from the initial years of the Juvenile Delinquents Act passed in 1908 to the first major sustained critiques of the Act s usefulness in in the 1960s Three themes are explored What underlying material structures social conditions and class norms shaped the very definition of delinquency under the Juvenile Delinquents Act and how was that definition gendered What were the prescribed legal and social cures for girls wrongdoing and how successful were they Last how did girls and their families understand and react to their designation as delinquent and to their experiences in court probation and training school To understand girls conflicts with the law their delinquency is described within the daily lived economic and social circumstances of their lives and contemporary understandings of normal and deviant behaviour and illustrated by quotations and examples drawn from records and interviews The experiences of Native and immigrant girls are also examined Contours of Canadian Thought A.B. and similar developments presented enormous philosophical challenges to Canadian scientists philosophers and men of letters Their responses many and varied form a central theme in this collection of essays by one of Canada s leading intellectual historians McKillop explores the thought of a number of English Canadian thinkers from the 1860s to the 1920s decades that saw Canada s entry into the modern age We meet Daniel Wilson an educator and ethnologist for whom the pursuit of science was a form of poetic engagement requiring the poet s sensibilities John Watson one of the world s leading exponents of objective idealism whose philosophical premises helped to undermine the very religious tradition he sought to bolster and William Dawson LeSueur an apostle of Positivism whose spirited defence of critical inquiry and evolutionary social ethics led him towards an entirely contradictory position In addition to profiles of individuals McKillop considers the ways in which their ideas operated in the context of Canadian institutions including the universities and the press From these perspectives emerges a detailed analysis of the life of the mind of English Canada in an age of questioning of doubt and of struggle to reorient the intellectual and philosophical positions of a quickly changing society
