Race Riot 1921 Mary E. Jones Parrish, 1998 An excellent book portraying the race riot in 1921 in Tulsa OK involving a backlash of a depressed white population attacking a burgeoning black population over a black boy stepping on a white girl's foot Death in a Promised Land Scott Ellsworth, 1992 Widely believed to be the most extreme incident of white racial violence against African Americans in modern United States history the 1921 Tulsa Race Massacre resulted in the destruction of over one thousand black owned businesses and homes as well as the murder of between fifty and three hundred black residents Exhaustively researched and critically acclaimed Scott Ellsworth's Death in a Promised Land is the definitive account of the Tulsa race riot and its aftermath in which much of the history of the destruction and violence was covered up It is the compelling story of racial ideologies southwestern politics and incendiary journalism and of an embattled black community's struggle to hold onto its land and freedom More than just the chronicle of one of the nation's most devastating racial pogroms this critically acclaimed study of American race relations is above all a gripping story of terror and lawlessness and of courage heroism and human perseverance **The 1921 Tulsa Race Massacre** Karlos K. Hill, 2021-03-18 On the evening of May 31 1921 and in the early morning hours of June 1 several thousand white citizens and authorities violently attacked the African American Greenwood District of Tulsa Oklahoma In the course of some twelve hours of mob violence white Tulsans reduced one of the nation's most prosperous black communities to rubble and killed an estimated 300 people mostly African Americans This richly illustrated volume featuring more than 175 photographs along with oral testimonies shines a new spotlight on the race massacre from the vantage point of its victims and survivors Historian and Black Studies professor Karlos K Hill presents a range of photographs taken before during and after the massacre mostly by white photographers Some of the images are published here for the first time Comparing these photographs to those taken elsewhere in the United States of lynchings the author makes a powerful case for terming the 1921 outbreak not a riot but a massacre White civilians in many cases assisted or condoned by local and state law enforcement perpetuated a systematic and coordinated attack on Black Tulsans and their property Despite all the violence and devastation black Tulsans rebuilt the Greenwood District brick by brick By the mid twentieth century Greenwood had reached a new zenith with nearly 250 Black owned and Black operated businesses Today the citizens of Greenwood with support from the broader community continue to work diligently to revive the neighborhood once known as Black Wall Street As a result Hill asserts the most important legacy of the Tulsa Race Massacre is the grit and resilience of the Black survivors of racist violence The 1921 Tulsa Race Massacre A Photographic History offers a perspective largely missing from other

accounts At once captivating and disturbing it will embolden readers to confront the uncomfortable legacy of racial violence in U S history *Tulsa, 1921* Randy Krehbiel,2019-09-19 In 1921 Tulsa s Greenwood District known then as the nation s Black Wall Street was one of the most prosperous African American communities in the United States But on May 31 of that year a white mob inflamed by rumors that a young Black man had attempted to rape a white teenage girl invaded Greenwood By the end of the following day thousands of homes and businesses lay in ashes and perhaps as many as three hundred people were dead Tulsa 1921 shines new light into the shadows that have long been cast over this extraordinary instance of racial violence With the clarity and descriptive power of a veteran journalist author Randy Krehbiel digs deep into the events and their aftermath and investigates decades old questions about the local culture at the root of what one writer has called a white led pogrom Krehbiel analyzes local newspaper accounts in an unprecedented effort to gain insight into the minds of contemporary Tulsans In the process he considers how the Tulsa World the Tulsa Tribune and other publications contributed to the circumstances that led to the disaster and helped solidify enduring white justifications for it Some historians have dismissed local newspapers as too biased to be of value for an honest account but by contextualizing their reports Krehbiel renders Tulsa s papers an invaluable resource highlighting the influence of news media on our actions in the present and our memories of the past The Tulsa Massacre was a result of racial animosity and mistrust within a culture of political and economic corruption In its wake Black Tulsans were denied redress and even the right to rebuild on their own property yet they ultimately prevailed and even prospered despite systemic racism and the rise during the 1920s of the second Ku Klux Klan As Krehbiel considers the context and consequences of the violence and devastation he asks Has the city indeed the nation exorcised the prejudices that led to this tragedy *The 1921 Tulsa Race Massacre* Chris M. Messer,2021-06-12 This book examines the Tulsa Race Massacre of 1921 perhaps the most lethal and financially devastating instance of collective violence in early twentieth century America The Greenwood district a comparably prosperous black community spanning thirty five city blocks was set afire and destroyed by white rioters This work analyzes the massacre from a sociological perspective extending an integrative approach to studying its causes the organizational responses that followed and the complicated legacy that remains **Built from the Fire** Victor Luckerson,2024-06-04 A multigenerational saga of a family and a community in Tulsa s Greenwood district known as Black Wall Street that in one century survived the 1921 Tulsa Race Massacre urban renewal and gentrification Ambitious absorbing By the end of Luckerson s outstanding book the idea of building something new from the ashes of what has been destroyed becomes comprehensible even hopeful Marcia Chatelain The New York Times WINNER The Dayton Literary Peace Prize The MAAH Stone Book Award The SABEW Best in Business Book Award The Lillian Smith Book Award The Oklahoma Historical Society s E E Dale Award FINALIST The Hurston Wright Legacy Award A NEW YORK TIMES BOOK REVIEW AND WASHINGTON POST BEST BOOK OF THE YEAR When Ed Goodwin moved with his parents to the Greenwood neighborhood in Tulsa Oklahoma his family joined a community soon to

become the center of black life in the West But just a few years later on May 31 1921 the teenaged Ed hid in a bathtub as a white mob descended on his neighborhood laying waste to thirty five blocks and murdering as many as three hundred people in one of the worst acts of racist violence in U S history The Goodwins and their neighbors soon rebuilt the district into a Mecca in Ed s words where nightlife thrived and small businesses flourished Ed bought a newspaper to chronicle Greenwood s resurgence and battles against white bigotry and his son Jim an attorney embodied the family s hopes for the civil rights movement But by the 1970s urban renewal policies had nearly emptied the neighborhood Today the newspaper remains and Ed s granddaughter Regina represents the neighborhood in the Oklahoma state legislature working alongside a new generation of local activists to revive it once again In Built from the Fire journalist Victor Luckerson tells the true story behind a potent national symbol of success and solidarity and weaves an epic tale about a neighborhood that refused more than once to be erased

Never Again! Susan E. Atkins, 2021-10-15 Never Again is a heartbreaking story that brings to life the most heinous atrocity perpetrated by Americans against Americans in US history the Tulsa Race Massacre of 1921 On May 31 and June 1 thousands of drunk armed and newly deputized white citizens invaded Tulsa s thriving Greenwood District murdered an estimated three hundred Blacks tortured

thousands more and incinerated nearly forty square blocks of homes businesses churches and other institutions Susan E Atkins work of historical fiction is also about how this horrific tragedy was condoned by most Tulsa civic leaders and then hidden by them and later generations for many years Never Again recounts in vivid detail how a star crossed interracial couple sparks the Massacre and its immediate aftermath Events are told through the eyes of two fictional best friends soul sisters and courageous fighters for justice Born after the Massacre their timeline extends from late 1921 through 2005 when the two women remain disappointed about the lack of justice for victims of the Massacre and their descendants an appalling circumstance that has yet to be corrected All proceeds from the sale of Never Again will be donated to Greenwood Rising a state of the art interactive exhibition of life before after and since the Massacre in Greenwood the Black Wall Street History Center Archer and Greenwood Avenues in Tulsa Oklahoma **A Lynched Black Wall Street** Jerrolyn S.

Eulinberg,2021-05-13 This book remembers one hundred years since Black Wall Street and it reflects on the 1921 Tulsa Race Massacre Black Wall Street was the most successful Black business district in the United States yet it was isolated from the blooming white oil town of Tulsa Oklahoma because of racism During the early twentieth century African Americans lived in the constant threat of extreme violence by white supremacy lynching and Jim and Jane Crow laws The text explores through a Womanist lens the moral dilemma of Black ontology and the existential crisis of living in America as equal human beings to white Americans This prosperous Black business district and residential community was lynched by white terror hate jealousy and hegemonic power using unjust laws and a legally sanctioned white mob Terrorism operated historically based on the lies of Black inferiority with the support of law and white supremacy Today this same precedence continues to terrorize the life experiences of African Americans The research examines Native Americans and African Americans the Black migration west the role of religion Black women s contributions lynching and the continued resilience of Black Americans

Requiem for the Massacre RJ Young,2023-11-14 NAACP Image Award Nominee for Outstanding Literary Work Non Fiction A Kirkus Reviews Best Book of The Year With journalistic skill heart and hope Requiem for the Massacre reckons with the tension in Tulsa Oklahoma one hundred years after the most infamous act of racial violence in American history More than one hundred years ago the city of Tulsa Oklahoma perpetrated a massacre against its Black residents For generations the true story was ignored covered up and diminished by those in power and in a position to preserve the status quo Blending memoir and immersive journalism RJ Young shows how today Tulsa combats its racist past while remaining all too tolerant of racial injustice Requiem for the Massacre is a cultural excavation of Tulsa one hundred years after one of the worst acts of domestic terrorism in U S history Young focuses on unearthing the narrative surrounding previously all Black Greenwood district while challenging an apocryphal narrative that includes so called Black Wall Street Booker T Washington and Black exceptionalism Young provides a firsthand account of the centennial events commemorating Tulsa s darkest day as the city attempts to reckon with its self image commercialization of its atrocity and the aftermath of the massacre that shows how

things have changed and how they have stayed woefully the same As Tulsa and the United States head into the next one hundred years Young's own reflections thread together the stories of a community and a nation trying to heal and trying to hope

Tulsa, 2021 Randy Krehbiel, 2025-04-15 2021 As the centennial of one of the nation's worst race massacres approached citizens of Tulsa faced the prospect with hope and dread Hope that the anniversary would show Tulsa had changed since that day in 1921 when a white mob left the city's thriving African American Greenwood neighborhood a smoldering ruin Dread that Tulsa's faults would be exposed as never before its racism reinforced rather than mitigated The anniversary in the wake of COVID 19 a combustible presidential visit and a nationwide explosion of racial tension was even more fraught than expected An extraordinary account of a city under inordinate pressure *Tulsa 2021* offers a deeply informed behind the scenes view of how Tulsans and Americans met that moment of crisis and what the experience can tell us about racial politics today Following up on his book *Tulsa 1921* Randy Krehbiel brings a seasoned reporter's keen eye and an insider's understanding to the story of a city contending with racial and urban stresses that are both unique to Oklahoma and indicative of larger trends The conflicts he uncovers were not split entirely along racial lines but often revolved around the power of political messaging to shape public opinion His detailed picture of Tulsa in 2021 reveals how politics unacknowledged racism and fear destroyed or damaged promising relationships between white Republican leaders and Black mostly Democratic Tulsans In 1921 factions of whites and Blacks fought to control the narrative of the Tulsa Race Massacre As *Tulsa 2021* dramatically demonstrates the struggle continues to this day

story ripped from today's headlines *The Ground Breaking* is a page turning reflection on how we as Americans must wrestle with the parts of our history that have been buried for far too long

Dissonant Records Tanya E. Clement, 2024-08-06 How archives obscure recorded media and the case in favor of discovering them Silence is not absence It may be perceived as meaningless or it may not be perceived at all but it takes up space In *Dissonant Records* Tanya Clement makes the case for spoken word audio recordings within the archives She explains why we tend to not use these audio recordings in research what silences exist in the cultural record and what difference it makes when we start to listen From recordings of the survivors of the 1921 Tulsa Massacre to Anne Sexton's recorded therapy sessions Clement illustrates the myriad ways in which our current use of archives precludes the use of invaluable recorded texts Whom what and how are we not studying in our cultural histories Why Clement asks do audio recordings typically garner little interest This book dissects the institutional and disciplinary blockades that discourage the use of spoken word audio recordings in research and teaching while interrogating how institutions and researchers can be selectively biased in favor of print and against the seemingly more ephemeral time based objects of our archives History making is a messy sociotechnical process the author explains and our understanding of culture can only be made better when we listen more closely to the noise
